U. OF M. TO HOLD MINISTER'S SCHOOL

CONFERENCE FOR HEADS OF CHURCHES IN MARYLAND TO TAKE PLACE JULY 12-23

Rural Life Problems Subject Of Discussion

A Rural Life School for Ministers will be held at the University of Maryland at College Park from July 12 to July 23, inclusive. Announcements were sent out sometime ago and it is expected that ministers from all sections of the state will be in attendance.

Fifteen persons of prominence, all authorities in their line, have been obtained as special lecturers. These are in addition to the twenty-two members of the faculty of the University who will have places on the program. All phases of rural life and its problems will be taken up with discussions covering such fields as agricultural economics, rural sociology, farm organizations and the like.

Maryland is merely reviving work that was done prior to the World War, as the State was one of the first to launch such a movement. Such schools were conducted with marked success in 1914, 15, 16 and 17, proving not only highly popular but extremely valuable.

Dr. H. J. Patterson, dean of the College of Agriculture and Director of the Experiment Station, who will direct the Rural Life School for Ministers, always has been interested in improving conditions of living in the country. His connection with the Experiment Station since 1898 has given him the opportunity of fostering improved methods of farming and the betterment of agricultural production throughout the State. He has been a leader in organization activities, at one time being master of the Maryland State Grange, and at present is connected with a large number of organizations having as their aim the material, spiritual, social and economic advancement of the rural people.

Monday, July 12, will be given over to registering, a reception and an address of welcome by Dr. Patterson. Sessions will begin on July 13 and there will be classes, both morning and afternoon, with the exception of Saturday afternoon and Sunday, to July 22, inclusive. Friday, July 23, will be given over to a general conference at which time the ministers, their families and friends will be the guests of the University for the day.

During the sessions of the Rural Life School all the conveniences the University possesses will be placed at the disposal of the ministers.

Special lecturers who will give talks at the session are:

Dr. R. H. Riley, Maryland State Department of Health.

J. D. Blackwell, Director of Vocational Education, State Department of Education.

A. G. Ensor, Master of the State Grange.

M. M. Stewart, Secretary-Treasurer, Maryland Farm Bureau Federation.

Rev. C. W. Whitmore, Rector, The Associated Parishes, St. Mary's County, Maryland.

S. W. Mendum, Bureau of Agricultural Economics, U. S. Department of Agriculture.

Miss Hildegarde Kneeland, Bureau of Home Economics, U. S. Department of Agriculture.

C. W. Warburton, Director of Extension Service, U. S. Department of Agriculture.

J. C. Gilbert, Bureau of Agricultural Economics, U. S. Department of Agriculture.

W. F. Callander, Senior Statistician in charge of Division of Crop and Live Stock Estimates, U. S. Department of Agriculture.

Nicholas Orem, Superintendent of Schools, Prince George's County, Maryland.

M. C. Betts, Architect, Bureau of Public Roads, U. S. Department of Agriculture.

Rev. W. Howard Bishop, Director, League of the Little Flower, Archdiocese of Baltimore.

Rev. Earl A. Roadman, Pastor Grace Methodist Episcopal Church, Waterloo, Iowa.

Rev. Homer J. Councilor, Calvary Baptist Church, Washington, D. C.

Jared Van Wagenen, Jr., Farmer, Lawgersville, N. Y.

Rev. W. A. Eisenberger, Church of the Covenant, Washington, D. C.

Members of the University Staff, in addition to Dr. Patterson, who will serve are:

Dr. T. B. Symons, Director of the Extension Service.

H. F. Cotterman, Professor of Agricultural Education and Associate Dean, College of Education.

Dr. S. H. DeVault, Agricultural Economist.

E. N. Cory, Professor of Entomology, State Entomologist.

Dr. DeVoe Meade, Professor of Animal Husbandry.

Dr. W. T. L. Taliaferro, Professor of Farm Management.

Codfish Balls

Wash one-half pound of salt codfish and cut into small pieces using kitchen scissors to make one cupful. Wash and pare potatoes and cut into pieces the size of an English walnut to make one and one-half pints. Cook the fish and potatoes together in boiling water until potatoes are soft.

Drain thoroughly through a strainer, return to kettle and shake over the fire until the moisture is evaporated. Mash thoroughly, add one-half tablespoonful of butter, one egg well beaten and one-fourth teaspoon of pepper. Beat well with a fork to make fluffy and add salt if necessary. Drop by spoonfuls into deep fat and fry.

Pumpkin Pie

Pumpkin pie when made right is a real delicacy. And this recipe for it is especially good. For a more elaborate dish it may be served with whipped cream.

For the pastry, measure two cups of flour unsifted and sift with one-half teaspoon of salt. Cut in, using two knives, three-fourths cup of lard. Add three-fourths cup of medium cream mixing with a knife. Chill before using.

For the filling, mix one and one-half cups of cooked and sifted pumpkin, with two-thirds cup of white sugar, one teaspoon of grated nutmeg, one-half teaspoon of salt, two eggs slightly beaten and two cups of milk or if liked rich, use part cream.

Nice Brown Doughnuts

Try frying sour milk doughnuts according to this good New England recipe of Miss Allen's. The kitchen will be a most attractive place to all members of the family when they smell these tempting doughnuts.

Beat until light one whole egg and one egg yolk, add gradually three-fourths cup of sugar, beating all the time. Mix three-fourths teaspoon of salt, one teaspoon of grated nutmeg and two cups of flour.

Mix one half teaspoon of soda with one half cup of sour milk having the milk rather rich. Add milk and flour alternately to the egg mixture, roll and pat out, handling as little as possible, then cut and fry in deep fat.

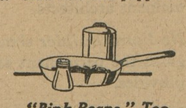

Delicious String Beans

Here's a new way to prepare string beans—a la Ayre. Use 1½ pounds string beans or green beans, 3 eggs, and 2 teaspoons cornstarch.

Cook string beans until tender. Separate into bundles of eight or ten. Make batter by beating whites of eggs until stiff. Add slightly beaten yolks. Continue to beat, adding cornstarch. Place a bundle of beans on a large tablespoon and place in batter, working batter around the beans with the spoon. Fry in hot fat until brown on all sides. Serve with the following sauce:

1 teaspoon shortening
1 teaspoon garlic
1 teaspoon chopped onion
1 small tomato
1 teaspoon cornstarch,
salt, pepper, and sugar

Melt shortening in frying pan and cook for a few minutes. Add the tomato chopped fine, and cook until almost dry. Add cornstarch and enough water to make a smooth sauce. Add salt and pepper.

"Pink Beans," Too

"Pink beans" (kidney beans) are very filling. Their Mexican name is "refritos." Take one pound of them, 2 teaspoons salt, 4 tablespoons fat, 2 ounces of cheese, and 2 small Mexican sausages.

Wash beans well, and cook with enough water to cover well. Boil about 2 hours. When adding more water be sure to add cold. When beans begin to get soft add the salt. When mealy and tender, drain juice from them, setting juice to one side.

Melt fat in frying pan. Add cheese and skinned, chopped sausages. Fry one minute, then remove to dish temporarily. In the same frying pan pour beans and fry for three minutes. Mash, add the cheese and sausages, juice from beans, and mix thoroughly.

"You will find these dishes very appetizing," Mrs. Vaughn says.
