NEW PROFESSOR OF PHYSICS AT COLLEGE

Dr. Charles D. Miller has been elected to the professorship of physics in Washington College. His appointment marks another very definite advance for Washington in the Department of Science.

Born in Minneapolis, the son of a newspaper man, brought up in New Hampshire, he was graduated at the University of Richmond, in Virginia, with Bachelor of Science degree in 1910.

Between 1910 and 1912 he worked as draftsman for Babcock & Wilcox Company of Bayonne, New Jersey. He entered the graduate school of the University of Chicago in 1912 matriculating in physics as his major subject. He received his Ph.D. in 1916. During the time of his graduate work he assisted in the University laboratory and did considerable teaching. In the summerfollowing his getting of the doctorate he was full-time instructor at the University.

In the late summer of 1917 he was commissioned First Lieutenant in the Ordinance Department of the United States Army and detailed to Washington where he remained in service until 1919. While in this department he was connected with the design of certain special shells for artillery, such as the anti-air-craft tracer and incendiary shells.

In the fall of 1920 he went to the University of Manitoba, Canada, as assistant professor of physics where he stayed until 1924. Since 1924 he has been commercially interested in the problem of reclaiming oil from crank case drainings. This past year he has been at the Alabama Polytechnic Institute as associate engineer where he continued his work in the study of lubricating oil.

Dr. Miller has published a number of articles in technical journals on lubricating oil.

He comes highly recommended and he should be fitted to put the department of physics on a new plane of service to the college and its students.

KENT COUNTY HORSE SHOW AUGUST 26

The classes at The Kent County Horse Show on August 26, will be as follows:

1. Saddle ponies under 13 hands. This class is open to all.

2. Children's Jumping Horses. Four jumps two and a half feet high. To be ridden by children from Kent and Queen Anne's Counties. These children must be under 15 years old. The horses in this class cannot be entered in higher jumping classes.

3. Polo Ponies. Open to all. To be shown with mallets. Conformation, manners and performance to count.

4. Green Hunters. Four jumps 3 feet high. For horses that have never won a blue ribbon. Performance only to count. Horses in this class can not go in higher jumping classes.

5. Local Saddle Horses. Conformation 25 per cent. performance and manners 75 per cent. Horses in this class must be owned by a resident of Kent or Queen Anne's County and must have been stabled in one of these counties at least 60 days prior to the Show.

6. Handy Hunters. Open to all. Trot to first jump and jump it. Go to second stop horse and let top rail down on one end with hand while still sitting on the horse, jump over the other rails turn horse around and replace top rail while still sitting on horse. Go to third jump dismount and lead horse over it. Remount and take fourth jump at a gallop.

7. Local Hunters. Four jumps 4 feet high. Performance only to count Horses in this class must be owned by a resident of Kent or Queen Anne counties, and must have been stabled in one of these ocounties at least 60 days prior to the Show.

8. Open Hunters. 4½ feet jumps. Open to all. Conformation 25 per cent. Manners and performance 75 per cent.

Events To Take Place After the Ring Classes Are Over.

Flat Race for Kent and Queen Anne's County Horses. One mile. Mule Race. Open to all.

Point to Point Race. At least six must enter and four must start for this race to be run. Entries for this race must be sent to the secretary, Howard B. Strong, on or before Aug. 19, that is one week before the Show.

Drag for Fox Hounds. A drag of fox cent will be laid over a course of about two miles. No man can enter more than two hounds. Each man must take care of his own hounds, as no hounds will be allowed loose until this event starts. Only officials will be allowed to follow the hounds on horse back.

No entrance fees for any events.

REG. HOLSTEIN BULLS FOR SALE

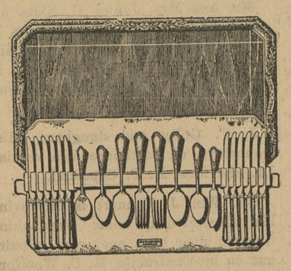

We made the prediction last year that good bulls of serviceable age would be scarce this year. If you do not believe they are, go out and try to buy a T. B. tested bull old enough for service. They will be harder to find next year. We have several born last October and November that will be ready for service this fall.

Kennedyville, Md.

IN MEMORIAM

In loving remembrance of our dear son and brother, A. Merritt Collison, who died one year ago July 28, 1925.
He bade no one a last farewell,
He waved his hand to none,
His spirit fled before we knew
That he from us had gone.
By his Mother, Father and Sister

P.A.
was a revelation to me!

FOR a long time, I wouldn't admit that anybody could tell me anything about tobacco. I was satisfied with the brand I was smoking. At least, I *thought* I was. And then one day, I borrowed a pipeload of Prince Albert from a fellow passenger in the smoking-car.

To make a long story short, that experience revised all my previous notions about tobacco. The very first puff told me that I had been missing something good up till that moment. It was cool and refreshing as a breath of mountain air. It was sweet and fragrant.

I was ready to admit right then and there that you *can* teach an old dog new smoke-tricks. When the train pulled in at the station, I bought me a tidy red tin of P. A. for myself. Since then, I've thrown away enough empties to make a fair-sized tin garage.

Maybe you think that *you* are all set on a smoke-program. I just want to leave this thought with you: until you have smoked P. A., you have no idea of how that old pipe of yours can perform with *real* tobacco. Give Prince Albert a chance in your jimmy-pipe.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT
the National Joy Smoke
