The Rt. Rev. John Gardner Murray, D. D., Bishop of Maryland, was elected presiding bishop and president of Council of the Protestant Episcopal Church at New Orleans on Wednesday. The new primate is 68 years of age, a native of Maryland and has been a bishop since 1909.

In another column is an announcement of the unveiling of a tablet at Washington College next Thursday. This will be an occasion of more than passing note. The tablet is given by Old Kent Chapter D. A. R. memorializing the fact that on June 24, 1789, George Washington received from Washington College the honorary degree of Doctor of Laws and that this college is the only one to bear his name by his express consent.

CONGRATULATIONS, CHESTERTOWN

Our warmest congratulations are happily tendered our sister school town of Kent, for the success achieved in promoting the Firemen's Carnival, which closed last Saturday night.

We are glad to learn that the efficient fire department of Chestertown has cleared something more than \$5,000 from the fête. That this is more than was expected, speaks well for the spirit of appreciation that was shown by the citizens of both Queen Anne's and Kent, who were liberal in patronizing the affair.

CARD OF APPRECIATION

The Community Fire Company of Millington opened the doors of the new Fire Hall October 10th, for its first public gathering, there being a supper served by the ladies of this town for the benefit of the Fire Company. There was about 300 suppers served and was enjoyed by all, it being a complete success. This success was due to the cheerful givers of the surrounding community and the ladies who prepared it.

Why Worry With Coal

for your furnace with its uncertain heat, soot, ashes and constant work and bother, when you can have a satisfactory oil burner installed complete for less than \$200.00. An oil burner for heating is one of the most essential of all modern home conveniences.

We have heated our large frame house for the past two years with an oil burner in a steam boiler with perfect satisfaction. The owners of ten other homes I installed burners like ours the same fall are all enthusiastic about oil burners, and my wife says she would not take a thousand dollars for ours if she could not get another like it. She never has so bother with the furnace when I am away for a day or more or worry about having plenty of heat all the time.

It is practically noiseless and the oil is very little if any more expensive to use than coal. No janitor is needed to tend the furnace.

I can install one for you and guarantee it to give you heating satisfaction if, after an examination, I find your conditions suitable for oil heating. Phone or write me if interested, giving size of house, make of furnace and average amount of coal used in a season, and I will help you to secure satisfactory heat if possible.
