BASE BALL NOTES

High school principals throughout Kent county are working hard to obtain entries for the State-wide baseball contest to be staged among the high schools in the State under the direction of the Playground Athletic League of Maryland.

At the present time it is certain that three of the schools in the county, Galena, Rock Hall and Chestertown, will have representatives in the contest. Efforts are being made to arrange a schedule of games for a county league in which to decide the county winner, which will contest in the elimination scrimmages.

Each of the towns which has decided to get into the State fray is getting together an aggregation of ball tossers which should make an interesting contest for State honors. Galena has gone so far as to employ the services of Hanson Horsey, Eastern Shore League umpire, and Bill Johnson star outfielder on the champion Cambridge team, whose homes are in Galena, as coaches.

Horsey and Johnson are anxious to see their old home town win the State school championship, and they already have collected a team of youngsters who not only are showing the necessary pep, but who can clout the sphere and run the paths with ability. Chestertown, however, is watching developments at Galena and does not mean to be outdone in the race for county honors. Coach Kibler and stars of the Washington College team are giving the Chestertown lads some good advice, and by the time the county league gets under way all three of the teams will be in fine shape for representing Kent county in the State tourney.

Principal Mark Creasy, of the local high school, said that it is hoped to have the league in action with the arrival of baseball weather.

Epsom Salts
Best for Liver and Blood

New Sugar Coated Tablet Form Easy to take—called Dill's Epso-Tabs

The action of Epsom Salts in the human body as a cleanser and purifier has long been known and recognized by the best physicians and hospitals. But on account of the terribly upsetting effect, it has been difficult to get people to take them.

Now science has perfected a sugar coated tablet of Epsom Salts compound. It also has an extra coating of Salol—the great intestinal antiseptic, which quickly exerts a wonderful effect both on the liver and entire intestinal tract.

New fangled physics and habit forming laxatives can now be avoided—their effects have always been doubtful and unsatisfactory.

Just take good old Epsom Salts compound in the new tablet form. Ask your dealer or druggist for Dill's Epso-Tabs. This will insure your getting the genuine Salol coated tablet. The Dill Company, Norristown, Pa.
