

The Interior of Your Home

interprets your own personality. That is why two houses of exactly the same exterior design have such different atmospheres or influences as soon as one enters them. The intimacy of your home life is expressed in the fixtures, the decorations and the arrangements.

Even the floor plan of the rooms, the modern conveniences, built-in, and the architectural design of the home, are expressions of the individuality of its owner. May we help you in the planning of your new home, to make it practical, economical and enjoyable?

Our New Book of Home Plans

will help you to decide many of the features that give it a touch of the real home spirit, and suggest conveniences that perhaps have not occurred to you. This beautiful book is yours for the asking.

May we see you soon?

A KENT BOY IN DETROIT

Messrs. Editors of Kent News:

Enclosed please find check for paper. Please send to me at the above address. Seems so long since I last saw a Kent paper that I have just got to have one.

Everything seems to be going good here, the factories are doing big work and from all reports this will be a big year in the auto industry. The Buick is building about 1,000 machines a day and are preparing for greater production.

Would sure like to see old Kent again, and walking in your office for a nice little chat.

With best wishes for a most successful year.

Nobody can laugh this off

PRINCE ALBERT has been such a revelation to men who *thought* that they were pipe-happy that *three* pipes are smoked today where *one* was smoked before. That's a fact, Men, just as sure as little bees buzz and polliwogs have tails.

And you don't need a degree from Oxford to figure out the reason: The Prince Albert process cuts out bite and parch pos-i-tive-ly and Prince Albert quality makes it the National Joy Smoke. That means you can cram this fine old favorite into the bowl of your jimmy-pipe and turn on all five tubes . . . go to it any way you please . . . slow or fast, morning to midnight!

Yes, sir! P. A. is the taste-teasingest, tongue-pleasingest tobacco that ever tumbled into a briar. Its smoke is the coolest that ever sifted into your system. Its fragrance keeps honeysuckle and your favorite rose fighting for second place.

Put it on your pad now: You've got a date this very day with the smoke-shop that hands out P. A. sunshine in tidy red tins. Decorate yourself with the degree of P. A., and get the *highest* degree of pleasure out of that old pipe.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!
