Kent News

SATURDAY, NOVEMBER 20, 1926

Next Thursday is Thanksgiving Day. No people in all the world have greater reason to be thankful to God than those of Kent county. Truly, the Lord is good. His mercy and loving kindness endureth forever. Let all the people praise the Lord for his wonderful works to the children of men. How shall we return unto Him our thanks. By living uprightly, walking humbly and doing justly toward all men.

Hundreds of Kent county folks availed themselves of the opportunity of gaining an insight into the classroom work of the public schools last week which was "American Education Week," put on by the American Legion, the National Education Association and more than 150 other organizations. Education Week is designed to spread the principles, not only of education, but of loyal citizenship. It is well for the people of America to pause, in their mad scramble for money and pleasures, and consider, at certain periods, the fundamental things that are involved in their national life. National Education Week, properly observed, is more than an education week. It might be called American Week.

Major Frank B. Hines and other officials of the local Medical Detachment of the Maryland National Guard are making an effort to secure for Chestertown a $50,000 armory which will become the permanent home of the detachment and also a community center for public functions. A condition necessary to procure the armory is that a standard of 30 members shall be permanently maintained, and the officials of the detachment are endeavoring to secure the co-operation of the P. O. S. of A., Daughters of America, the American Legion Post, and the Chamber of Commerce in a campaign which will be waged to secure an increased membership. For sometime the unit has maintained the necessary complement of members, but an effort is to be made to greatly increase the membership in order to secure the erection of the armory in the near future. At present the Guard is in rented quarters.

It's a fact, but not generally known, that old woolens and wool rags go back to the woolen mills to be ground up, re-spun and re-woven into new cloth. It may be all-wool and it may look like new wool, but it lacks the beauty and durability of cloth which is made of original wool. That's why Kirschbaum Suits are tailored exclusively of *100% virgin wool fabrics*—and they're the only suits made that offer you this big advantage.
