A word from you and we will bring around an Atwater Kent Set and Radio Speaker that will be a revelation. Then, if you decide you like it, we will tell you of a payment plan that is so easy you will wonder why you never had such a set before. Call us today tune in on the world tonight.

DEATH OF MRS. WILSON

Only twelve miles from her destination at Erlanger, N. C., after a motor trip of 1700 miles from Kansas City, Mrs. Anna Turpin Wilson, wife of John E. Wilson, former postmaster of Centreville; daughter of the late Senator W. T. P. Turpin and sister of County Roads Engineer J. R. Turpin, was instantly killed on Thursday morning at 10 o'clock when the automobile in which she was riding with Mrs. Mary Whiting, of Kansas City, turned over.

The C. & P. Telephone Company is being very much censured by subscribers on account of the exchange operators not being permitted to give out any information as to the location of a fire. In the rural district this information is very important as more of the help at farm or village fire is rendered by the community help in conjunction with fire companies work. Most every farmer these days has a telephone and the Telephone Company should be considerate enough to extend this small courtesy in time of fire. The withholding of this information in the large cities is a different proposition, where the crowds are a detriment. It is hoped the Telephone Company will rescind this order so far as the rural districts are concerned.

QUALITY AT LOW COST

State's rights, under which each State would decide for itself its attitude on light wines and beer and other leading issues of the day, furnished the chief plank in the Presidential platform which Governor Albert C. Ritchie, of Maryland, exhibited in Chicago last Friday night at the Jackson Day dinner of the Iroquis Club. Mr. Ritchie declared people in all sections of the country are angered "to the verge of a political revolt over the growing paternalism of the Federal government." He declared the nation is ready to go back to the fundamental principles of democracy sponsored by Andrew Jackson and to decide in accordance with the opinion of its various communities, what constitutes intoxicating liquor within the meaning of the Eighteenth Amendment to the Constitution.

The Maryland Governor's declaration for making state opinion on light wines and beer a paramount issue was given added significance by the prominence with which he has been mentioned recently as a Democratic Presidential possibilty in 1928. The issue of State option on wines and beer is the one on which Illinois Democrats, headed by William L. O'Connell and former Governor Edward F. Dunne, are being organized.
