The nearest thing to the suit they wore in the old swimming hole——

the Spalding Swimming Suit

THE IDEAL SUIT for swimming is no suit at all.

Nothing to bind—nothing to sag and get soggy—the suit they wore in the old swimming hole.

Next to this—the Spalding Swimming Suit!

You don't know you're wearing it. But other folks do. That's about the only difference.

Reasons for the freedom of the Spalding Swimming Suit? Plenty.

The special Spalding Method of knitting gives it 4 inches more stretch than any other suit.

These extra 4 inches mean that your Spalding Swimming Suit will never be stretched to the limit. Consequently, no binding.

It will never be stretched so far that the life is taken out of the worsted yarn. When the pressure is eased, zip—it's back in the original shape, quicker than thought. No sagging.

Even the stitching—around the neck and rmholes, at the waist, and around the trunks—is done with worsted thread. Springy stitching that doesn't bind—thread that doesn't fade.

Single thickness at the crotch. Plenty of strength, but no bulk.

What we're trying to tell you is that this Spalding Swimming Suit is just as comfortable—fits you just as well—as your own skin.

Bright colors that stay bright. A dash and snap in design as refreshing as salt spray.

Fabric that feels warm and almost dry the minute you're out of the water!

We offer you Spalding swimming attire—for every member of the family—at prices that are most attractive.

How well can you look in a swimming suit? You'll never know until you wear one of these new suits made by Spalding!
