CREPE MYRTLE DRIVE

Planting of 600 crepe myrtle trees along the State highway began a few days ago, under the direction of the Eastern Shore Women's Club, of Northampton county. This club has undertaken to beautify the road from Cape Charles, northward two miles, and from Eastville, southward two miles. The idea of planting myrtle originated with this club a year ago. It will bear the entire cost of the project, which has been accepted by the State Highway Commission, which in every way aiding the work. Wouldn't it be great to have an undertaking like this in Kent! The road to Tolchester Ferry or Rock Hall Ferry or from Galena to Georgetown would make fine places for an experiment.

At the meeting of the committee appointed to investigate the growing of flax held Tuesday, it was decided to postpone action. It was deemed too late to get the acreage required. Also to plant a plot as an experiment and to take the matter under further consideration.

E. T. Othson, of near Kennedyville, has been annoyed recently by raiders.
