Epsom Salts Best for Liver and Blood

New Sugar Coated Tablet Form Easy to take—called Dill's Epso-Tabs

The action of Epsom Salts in the human body as a cleanser and purifier has long been known and recognized by the best physicians and hospitals. But on account of the terribly upsetting effect, it has been difficult to get people to take them.

Now science has perfected a sugar coated tablet of Epsom Salts compound. It also has an extra coating of Salol—the great intestinal antiseptic, which quickly exerts a wonderful effect both on the liver and entire intestinal tract.

New fangled physics and habit forming laxatives can now be avoided—their effects have always been doubtful and unsatisfactory.

Just take good old Epsom Salts compound in the new tablet form. Ask your dealer or druggist for Dill's Epso-Tabs. This will insure your getting the genuine Salol coated tablet. The Dill Company, Norristown, Pa.

'THANK YOU, MA'AM'

Betterton extends congratulations and best wishes to Mr. and Mrs. LeRoy Owens.

Miss Ivy Plant has purchased a new Chevrolet coupe.

LINDSAY DAMAGE CASE

An interesting point in the suit of Samuel Lindsay against Harry F. White and the Shore Transit Company was decided by Judge Joseph N. Ulman in the Superior Court of Baltimore, May 15th. This case is a claim for damages against the defendants for causing the death of Harriett Lindsay, when she was struck by one of their trucks on the streets of Chestertown, November 23rd last.

The defendants undertook to settle the case by entering a judgment in their favor on the strength of a release they claimed they had obtained from Samuel Lindsay. The Judge struck this judgment out on the ground that it had been obtained in a loose and irregular manner. The case will be tried now on its merits before a jury at a later date. Lindsay, the plaintiff was represented by Messrs. Morris K. Barroll and John W. Barroll. Wm. Frazier Russell, Jr., and Harrison W. Vickers, Esqs., represented The Shore Transit Co.

CHILDREN'S NURSE RESUMES HER DUTIES

Praises Lydia E. Pinkham's Vegetable Compound

"I have taken Lydia E. Pinkham's Vegetable Compound for some time and I would not be without it in the house. As I am a children's nurse, I have to be on my feet a great deal and your medicine has helped me wonderfully. I was hardly able to do my housework when I began taking it, and now I am a strong and well woman, able to do all that and go out nursing besides. I have also used the Sanative Wash and found it beneficial."—Mrs. Gertrude L. Stewart, 103 Davis St., Greenfield, Mass.

Valuable for Weakness

"I have found Lydia E. Pinkham's Vegetable Compound a valuable medicine for weakness."—Mrs. J. A. Pietsch, Box 397, Lancaster, Pa.

Hundreds of letters like these are received by the Pinkham Medicine Co., Lynn, Mass. Grateful women from Pennsylvania to Washington, from Texas to Illinois and from Rhode Island to Nebraska say that their health has improved since taking Lydia E. Pinkham's Vegetable Compound.

"Have a Camel"

Open one up! The tobacco tells its own story

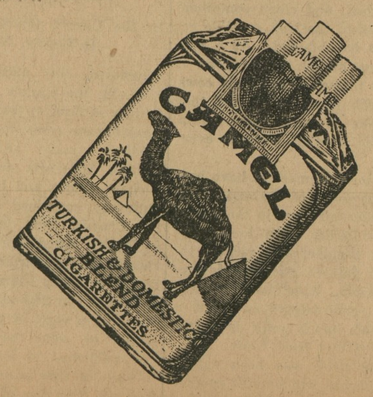

CAMELS are made of the choicest Turkish and Domestic tobaccos grown. To prove what we say about Camel's tobacco quality, make this test:

Take a Camel and any other cigarette. Tear off the papers and place the tobaccos from the two cigarettes in separate piles. Now shake them up and examine the tobaccos. Your own eyes will quickly show you the difference, how the Camel tobacco is longer and of a riper color. Then gather up the two piles separately—and smell them. You will at once notice the rich, fragrant aroma of Camel tobaccos not found in the other.

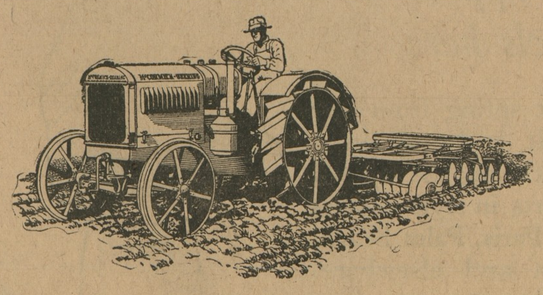

This marked difference is even more apparent when you "taste the smoke." It is solely because of the quality of the tobaccos and the skill of the blending that Camels *never tire the taste, never leave a cigaretty after-taste.*

Camels are so good that we know you will like them. Give them every test known and you will find Camels the highest quality cigarette made, regardless of price. *Have a Camel!*

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

Successful Farming Is Power Farming!

And McCORMICK-DEERING Plays a Big Part In Such Success

SUCCESSFUL farming is synonymous with MACHINE farming. More than that, it is nowadays the same as POWER farming. Soil culture, fertilization, seed selection; and proper crop rotation are of great importance, but all come to naught in these days of high costs if the practical matter of producing and harvesting crops is not handled swiftly and efficiently.

We are proud of the fact that we are in the business of passing McCormick-Deering Machines on to the men of this community for such swift, efficient operation. Proud, because they are the best and most modern machines it is possible to build. And we sell the McCormick-Deering POWER with which you can operate them to best advantage.

The builders of McCormick-Deering Farm-Operating Equipment have made better and better equipment for 94 years. In the future they will, no doubt, build it still better and more efficienfly. The farmer who is equipping himself for the future as well as for the present, will show his good judgment by standardizing on our service and machines bearing the McCormick-Deering name.

Yours to serve,

JONES & SATTERFIELD
Chestertown, Maryland.
