Here's a radio set low in price and low in cost to run—but big in performance. It has the new features of single control—and a power Radiotron. But far from being an experiment, it is a proved success.

Its five tubes are made to do the work of many more. And its tone quality will stand comparison with far higher priced sets. It is not "just a radio set," but a tried, tested and perfect product of RCA. Hear it here!

DATES FOR FAIRS

James M. Crockett, Esq., of Pocomoke City, was re-elected president of the Del-Penn fair and racing circuit, at the annual meeting held in Salisbury. There were 42 present.

Dates for holding the fairs were settled upon as follows: Harrington, July 26-30; Pocomoke City, August 2-6; Tasley, August 9-12; Salisbury, August 16-19; Cambridge, August 23-26; Kellar-August 29-September 3; Norfolk, September 5-10; West Chester, date open.

All horses entered in races in this circuit this year will be classified by the amount of purses each entrant wins, rather than by speed record This method encourages each driver to force his entrant to the limit, and it is thought, will eliminate the possibility of heat ringers.
