Kent News

SATURDAY, MARCH 19, 1927

Kent county farmers will do well not to plan greatly increased acreages of tomatoes this year, simply because packing houses were idle here throughout 1926. The year 1927 will stand a reasonable supply of tomatoes, probably similar to the acreage of 1925, but growers should not be persuaded that an unlimited acreage is practical because of the lay-off last season.

oo

The independence of labor is giving our farmers much concern. The limit was reached last week, however, when one farmer is reported to have approached a colored laborer with the intention of hiring him by the month.

"Yes, sir," was the response, "I want work, but only under certain conditions. First, you gotta provide me with an automobile, and then, secondly, you gotta buy gas to run the car so's I can ride to and from work. If you will do that, I'll consider signin' a contract.

"I'll quit farming first," replied the farmer, he turned elsewhere to seek help.

o

"PIGS IS PIGS"

Just prior to voting the farm relief bill, President Coolidge, acting under authority conferred upon him by the Fordney Tariff Act, increased the duty on pig iron by fifty per cent. The duty was 75 cents per ton. It is now $1.12½ per ton.

Immediately the steel trust raised the price of pig iron 50 cents a ton, or 12½ cents more than the President raised the duty. As the steel trust declared only a forty per cent dividend last year, it is believed it will be able to worry along with the additional duty. Yet the farm bill was, the President said, in the interest of a "class."

oo

Congressman Is Now Improving

Kent county friends of Congressman T. Alan Goldsborough, of Denton, will be pleased to learn that he is improving steadily after a severe illness of several months. For the first time during his incumbency as representative in Congress from the Eastern Shore, Congressman Goldsborough has been unable to personally attend to the duties of the office. Since last November he has been confined to his bed in a Pennsylvania hospital, but during the last couple of weeks has been making satisfactory progress toward a complete recovery, so we are informed.

o

RECORDS IN 10,000 BIBLES COPIED BY D. A. R. HISTORIAN

Ten thousand Bible records have been copied by Miss Sarah Elizabeth Stewart, historian of Old Kent Chapter, Daughters of the American Revolution, it was said Monday at the State conference of the Daughters of the American Revolution. The meeting, was in session for three days at the Hotel Belvedere.

The records copied by Miss Stewart include births, marriages and deaths of members of the families in the Old Kent Chapter and their relatives. One copy will be placed in the library of Memorial Continental Hall, Washington, and a duplicate copy in the Maryland Historical Society.

A resolution on national preparedness was offered for adoption by the organization.

CONSULT LOCAL BANK BEFORE YOU INVEST

"How thick is a dollar bill?" is the question asked by The Citizens Bank of Chestertown, George D. Lofland, President. See next week's News for the answer. This Bank pays 4½ per cent on savings deposits. Its directorate consists of G. D. Lofland, W. M. Culp, E. L. Redmile, Jas. E. Morris, Harry A. Bolton, S. T. Pippin, J. Wethered Barroll, Harry Nichols and D. T. Hurlock.

The Peoples Bank has "Service" for its watchward and renders it to the public. In their weekly adv. in the News they tell of paying 4 per cent on savings and of lending money in time of need. Dr. H. B. Simmons is the president backed by an able board of directors.

The Millington Bank of Maryland is a great convenience to the people of that community. They stress the importance of the first dollar and state in the News "there's a dollar at each end of a thousand and the first one is the biggest." John P. Ahern is the head of this institution with men of means at his side helping in its management.

"To be ready for advancement—build up a savings account at this institution," is the advice given by The Chestertown Bank of Maryland. This bank has branches at Galena, Kennedyville and Betterton where the public can be accommodated. Senator S. Scott Beck is its president with a board of splendid business men.

The Kent County Savings Bank in their advertisement appearing in the News lays emphasis on planning and saving for the sake of loved ones. "Guard against their ever having to pay because someone wasted and did not save," they advise. M. A. Toulson is the president of this bank with nine other well-known business men at his side.

The advertisements of these Kent county institutions are interesting, and certainly before investing it would be well to consult your banking officials. It may save you loss and heartaches.

oo

Colored Farm Tenants Increasing

In the vicinity of Oxford and Trappe there are said to be eleven large, fine farms that are tenanted by colored fearmers, because white tenants could not be secured. Throughout Talbot county it is reported that there are over 70 farms, most of them of the better grade, that have colored tenants.
