Squab Turkeys Bring 60c A Pound

New York buyers in the vicinity of Millington are reported to be paying 60c a pound for "squab" turkeys. They are said to be in great demand in large city hotels and in fashionable restaurants. Many farmers reported to be selling the young turkeys at this figure, rather than wait until Thanksgiving and risk an uncertain market and possible low prices. Thousands of young birds have been shipped from Millington neighborhood during the last few weeks.

KIDNEY, BLADDER and PROSTATE TROUBLES. BRIGHT'S DISEASE CURED

The mortality from kidney diseases is on the increase, which proves that no progress has been made in controlling the ravages of kidney diseases in the last 24 years by the use of drugs or patent appliances. There is only one known remedy in the whole world that can cure kidney diseases—and only one, and that is MAGUEY MANSO FINO SAP. The Maguey Manso Fino Plant grows in Mexico; CORTES found it there in 1519. During all these centuries sick visitors from all countries have drank the refreshing sap of the maguey for its marvelous medicinal action. Medical Journals, reports from State Hospitals and reputable physicians tell what maguey sap has done for others—it will do the same for you. Maguey Sap contains Iron, Phosphorus and Lime, minerals so necessary to health, natural growth and repair, which can only be assimilated by the human body when these minerals are in the form nature intended them to be. THESE FACTS HAVE BEEN PROVEN BEYOND DISPUTE. These wonderful minerals in their natural form make Maguey Sap the best tonic known, even without considering the remarkable medicinal elements contained in Maguey Sap that react so favorably on the kidneys, bladder and prostate gland. Further information can be had by sending 4 cents for our illustrated booklet full of interesting facts, symptoms, reports, testimonials, and complete history of Maguey Sap and how it is now possible to ship it to all parts of the world.
