WHO'S WHO IN THIS CAMPAIGN

J THOMAS HADAWAY

Next to the State's Attorney and the Court in importance in enforcing the law, comes that of the Sheriff. THE Organization presents that fighter, J. Thomas Hadaway, who has proven by past two terms that he knows how to conduct the sheriff's office. He is of good old-time Democratic stock and will give to the office his best service.

DR. EDW. A. SCOTT, J. H. THOMPSON JAMES H. GROVES

Continuing the references to the men on THE Organization ticket, we come to that important office of Judge of the Orphans. For this position the News recommends heartily Dr. Edward A. Scott, of Galena, J. Henry Thompson, of Rock Hall, and James H. Groves, of Kennedyville, as Judges of this Court. Dr. Scott's fitness is so well recognized that the Antis have endorsed his candidacy. For his associates, J. Henry Thompson and James H. Groves are well and favorably known to the voters. Mr. Thompson has served the public faithfully with Dr. Scott and is better fitted because of this service to handle the public's business. He will add strength to the Democratic ticket. James H. Groves has been farming in Kent for many years while he and his people are Democrats of long standing. He is a man of good judgment and will give to the Court his earnest, honest and undivided attention.

STATE CENTRAL COMMITTEE

The State Central Committee is the head of the party, has charge of the details of registration and of managing in a general way the affairs of the Democratic party in Kent. For this important position THE Organization presents the following splendid candidates: Mrs. Ella M. Thomas, Rock Hall; Mrs. Pricie M. Watson, Fairlee; Mrs. Jennie B. Whaland, Chestertown; Elmer S. Jarman, Galena; George R. Rasin, Kennedyville; Charles F. Wheatley, Chestertown. The voters may rest assured that these men and ladies will give the party good management.

DELEGATES TO STATE CONVENTION

For Delegates to State Convention THE Organization have three men hard to excel—Charles L. Dodd, Robert R. Walbert and Morris H. Cooper. These are the cap sheaf to the elegant array of candidates presented to the voters in the Democratic Primaries to be held September 14th.

PEACH DAY JULY 30

Berlin is expecting to entertain more than 3,000 persons at the meeting of Maryland's two horticulture societies on July 30. Senator Orlando Harrison, who will be the host of the Maryland Horticulture and the Peninsula Horticulture Societies on that day, says that Delaware has promised to send at least 1,000 and he is expecting that many each from Virginia and Maryland. Harrison's Nurseries will entertain the Maryland florists on July 29, and it is expected a large number of these will remain over for the horticultural meeting. The program, in addition to the sessions of the two societies, will embrace tours of the orchards, lunches and a social affair at Ocean City Friday evening. Visits will be made to the Samuel Riddle stock farm. Gov. Ritchie and Gov. Robinson, of Delaware, have accepted invitations to attend and Gov. Byrd will be there if he can arrange his affairs at Richmond. At the time of the meeting peaches will be at their best. Visitors will be shown the picking, grading under State and Federal supervision and packing of the crop.

RESOLUTIONS OF RESPECT

MRS. LAVINIA B. HARPER,
MRS. SARAH B. PARROTT,

The primary elections will be held Tuesday, September 14th.

Kent county was swept by a severe electrical and wind storm Sunday night and the roads was strewn with fallen trees. The Chestertown public square was covered with large tree branches. The northern section of the county was hard hit by the storm which blew over telephone poles, trees and small sheds. The section about Betterton seemed to be the centre of the storm.

UPSHUR FOR CONGRESS

FRANKLIN UPSHUR GIVEN ENDORSEMENT BY SENATOR BRUCE

Worcester Countian, Representative From Our District, Is Praised On Stand Taken In Platform

IS FRIEND OF THE FARMER AND FRIEND OF TRUE TEMPERANCE

Cordial indorsement of the candidacy of Franklin Upshur, of Worcester County, for the Democratic nomination for Representative from the First Congressional District is expressed in a letter made public from United States Senator William Cabel Bruce to Mr. Upshur.

Mr. Upshur, running upon a platform which stands for a square deal to Eastern Shore Farmers in matters of Tariff, especially on canned tomatoes which affects the price of tomatoes to the farmer; for modification of the 18th Amendment in the interest of true temperance; for the elimination of the liquor question forever from politics; against the needless spending of moneys from Maryland taxpayers pockets for Federal officials salaries and benefit of other States; and forever against the return of the saloon, announced his candidacy on July 2nd.

Senator Bruce's letter follows:

"I have just returned from Washington after the adjournment of Congress, and I wish to express the pleasure that I experienced in reading the announcement of your candidacy for Congress. It was admirably phrased, in my opinion, and especially glad was I to see that you agree with me in thinking that our effort should be not to secure the repeal of the Eighteenth Amendment, but its modification.

"When the log splits under our maul, as it undoubtedly will, in time, that is the grain along which it will do so. An out and out proposal to repeal the Eighteenth Amendment in toto at once suggests the possibility of a return to the saloon conditions which preceded the adoption of the Eighteenth Amendment, and implacably hostile as I am to national prohibition, I am not willing to run any risk of that.

"The Eighteenth Amendment should not be repealed, but should be so amended as to conserve all the net moral gain that has resulted from the long struggle for temperance in this country, and at the same time to bring to an end the intolerable scandals and abuses which have resulted from such a gross and unworkable violation of human nature, including the human reason, as national prohibition.

"The best system for regulating the liquor traffic in force anywhere in the world today is, in my judgment, the Quebec system of liquor control.

"It is compounded, as you know, partly of Government supervision and control and partly of local option and has worked most satisfactorily in reducing drunkenness and in substituting the use of wine and beer for spirits.

"That this wise and beneficent system of regulation will, in the course of a few years more, be adopted by the American people, I entertain no doubt, unless between the facility with which drink can be illicitly purchased by all who have the money to buy and the facility with which it can be made in the home by all who are not so fortunate, the American people shall give another proof of their bad habit of allowing obnoxious laws to fall into what Grover Cleveland used to call 'innocuous desuetude' instead of repealing them."
