When you entertain at home—and the sumptuous feast has been greeted with royal praise by the laughing, pledging friends —have a Camel!

WHEN invited guests come in for dinner. And the festive board resounds with joyous words of friendship. When the primest feast ever served is finished—then, how welcome are those words of hospitality—"*Have a Camel!*"

For no other cigarette was ever so fitly smoked and served to others as Camel. Camel goodness insures a fitting climax to every perfect spread, adds of its own fragrant welcome to every home's bright occasions. Camels are made of the choicest tobaccos grown in all the world. They never tire the taste, never leave a cigaretty after-taste. Fragrance and mellowness have made Camel the greatest word in all the history of smoking.

So this night, as you learn anew the joys of giving happiness to others. As after-dinner laughter rings out through all the house—know then the pleasures of smoking and serving the finest. You may be doubly sure that every good feature is rolled into Camels that anyone ever searched for in a cigarette.

Have a Camel!

Into the making of this one cigarette goes all of the ability of the world's largest organization of expert tobacco men. Nothing is too good for Camels. The choicest Turkish and domestic tobaccos. The most skilful blending. The most scientific package. No other cigarette made is like Camels. No finer cigarette can be made. Camels are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.

Polo Team Gets Challenge

Chestertown is a leader in the sporting world as well as along other lines. Mrs. Richard Carville and Miss Alberta Brice, leading spirits in the organization of a women's polo team in Kent county, have received a challenge from Mrs. Randolph Nicholas, representing the Baltimore Women's Polo team, for a game to be played next spring on a date to be agreed upon by both teams.

Mrs. Carville and Miss Brice have been at work on the organization of a strong team in Kent county, the first on the Eastern Shore of Maryland, and state that the organization is an assured fact.

Six young women of the county have agreed to organize a team, and when weather conditions are favorable they carry their horses through an afternoon of hard training. Miss Brice states that real progress has been made and that the horses are rounding into shape. The women comprising the organization are Mrs. Richard Carville, Misses Alberta Brice, Rachel Willis, Anna Perkins, Rowena Wood and Catherine Wright. They have arranged to finance the team and to make all other necessary arrangements to enable them to accept the challenge of Mrs. Nicholas.

A large field on the farm of Paul C. Massey, near here, has been secured, and every day the members of the team engage in hard practice. It is proposed by the members to employ a competent coach, preferably an army polo coach, who will train the members of the regular team in the art of playing the game scientifically. Mrs. Carville is anxious that the first game between her team and the Baltimore team be played in Chestertown, because the enthusiasm of such a contest here will add interest to the organization and be the means of firmly establishing the sport in the esteem of the people of the county.

Arrangements has been made to purchase mallets and all other equipment necessary for a first class organization, and the matter of accepting the challenge received from Mrs. Nicholas will be taken up with the latter in the hope that the Baltimore contingent will consent to allow the first game to be staged in Chestertown.

It is certain that if the game is played in Chestertown it will be witnessed by a large crowd of society folk from all sections of the Eastern Shore as well as Baltimore, Wilmington and Washington, where the sport is very popular. The horse show held here on Armistice Day was such a wonderful success that its aftermath, the organization of the Shore's first polo team, should prove equally successful. Mrs. Carville says that it is the intenton of the team to arrange games with teams in Washington and Wilmington as well as Baltimore.

SLEEPY AFTER MEALS?

If you will take a teaspoonful of Goff's Bitters in a little water before eating you won't feel heavy and sleepy afterward—no gas—no sour stomach. Prevents acute Indigestion. Mrs. Lyda Covington, New Church, Va. wrote: "I suffered greatly for two years with indigestion. I was asked to try your Herb Bitters, and before taking two bottles I felt like another woman. The relief was wonderful."

QUIT GETTING UP NIGHTS

A Healthy Bladder Acts During the Day.

C. N. Shuman, Republic, Ohio, says: "Before taking Lithiated Buchu (Keller Formula) had to get up six or seven times each night. Now I do not get up at all. You use my name if it would benefit anyone with bladder trouble." Be careful not to take drugs that check the action of the bladder. You may have to continue its use. Lithiated Buchu (Keldurring the day. It cleanses the bladder formula) increases the action during the day. It cleanses the bladder as epsom salts do the bowls driving out foreign matter, neutralizing excess acids, thereby relieving the irritation which causes "Getting Up Nights." The tablets cost 2c each at all drug stores or Keller Laboratory, Mechanicsburg, Ohio. Advt.
