THE BRIDGE ACROSS THE CHESAPEAKE BAY

Were you really surprised, when you read this report,
That we might have a bridge near our famous resort?
Close to Tolchester Beach, so that in going to Baltimore,
We can travel by auto and perhaps not open the door.
For from the daily paper and on good authority too,
It looks like it is coming. I think so, don't you?
And before very long, when right now we cannot say,
They will start building a bridge across the Chesapeake Bay,
Then just think what that means to our residents around here,
In that Baltimore City will then seem extremely near,
To this county of ours and all Delmarva down the Shore,
And business will boom and will increase more and more.
When it is completed and you desire a nice trip,
Just jump in your car and say good bye to theship,
As the time you will save, in traveling this way,
Will make a pleasant journey, even if for a day.
Then what will it mean to those living in the city
For they of all others, we certainly do pity,
To be bound up on all sides by buildings of various kinds.
Somewhat real pleasure disappears and is extremely hard to find.
Sometime you may have a friend living across the water,
Or possibly a son or else a daughter.
That may call you by phone, requesting a visit,
Then you can go in an auto, which certainly would be exquisite.
And perhaps in the future after this bridge is complete,
Crowds of people will come over, to enjoy this great treat,
Which may lead up to the building of many surburban places,
So as to enjoy country life and benefit many ill cases.
Let us wait and live in hopes, that before another year is past,
That this long wished for improvement, has started in full blast,
Then when it is finished, we can all join in and say,
What a wonder it is, The Bridge Across the Chesapeake Bay.
