Plan Memorial For Dr. Micou

A committee from the Alumni Association, composed of Col. H. S. Brown, New York; John I. Coulbourn, Philadelphia; Senator Dudley G. Roe, Queen Anne's county; Prof. Rowland Watts, Baltimore, and Dean J. S. Wm. Jones, of the Washington College faculty, met in Dean Jones' office at the college recently to devise plans for raising a fund to be known as the James Roy Micou Library Fund, as a testimonial to Vice-President James Roy Micou, who has given more than 40 years of his life to the welfare of the college. Dean Jones states that contributions amounting to more than $1,130 have already been received. It is expected by the commencement next June. A stipulation of the resolution adopted at the annual meeting of the Alumni Association last June when the movement to create the fund was launched is that Dr. Micou will have the privilege of selecting and purchasing the books from the income from the invested fund during his lifetime.

UNSIGNED ITEMS ARE UNPUBLISHED

From time to time The News has received communications which were unsigned. On several occasions these communications have been valuable news items, but because the identity of the person who sent in such items was unknown, they did not appear in print. During the past two weeks announcements of two births were sent in unsigned. It is against the policy of the News to publish any articles that are unsigned and for this reason these items were left out. All articles sent in for print should be signed, which does not mean that the sender's name will be published.

Sixteen Dead In Kent County

Sixteen deaths in this county and a total of 1890 deaths in the State of Maryland was the 1925 harvest of the "White Plague," tuberculosis. These figures recently issued by the Bureau of Statistics of the State Health Department, indicate that although there has been a decline in the death rate from tuberculosis, the disease is far from being under control. It still reigns as the leading cause of death between the ages of twenty and thirty-five, which are the years of greatest productivity and economic value.

Funds obtained from the sale of Tuberculosis Christmas Seals are used each year to combat this terrible scourge. Seventy per cent of all county returns will remain in this county to finance county health work. Five per cent will be sent to the National Tuberculosis Association to assist in the nation-wide fight. Twenty-five per cent will be sent to the State Association to help pay for supplies and services rendered. This twenty-five per cent in no way compensates for the health services given this county by the State Association, including nursing service, the "Miracle House," and the regular monthly tuberculosis clinics. The tuberculosis clinics which have been held throughout the State for three years have rendered the residents of this county a distinct service. Known cases and suspected cases have an opportunity to receive expert diagnosis. This is done only with the consent of the patients' physicians and in direct co-operation with the local and State health authorities.

Tuberculosis Christmas Seals are stickers for health. Stick them on your mail and Christmas packages, and they will stick until they get there.

Kent Co. Wins Poultry Honors

Kent County 4-H Poultry Club members entered a Poultry Judging Team in the State Contest recently and won fifth place among the counties of the State. Kent was tied for first honors in the Exhibition Class. Martin L. Sutton, John I. Moffett and Theodore Ford represented Kent. Individually, Martin L. Sutton placed 6th in the State and John I. Moffett 9th. Twenty chickens were judged for production and twenty according to the standard perfection. Considering the time spent in training and this being Kent's initial Poultry Judging Contest, the boys did well. These boys are being trained further to assist with the flock culling project in Kent, now under way.

The first certified flock of chickens in Kent County is that of John H. Moffett, of Lynch. Mr. Rice, Extension Poultry Specialist, accompanied by the Kent County Agent, examined Mr. Moffett's flock for certification under the rules of the Maryland Poultry Producers' Association, on November 19th. This is another step towards a greater poultry industry in Kent county.

Golden Rule Sunday Dec. 5

Designated as the day for special offerings for the orphans under care of the Near East Relief, by saving on the Sunday dinner, it has assumed a world-wide aspect, for it is the day when the civilized nations of the world sit down to a table as one, to practice that rule which simply translated is treat the other fellow as you would have him treat you.

The next Golden Rule Sunday is shadowed by the devastation wrought by the great earthquakes in Armenia which still continued which have greatly added to the burden which the Near East Relief must carry. The County Chairmen therefore appeal to everybody to make their donations this Golden Rule Sunday greater than ever before.

County Chairmen and quotas are: Kent county quota, $2,00, chairman, Rev. Charles L. Atwater, Chestertown. County quota, $2,000; Kennedyville, Miss Emma C. Shafer, $100; Massey, E. Thomas Messey, $60; Millington, Miss Clara H. Bryan, $120; Rock Hall, Mrs. Walter Wirts, $200.
