Pupils Treated Against Diphtheria by Dr. Franklin

At the time that pupils in the schools located on and near the State road in Kent county were given the toxin-anti-toxin treatment last February to immunize them against diptheria this treatment could not be given the children in the outlying schools on account of the bad condition of the roads. Dr. J. P. Franklin, Deputy State Health Officer for Cecil, Kent and Queen Anne's counties, is now prepared to extend good work to the schools listed below and will visit there for that purpose on Tuesday, May 18, 1926, to give the first treatment at the time scheduled for each school:

Morgnec	9.00 a. m.
Cherry Lane	9.15 a. m.
Chesterville	9.30 a. m.
Golt	10.00 a. m.
Sassafras	10.15 a. m.
Turner's Creek	10.45 a. m.
Lynch	11.00 a. m.
Janvier	11.15 a. m.
Worton Point	11.30 a. m.
Hanesville	11.45 a. m.
Melitota	11.50 a. m.
Broad Neck	1.00 p. m.
Lankford	1.20 p. m.
Pomona	1.45 p. m.
Quaker Neck	2.00 a. m.
Cliffs	2.15 p. m.
Chestertown	2.45 p. m.

The second and third treatments will be given on the first and second Tuesdays after the above date to those children who take the first treatment on the 18th of the current month.

Not only will those children whose parents requested last winter that they be immunized against diptheria be treated on the dates mentioned but also all other children under 13 years of age, pre-school children and school children, whose parents so desire will be given the treatment. It will not be necessary for the parents to sign the requests for the treatment before they bring their children to the nearest center listed above. That can be done at the time the child is given the first treatment on May 18th.

The work that has been done in Kent county during the past two years along the line of safeguarding children against diptheria has been most successful. It is sincerely hoped that every parent of children under thirteen in the schools named will ask that the toxin-anti-toxin treatment be given his child.

LOUIS C. ROBINSON,
County Superintendent of Schools.

Bank And Its Head Sued For Sum of $40,000

Walter E. Hill, a well-known Kent countian, dealer in electrical appliances, filed in Superior Court, Baltimore, Saturday, suit for $40,000 damages against the Chesapeake Bank of Baltimore, and J. Monroe Holland, its presiednt.

Mr. Hill charges that he was "wantonly and maliciously assaulted" by Mr. Holland in the Chesapeake Bank during the transaction of a business matter.

Mr. Holland was asked if he desired to give his version of the case. He replied:

"The facts are not as stated in the bill of complaint."

Mr. Hill declared that last Saturday he visited the Chesapeake Bank, where he engaged in the transaction of a business deal with Mr. Holland. While he was facing Mr. Holland, the declaration states, the bank president "without any notice or warning deliberately, wantonly and maliciously did make a vicious and brutal assault upon the plaintiff by striking him a severe blow with his fist in the right side of his face and in the right eye."

The declaration alleges that the blow was so severe that the frame of Mr. Hill's eyeglasses was bent and [illegible] face cut. It also declared that the pupil of Mr. Hill's eye was injured, and, as a result, Mr. Hill has been and will be for some time to come deprived of the use of his eye, which was temporarily blinded.

Mr. Hill declared that the assault was "unprovoked, unjustifiable and for the purpose of causing him great bodily harm." He added that the assault was committeed while Mr. Holland was acting in his official capacity as president of the bank engaged in a business transaction.

Suit was filed through Edward L. Ward, attorney.

In the Kitchen with 6 Famous Cooks

BREADS AND BISCUITS AS 3 EXPERT COOKS MAKE THEM

(Ed. Note: This is one of a series of articles on cooking which 6 famous cooks are contributing to this paper.)

Bread can be much more than the uninteresting, prosaic "staff of life." It can be made so delicious that you eat it because you *want* to, not because you think you ought to.

MRS. SARAH T. RORER

Famous cooks have unearthed many delicious bread and biscuit recipes from various parts of the country for you. Follow their recipes for pleasing variety in breads.

Easy Bran Muffins

Mrs. Rorer, the Philadelphia cooking expert, recommends her bran muffins for breakfast. "They are very nutritious and healthful," she says. "One might paraphrase the old saying into 'a bran muffin a day keeps the doctor away.' It would hold just as true.

"These muffins are easily made," she affirms. "Beat one egg, add a cup of milk, a half teaspoon salt, one tablespoonful sugar, and one tablespoonful melted butter. Sift one cupful flour with three level teaspoons baking powder, and bake in a hot oven, in greased gem pans for 20 minutes."

Nuts for Nourishment

Mrs. Rorer has a very appetizing and nourishing nut bread, too. Here's how to make it:

Chop enough pecans to make a half cupful. Put two cupfuls flour in a bowl, add four level teaspoons of baking powder, half a teaspoon salt, and two tablespoonfuls of sugar, and sift. Mix in the nuts. Beat one egg, add one cupful of milk, mix and add the flour. Beat well and turn at once into a greased bread pan.

Let stand 10 minutes. Light oven 3 minutes before bread is light. Bake half an hour at medium heat. Raisins may be substituted for nuts.

Nut bread makes very good sandwiches if spread with butter. Cream cheese may also be used for a simple, delicious filling.

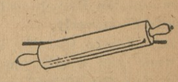

Southern Corn Bread

Corn bread, that favorite of the South, is another nutritious change from the every-day white bread. Made with the recipe of Miss Rosa Michaelis, famous New Orleans cook, it's a welcome part of any meal.

Here are the ingredients:
½ cup of sugar
4 cups cornmeal
1½ teaspoons salt
3 eggs
2 tablespoonfuls baking powder
1½ tablespoonfuls shortening
2 cups water (or milk, or the two mixed)

Sift corn meal, salt, sugar, and baking powder together. Add water or milk. Add yolks of eggs and shortening which has been heated. Add stiffly beaten whites of eggs. Put into a hot greased pan, and bake in hot oven. This can be served with butter or with syrup.

Real Beaten Biscuits

If you have a patient right arm, you are bound to make successful beaten biscuits. This is another old southern recipe of Miss Michaelis'.

1 quart flour
1½ teaspoons of lard
1 pint of milk
1 teaspoon salt

BIG GOING OUT OF BUSINESS SALE

ALL WE HAVE FOR WHAT WE CAN GET

FIXTURES FOR SALE
STORE FOR RENT

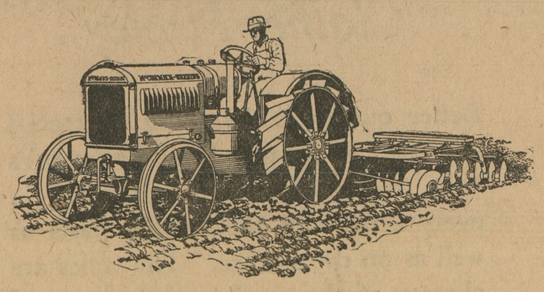

Continues With Many BARGAINS To Be and We Are Sorry, "Indeed"

PROBABLY NEVER AGAIN WILL YOU GET SUCH BARGAINS

NOW IS THE TMIE TO BUY BEFORE WE CLOSE OUR DOORS FOR GOOD

Because everybody did not get waited on when our sale opened Friday. We prepared for a large crowd, but the crowd was bigger than we expected and we were overwhelmed with buyers, the reason was the bargains were bigger than the people expected. Everybody who was here bought to their limit and many went home and borrowed more money and came back and bought more. In the rush and scramble like we had Friday and Saturday the BEST BARGAINS WERE OVERLOOKED and if you come back again we promise you even better and bigger bargains and we will do our utmost to serve you.

Sale Continues Until Everything Is Sold

Successful Farming Is Power Farming!

And McCORMICK-DEERING Plays a Big Part In Such Success

SUCCESSFUL farming is synonymous with MACHINE farming. More than that, it is nowadays the same as POWER farming. Soil culture, fertilization, seed selection, and proper crop rotation are of great importance, but all come to naught in these days of high costs if the practical matter of producing and harvesting crops is not handled swiftly and efficiently.

We are proud of the fact that we are in the business of passing McCormick-Deering Machines on to the men of this community for such swift, efficient operation. Proud, because they are the best and most modern machines it is possible to build. And we sell the McCormick-Deering POWER with which you can operate them to best advantage.

The builders of McCormick-Deering Farm-Operating Equipment have made better and better equipment for 94 years. In the future they will, no doubt, build it still better and more efficienfly. The farmer who is equipping himself for the future as well as for the present, will show his good judgment by standardizing on our service and machines bearing the McCormick-Deering name.

Yours to serve,

JONES & SATTERFIELD
