...IONIAL TO DR. J. ROY MICOU

One of the interesting events of the week was the annual dinner and meeting of the Alumni Association, held in the college gymnasium on Saturday evening, following the annual baseball game in the afternoon between the alumni and varsity teams, and President Titsworth's reception to visiting alumni, the Board of Visitors and Governors, the faculty and students, in the gymnasium at 7 o'clock. It assumed the nature of a celebration of the 40 years' connection of Dr. James Roy Micou, vice president of the college, with the institution, and came as a complete surprise to members who had gathered for the occasion. Dr. Micou, who has been connected with the institution for 40 years, was the guest of honor at the banquet, and when T. D. Bowers, president of the association, who presided, introduced Dr. Micou, and stated the nature of the celebration, there was great applause for the beloved teacher. A resolution offered by the executive committee of the association provided for the creation of a fund to be known as the "James Roy Micou Library Fund," the income from which is to be used by Dr. Micou during his life time in the purchase of new books for the college library, of his own selection, was unanimously carried, and a committee of representative alumni was appointed to devise ways and means of raising the fund with authority to report at the next meeting of the association.

Eulogistic addresses were delivered by President Titsworth, Dr. Albertus Perry, present vice president, Prof. Roland Watts, a former member of the college faculty, Prof. Thos. Garey, of Baltimore, W. Lester Baldwin, of Baltimore. Dr. Micuo feelingly responded to the eulogies and expressed his very great appreciation of honor conferred upon him. Rev. Zack Wells, pastor of New Castle M. E. Church, added much to the pleasure of the occasion by his keen use of humor.

The committee, which will report at the next meeting, was appointed as follows: Col. Hiram S. Brown, of New York; John I. Coulbourne, of Philadelphia; Senator Dudley G. Roe, of Centreville; Dr. Thomas G. Garey, of Baltimore, and Dean J. S. Wm. Jones, of the college faculty.

At the election of officers, Dr. H. V. Holloway, State School Superintendent of Delaware, was elected president of the general alumni association; Dr. Thomas F. Geary, of Baltimore, vice president; Dr. J. S. Wm. Jones, secretary and treasurer; Rudolph F. Tull, of Philadelphia, and C. Norman Jefferson, of Easton, Md., members of the executive committee.

MASSEY TRIMS KENNEDYVILLE

Massey's crack base ball team defeated Worton in fine style last Saturday. Massey made it two straight over Kennedyville by taking the second game of the series 13 to 6. Joe Peacock, Massey's star center fielder, and recently appointed manager, set his team-mates an example by ramming out two triples, a double and a single in six times up. Both teams played a good game.

Groff ran his strike out record to fifty. He acquired these in five games giving him an average of ten to the game.

Spectacular catches by G. Newnam, Moffett and Peacock, robbed Kennedyville of three more safeties while like catches by Hill, Archibald and Urie kept Massey out of three. Peacock jumped from third into the lead in club hitting. Their averages are: Peacock, .495; Rowan, .435; Groff, .423; Haley, .379; Moffett, .375; Gibbs, .364; L. Newnam, .292; G. Newnam, .261; Pinder, .215. Club average .362.

The new and magical MOTOR FUEL

IT'S ESSO—better than the very best motor fuel you've ever used.

It's ESSO—developed by the Standard Oil Company (N. J.) from its fifty-six years of refining experience.

ESSO is more than gasoline. It is a custom-built fuel which not only adds new power to the motor, but endows it with new life and longer life.

What does ESSO do?

First of all, ESSO is more powerful than any other motor fuel. It eliminates knocks. It unleashes the latent power of your motor and lets it develop its full rated horse-power.

And ESSO has *pick-up*—such a pick-up as you've dreamed of! Yet ESSO has something more than pick-up. It has the extra power that will enable you to take the long tough hills on high.

Test ESSO! Start clean with a tankful. Choose your favorite and most difficult hill. Feel ESSO put two extra cylinders in your engine. Judge it by any standard of performance that you know, and then you will realize that we have not in any way over-stated the magical properties of ESSO.

Red in Color. Packed with Power. Costs 5c more—worth it.

"Standard" Gasoline
is the ideal fuel for normal requirements

ESSO is manufactured to meet the following *special conditions:*

1. For motors that knock.
2. For motors with excessive carbon.
3. For high compression motors.
4. For motors which from long use no longer develop full power.
5. For motors operating under excessive loads.
6. For any motor from which the driver demands extra power and performance.

What the consistent use of Esso gives

1. All your motor's power—and no knocks.
2. Greater flexibility — less gear shifting.
3. Freedom from use of choke—no crankcase dilution.
4. Quick start—lightning fast.
5. Instant pick-up—quick as a cat.
6. Speed and pull for the long hard hills.
7. New and longer life to the engine.
