WORLD SERIES FIGURES

The St. Louis Cardinals won the World Series championship and were given a great reception. The total receipts were $1,207,864. The players' share was $372,300.51, making over $6,000 for each of them. Flowers, the Washington College pinch-hitter, shared in the receipts as did Victor Keen, the pitcher who would not play on Sunday.

Jay R. Melvin, youngest son of Mr. and Mrs. S. D. Melvin, died suddenly at his home in Seattle, Washington, on September 26, 1926, of acute indigestion, after only an hour's illness.

Jay, as he was familiarly known spent his boyhood days on the home farm near Salisbury. He left there after the death of his father, spending two years at the home of his brother, Rev. W. A. Melvin, who was then living in Cumberland, Md., at which time he was engaged in the insurance business. He enlisted in the service of his country during the Spanish-American War, and during the latter part of his enlistment, his company was ordered to the Klondyke to establish government Telegraph lines.

WM. FOWLER BURNED OUT

Seven fire companies with their apparatus for over three hours early Sunday morning fought a fire on the south-side of East Main street, Elkton, which for a time threatened to be disastrous. Shortly after midnight, fire was discovered in the residence owned by the estate of James Alagia, and occupied by the families of George Bolton an dWm. Fowler.

The flames were first seen in the third story of the building and had gained much headway. They soon spread to the residence of Harry D. Henry, adjoining. In close proximity are several other dwellings, all frame, also the general store of Henry M. Biddle and the Elkton Gas Works, about 100 yards to the rear. The firemen fought a successful fight confining the blaze to the two houses.

The loss is estimated at $10,000, partly covered by insurance. The companies that fought the fire were from Perryville, North East, Chesapeake City, Middletown, New Castle, Del., and Newark, Del., and the Elkton company.

Wm. Fowler, son of Harry D. Fowler, of Chestertown, lost all his furniture and clothing, and was fortunate in saving his life. His father-in-law, Geo. Balton, also lost most of his.

Waterman's Ideal Fountain Pen has been imitated and emulated but it has never been duplicated.

Only two movements are required to fill a Waterman's—pull out the lever and push it back. When the pen is filled it automatically locks. This is just one of the good features that add to Waterman's popularity. Ask us to tell you about the Waterman spoon-feed.

Better lubrication
from the moment the motor starts
—that's the secret of the new oil

HUNDREDS of road tests on all types of cars and trucks prove that the new "Standard" Motor Oil produces results never before associated with motor oils.

Typical of these tests is one with a *Dodge*, run over a 1,080 mile course from September 24th to October 22d, 1925, under engineering supervision. This test revealed 40.9% increase in oil mileage; 10% increase in gas mileage; smoother operation of the motor at all speeds; more power; less drag on the hills—all due to the remarkable lubricating properties of the new oil.

You can verify these astonishing results in your own car. Just have your crank-case drained, flushed and filled with the new "Standard" Motor Oil. Then expect results. *You can actually feel the difference.*

7 Advantages of "Standard" Motor Oil

1. Constant lubrication.
2. Minimum friction.
3. Less "breaking-down" under load or at high speeds.
4. More miles per quart of oil.
5. Better hill climbing—smoother operation.
6. Negligible carbon.
7. Actual saving in gasoline.
