## EARLY CRABS IN BAY

Reports that myraids of young crabs were seen within a few days in the bay near the mouth of the Choptank river Tuesday aroused State Conservation Commission officials.

The report was made by Capt. W. J. Haddaway, of the State powerboat Queen Anne. It was confirmed by river oystermen.

Appearance of such enormous numbers of young crabs in the bay is regarded as unusual at this season, especially in cold weather. Officials are unable to account for it.

At the same time it was reported that millions of canvassback ducks are alighting at night in the same vicinity. Their presence is accounted for by LeCompte, who said the ducks are on their way to breeding grounds in Canada, where the Dominion has set aside 280,000 square miles for propagation. Even the taking of eggs is prohibited on these grounds.

From the Canadian breeding grounds, officials said, Maryland draws the supply of wild ducks seen here during the ducking season.

## Power Company Reduces The Rates At Millington

Residents of Millington and Massey neighborhoods are interested in the announcement of the Millington Electric Light and Power Company, that rates for lighting have been reduced, and that also there is a distinct possibility that new power lines may soon be extended to Massey.

C. S. Church, proprietor of the Millington plant, has placed in effect the following rates: 18 cents for the first 25 killowat hours; 15 cents for the next 100 and 12 cents for the remainder over 100. The reduction is on the first rate, which formerly was 20 cents. There is minimum charge of $1.80 per month.

The new rates conform to the provisions of the franchise granted the light company when it began operation. Millington citizens are glad to learn that the concern has met with such success that the new rate was made possible. It is stated that serious consideration is being given the idea of extending the lines to Massey nad vicinity.

## MRS. H. H. EVANS HURT ON STREET CAR

Mrs. Henry H. Evans, of Rolph's, is recovering from the effects of a painful injury received in Baltmore recently, when she fell from a street car and tore several ligaments in her left leg between the ankle and knee.

Mr. and Mrs. Evans have been spending the last six weeks in Baltimore, and Mrs. Evans was stepping from a car when her foot became entangled in an automatically closing door. She suffered a severe fall to the street and wrenched her ankle quite seriously.

The injured member has been placed in a cast, and Baltimore specialists are hopeful that a complete recovery will be possible. Mr. and Mrs. Evans are now at their home at Rolph's, where Mr. Evans is planning to launch extensive improvements in his popular summer resort.
