The severe storm and cloud burst of Tuesday evening did much damage to the roads and held up traffic. Many people sat along the road in cars. Small streams were so swollen as to be impassable. We understand that seven cars were stalled near town in the same branch and that the folks had some thrilling experiences wading around looking for bridges, and getting out of washes, but no one was hurt and all finally came thru.

The new concrete Bridge at Davis Hill was washed out thus stopping all traffic down that road.

A Dependable Water Supply Is Mighty Important In Hot Summer Weather—Better Let a McCormick-Deering Engine Do The Pumping This Year!

A Size for Every Job!

In the illustration above we show the 1½ h. p. McCormick-Deering Engine—a very popular size for water pumping, churning, washing, separating milk, cleaning grain, etc. For heavier jobs we sell McCormick-Deering Engines in 3, 6, and 10 h. p. sizes.

McCormick-Deering Engines are built with removable cylinders, high-tension magnetos, efficient fuel mixers, enclosed crankcases, etc. We cannot speak too highly of their quality, economy and dependability.

"STANDARD" GASOLINE

ALWAYS DEPENDABLE

There never was a smoke so pleasing as Camel

IN LIFE'S supreme moments no cigarette can compare with Camel. No other cigarette ever was made so good, for Camel excellence is the result of skill. Skill in finding the world's choicest tobaccos—in blending, as only the world's largest organization of experts can.

From the beginning Camel took its stand on the quality platform, and nothing could ever induce its makers to change Camel tobaccos. No expense is spared, no care is too great to make Camel the world's most satisfying smoke, regardless of price.

In popularity with smokers, no cigarette made can touch Camels. Camel quality has been rewarded with the greatest demand, the largest sales any cigarette ever enjoyed. Since smoking began, there was never such a growing preference as for Camels. Camel rewards its friends with enjoyment that never ends, for Camels never tire the taste, simply never leave a cigaretty after-taste.

If you have never tried Camels, if you do not know how good, how satisfying a cigarette can be, we invite you to try them now for the utmost in smoking pleasure. Have the best that's made—we invite you—

Have a Camel!
