DOWNIE BROS. CIRCUS HAS AUTO TROUBLE NEAR BELAIR

A tractor and two trailers belonging to Downie Bros. Circus were wrecked on the Belair - Conwingo road on Wednesday morning of last week as the show was proceeding to Bel Air from Oxford, Pa.

The trailers being drawn by the tractor broke loose while descending a hill, with the result that the tractor was turned over and rolled down an embankment. No one was injured. The wrecked machine was left in Bel Air for repairs.

Mr. Downie reports doing a good business and with the exception of the accident everything is going fine.

IS SENTENCED TO THE PENITENTIARY

There were few dry eyes in the Queen Anne's county court room last Tuesday afternoon, when a sentence of five years in the Maryland Penitentiary was passed by Judge Thos. J. Keating on Adlai Bryan, former local representative of the Metropolitan Life Insurance Company, who was convicted of embezzlement.

Born and reared in the county, and with family connections who are numbered among the most highly esteemed and respected citizens of the county, the young man enjoyed an unsullied reputation for honesty, integrity and industry, until the recent unfortunate trouble in which he became involved.

Judge Keating was visibly affected when he delivered th everdict of the Court, and for a few moments the spectators were stunned as the convicted man's wife fainted. Long ago the young man expressed deep regret for his misstep, and immediately restored the major portion of the money involved in the embezzlement. Attorney J. H. C. Legg was counsel for Bryan; State's Attorney Madison Brown for the State.—Observer.

University to Sell Purebred Ram on Farmers' Day

One of the features of Farmers' Day, May 29th, at the University of Maryland will be an auction sale of purebred rams under the auspices of Maryland Sheep Growers' Association, beginning at 11.30 in the morning. Twenty-five purebred Shropshire rams will be sold separately to the highest cash bidder. Eight of the rams are being consigned by Maryland breeders. Seventeen head of Hampshire rams were included with a shipment of purebred Hampshire ewes which came to the University of Maryland from Lou A. Wilson, Quincy, Mich. The ewes are being retained as an addition to the University flock.

All of these rams are yearlings. They are high class individuals, have been well grown out and will be in good condition on sale day, May 29th. Registration papers will be furnished free with each individual. Each ram is guaranteed to be without known defects. The rams will be care dfor and fed without charge for a reasonable length of time after the sale but will be at the owners risk as soon as sold. Arrangements may be made before sale to have rams crated and delivered to the railroad station for shipment.

This will be an excellent opportunity for the enterprising farmer to buy a good ram to use in the improvement of his flock. The sale will be the first ever promoted by the Maryland Sheep Growers' Association and the number of good quality individuals from which selection can be made is likely to appeal strongly to farmers.

What 30 Years of Cooking taught Mrs. Rorer about Stoves

By MRS. SARAH TYSON RORER
Philadelphia Cooking Expert

"I PREFER oil stoves to any other kind. I speak from the fullness of 30 years' experience with them. Oil is clean, economical, and dependable. It saves a world of work. No coal or wood to carry in, no ashes to carry out. And no dust.

"I have just completed a special experiment on the 1926 model Perfection Oil Stove, testing it under all possible cooking conditions. I cooked many meals in my own kitchen. Every dish was deliciously cooked.

Immediate Cooking

"Steak began to broil and my molasses cake began to rise almost as soon as I lighted the burners. There was no waiting for the heat to 'come up.'

"The bottom of every utensil used in the experiment was as clean as a china dish. No scouring was necessary. Those long Perfection chimneys certainly are insurance against sooty kettles.

All at the Same Time

"I cooked many things at once. For boiling beef I used a very low flame. I French-fried potatoes over a hot flame with yellow tips about 1½ inches high above the blue area. I cooked white sauce over a medium flame.

"I used all grades of heat at the same time satisfactorily. All flames remained steady and even. They did not creep or 'crawl.' This is a real blessing to the cook. She can forget her stove and keep her mind on her cooking.

"Very Well Satisfied"

"Altogether I was very well satisfied with the Perfection Stove. And, my good opinion of oil stoves has increased, if that is possible."

4,500,000 In Use

The other five famous cooks were enthusiastic about the 1926 Perfection, too. And every day 4,500,000 women get real cooking satisfaction from their Perfections. You, too, will get the most cooking satisfaction the year around when you cook on the latest model Perfection.

See the complete line at any dealer's today. All sizes, from a one-burner model at $6.75 to a large, five-burner range at $120.00.

Buy the stove endorsed by Mrs. Rorer and the other five famous cooks, the 1926 Perfection.

MRS. RORER is one of the six famous cooks who just completed a novel cooking test on the Perfection Stove. Others are: Miss Lucy G. Allen, Boston; Miss Margaret Allen Hall, Battle Creek; Miss Rosa Michaelis, New Orleans; Mrs. Kate B. Vaughn, Los Angeles, and Mrs. Belle DeGraf, San Francisco.

Clean, Even Cooking Heat

The long chimneys of the Perfection burn every drop of the oil before it reaches the kettle. Thus you get clean, even cooking heat free from soot and smoke.

You can be doubly sure of this sort of heat when you use a pure water-white Kerosene that burns cleanly, evenly and without odor —"Standard" Kerosene. It is specially refined.

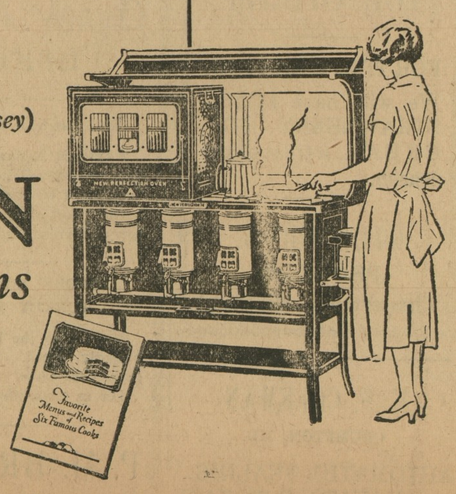

All impurities that might cause smoke or leave deposits of soot are removed. This assures the maximum amount of heat. By sticking to "Standard" Kerosene you are sure of best results from your Perfection. Insist on it. You can buy it anywhere.
