As Youth Grows So Man Goes

The habit of **Correct Dress,** if commenced in the teens and twenties, continues in the thirties, forties and fifties; yes, even unto the sixties and seventies.—**The Well-Dressed Young Man** is a positive pleasure to look upon.

Such Suits we have with all the fashion niceties of men's suits and with an added dash of "ginger" to appeal to the younger idea of ultra smartness.
New blues, greys, tans—many of them include an extra pair of trousers.

Buick First For Nine Consecutive Years

For the ninth consecutive year Buick has won first choice of space at the National Automobile Shows.

This is Leadership! For this honor goes annually to the member of the National Automobile Chamber of Commerce with the year's largest volume of business. For any other car to equal this would mean retaining continuous leadership until 1936—almost another decade.

Vote the full Democratic ticket and thus give your answer to the charge of disloyalty. The Republicans cannot win except by Democratic votes. Their candidates for commissioner are as much against Mr. Wood as against others. Therefore vote for Wood, Johnson and Jones. They are good men and can fill the office with ability.

With the rapid approach of winter it is vital that property owners should look to their chimneys to see that they are clean and safe. A great deal of worry will thus be saved householders to say nothing of unnecessary runs our firemen will save.
