LOWER TAXES THE ISSUE

THE Organization in Kent County in its Principals published in the Kent News recently covered the important matters involved in this campaign. In the 6th plank of this platform is sufficient reason for the nomination of every man on this ticket. It states:

"A business administration in every department of county government that will insure the lowest possible tax-rate consistent with sound business."

The Board of County Commissioners by their past action have proven their claims to support of every voter. Kent County today stands out prominent among the other counties of the Peninsula and State as having one of the lowest tax rates nor have the Commissioners been negligent in providing for the needs of the county. Look over this partial list on the Shore. It is all we have in hand:

Kent	$1.31
Cecil	1.50
Worcester	1.40
Queen Anne's	1.47
Caroline	1.60
Somerset	1.68

This issue is not simply an argument for the future. For lower taxes can be and HAVE BEEN MADE AN ACCOMPLISHED FACT. The renomination and re-election of S. J. JOHNSON, T. RINGGOLD JONES and CAPT. WM. H. COOPER as Commissioners is a guarantee of continued good management and the prospect now is for even further reduction in the tax-rate next year.

TAXATION is one of the biggest and most vital problems confronting the American people today, whether you are talking about the county, State or Nation.

THE Democratic Organization candidates are interested in this matter and are determined to keep up the excellent record won by the men in office in relieving the people of unnecessary burdens. People are more interested in a reduction of the tax-rate than the success of any political faction, and, believing this THE Organization candidates stand firmly back of this plank and mean to carry it through.

This pledge will be backed and aided by hundreds of citizens and business men in all walks of life who are ready to rally to the standard of lower taxes, when such a decrease in government costs is accomplished without affecting any improvement of governmental efficiency.

oo

MARYLAND DAY AT SESQUI

Friday, August 27, 1926, will be Maryland Day at the Philadelphia Sesqui-Centennial. This day will be the anniversary of the Battle of Long Island, in which Maryland troops played an important and decisive part. The program is in charge of A. S. Goldsborough, one of Maryland's two representatives on the Centennial Advisory Board, and elaborate preparations are under way to make the exercises a credit to the State.

Governor Ritchie accompanied by Adjutant General Reckord and his military staff will be present.

The Governor has requested the County Commissioners of each county to appoint from five to ten representatives who will wear colonial costumes and act as a special escort to the Governor when he delivers his address in the Court of Honor..

The Pennsylvania Railroad will provide excursion rates for the Eastern Shore.

The committee named from Kent is as follows: Mrs. Wm. G. Smyth, Mrs. Wm. T. Brown, Mrs. T. C. Cruickshank, Mrs. Walter T. Morris, Misses Emma Knight, Mary Nicholson, Carolyn Stevens, Lillian T. Brown.

The following marriage license was issued in Worcester county the latter part of July to Robert Todd Beauchamp, Georgetown, Del., and Helen Elizabeth Cook, Baltimore, Md. Mr. Beauchamp is the son of Rev. T. F. Beauchamp, former pastor of the M. E. Church here.

The Republicans have no local fight but on the State ticket there is quite a contest. There will not be much of a fight in Kent as Senator Weller has all the workers with him. There is, however, a strong undercurrent that may give Hill a larger vote than is anticipated.

The Del-Mar-Va Peninsula has a total shore line of 1,750 miles. The Chesapeake Bay and tributaries contribute 1,175, the Atlantic Ocean Delaware Bay and Delaware river 575 miles.

According to the 1920 census, the two Eastern Shore counties of Virginia are the richest in America as to crop value per acre of farm land.

Your Neighbor Has a PAPEC Ask Him!
"The Cutter That Does Not Clog"

"I AM well pleased with the N-13 Papec purchased this year," wrote H. B. Austin, Oct. 8, 1925. "It has never clogged the pipe once and runs so light. It will cut and elevate twice as much as any cutter that I ever saw. The feed roll is a great thing, no stopping of bundles on the feed table."

Light draft, low operating cost and long life make the Papec the most economical cutter. There's a size to fit your power plant, whether you use a 3 h. p. gasoline engine, a light or a heavy tractor. If you have a silo, a Papec will earn you big returns. Let us show you how.
