You can always count on P.A.

THERE'S something very solid and substantial about Prince Albert. Dependable . . . as a good friend *should* be. Uniformly mild and mellow. It always tastes the same—which means that it always tastes great! The reason for all this is the excellent *quality* of the tobacco.

Prince Albert quality has made this one brand the most popular among pipe-lovers; has earned for it the title of the National Joy Smoke. Get yourself a tidy red tin of P. A. today at the nearest P. A.-sunshine shop and know for yourself what a grand and glorious smoke it is.

The very first pull will tell you that Prince Albert was *made* for you. Cool, as a breeze off the water is cool. Sweet, with the uncloying sweetness of sun-ripened fruit. Fragrant, as flowers are fragrant. Fragrant in the tin and fragrant in the bowl of your pipe.

Men who thought they were all set on smokes have tried Prince Albert and become converts from the very first puff. There's a bare possibility that you have been fooling yourself. The pleasure you'll get from a jimmy-pipe and P. A. will top any you *think* you're getting now!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.
