A FINE HOME IN KENT

Overlooking the beautiful Chesapeake Bay, on a 100 foot bank on the Rasin farm, four miles from Betterton, is one of the prettiest bungalows in Kent county. It is a new home built by Dr. Warren Weaver, a retired doctor of Philadelphia. This farm was purchased by him from Mrs. Angie Rasin about two years ago and he is certainly making wonderful improvements in the property.

The bungalow was built by Clarence Crew, of Betterton. It is 28x74 with five bed rooms with bath in each. Has porches on two sides with a second story porch on one end of house. It is beautifully situated and second to none in Kent county, and has to be seen to be appreciated.

FREE DEMONSTRATION

Frigidaire Demonstration at the Electric Light Office, under Voshell House, Chestertown, on Monday, May 23rd, at 2 and 8 p. m. GEO. W. BALDWIN, Agent. 1t

FIRST ANNUAL BOYS' WEEK TO BE HELD

With committees appointed to take care of the different days in the first annual boy's week here the honoring of the future rulers is made certain.

A group of prominent business men met with the Boys' Work committee of the Chestertown Rotary Club on Monday evening and were organized into a committee to carry out the plans that had been formualeted by Chairman J. Thomas Kibler.

The program for the five days of activity is scheduled to open on Thursday, May 26, with what will be known as Boys' Day in Schools. Special speakers will talk to the boys during the day and the school work for that period will be suited to the boys. Superintendent of Schools L. C. Robinson was named chairman of the committee for arrangements on this day.

The second day will be designated as Boys' Day in Industry. Speakers will talk to the boys at school and after school hours the boys will be shown thru the principal manufacturing and business places in the town. J. Browne Metcalfe is chairman of this committee.

On Saturday the boys will run the town. It is planned to have them elect from their number the different town officials and during certain hours on this day the actual governing of the town will be handled by the boys. Senator S. Scott Beck, heads the committee on this day which will be known as Boys' Citizenship Day.

On Sunday there will be special services in all of the local churches for the boys. All of the local pastors are members of the committee and were present at the meeting on Monday. They agreed to deliver sermons to the boys at the morning hours of worship on this day.

The final day of the program, on Monday, will be known as Boys' Loyalty Day. It is planned to have all boys participate in the American Legion parade. Thomas Massey is chairman of this committee.

The marble shooting tourney, which will include all of Kent County, is being mapped out by Philip G. Wilmer, who has this phase of the week in charge.

Elimination shoots will be held in the different districts of the county and the winner in each district will shoot in Chestertown on Saturday, May 28. The two survivors of this series will meet on Monday for the championship of the county.

A suit of clothes will be given the winner of the tourney.

The semi-final and final games will be played in Chestertown on the Eliason tennis court on Spring St.

On Saturday, May 28, the boys will be the guests of the Washington College Athletic Association at the base ball game between Washington and Drexel.

"Boys—The World's Greatest Asset" is the slogan that has been adopted for the week of activities.

Thomas D. Bowers was named publicity chairman for the committee.

The committee for the week is as follows: J. T. Kibler, Chairman; Prof. L. C. Robinson, Dr. P. E. Titsworth, J. B. Metcalfe, Mayor C. N. Satterfield, Thomas Massey, Thomas D. Bowers, A. E. Nicholson, Howard Reese, Reverend N. O. Gibson, Rev. C. L. Atwater, Rev. W. P. Cochran, Rev. Father J. F. Earner, Senator S. Scott Beck, P. G. Wilmer, Dr. F. B. Hines and H. S. Russell.

Dairymen of Kent Hold Vital Meeting

On Tuesday, May 17, while Kent farmers were in the midst of corn planting, soybean and cow pea seeding, and although the day after the County School Rally, yet nearly 200 Kent Dairy Farmers gathered in the Court House at 10.30 a. m., to discuss the tuberculin testing of Kent Dairy Cattle. The meeting was called by County Agent, Horace B. Derrick, at the request of many Kent Dairymen. Dr. E. B. Simonds, Inspector in Charge of Bovine Tuberculosis Eradication Work in Maryland, was secured for the meeting.

Edgar R. Pennington was chosen chairman of the meeting. Dr. E. B. Simonds was introduced and gave a brief history of Bovine Tuberculosis Eradication Work in Maryland, beginning over ten years ago. The situations around Washington and Baltimore were explained, then the Eastern Shore. Dr. Simonds said that of the dairy cattle whose milk was being shipped into Philadelphia, 46 per cent from Pennsylvania were tuberculin tested, 35 per cent of those of New Jersey, 24 per cent in Delaware and only 12 per cent of those on the Eastern Shore of Maryland. From these figures the seriousness of the situation, especially from the marketing angle, is obvious.

As to Kent County, Dr. Simonds said there were 10,379 dairy cattle in the county, 731 of which were already tuberculin tested. This leaves 9,648 yet to be tested. From past tests in Kent, it is estimated that about 12 per cent of these 9,648 dairy cattle or 1,158 will be reactors. For these reactors, it is estimated the State will pay Kent Dairymen, as indemity, $23,140, and the Federal Government, through the U. S. Department of Agriculture a like amount of $23,140, or a total of $46,280. This amount is in addition to the amount received by their owners from the carcasses of the 1,158 reactors.

The indemnity for a reactor is reached in this way. When a reactor is found by the veterinarian, working under the supervision of the State or Federal Government, the animal is appraised for dairy qualities, regardless of the fact that it has tuberculosis. Any unregistered cow, whether purebred, grade or scrub, may be appraised up to $75.00. The cow is shipped and slaughtered and the meat inspected by a Federal Meat Inspector, who determines to what use the meat may be made. The farmer is then paid whatever the carcas brings. Suppose that were $15. Then the $15 is substracted from the $75 valuation leaving a net loss of $60. This is divided into three parts of $20 each. The State would then give the farmer $20, and the Federal Government would give the farmer $20, and the farmer would lose $20. For such a cow, then, the farmer would receive $15, $20 and $20 or $55. There is no indemity on an unregistered bull. Registered cows and bulls are appraised up to $150 each, and the indemnity is figured by the same method.

Dr. Simonds explained they were short on veterinarians and the best way for a county to put itself in position to receive State and Federal indemnity is to employ a county veterinarian who would work entire time in the county testing dairy cattle.

Dr. Thomas B. Symons, Director of the Maryland Extension Service, who was present, was introduced by Chairman Edgar R. Pennington. Dr. Symons explained that the Extension Service was especially interested in this work from the standpoint of the farmers making more money from the dairy business, and he believed they would after the test.

After many questions a motion was made that the dairymen ask the Kent County Commissioners to make an appropriation of $3,000 or as much thereof as needed, to employ a county veterinarian for this work. The motion was seconded and passed unanimously. A motion was then passed requesting Edgar R. Pennington to name the committee with then passed requesting Edgar R. Pennington to name the committee with the assistance of County Agent H. B. Derrick. The following Committee was appointed: Harry C. Willis, Robert A. Shallcross, L. A. Sutton, B. F. Rash, D. W. Ingersall, Edward Hurtt, James F. Hurtt and Edgar R. Pennington.

Commissioners Appropriate $3,000

The above committee, with Dr. E. B. Simonds, and many Kent dairymen, then appeared before the Board of County Commissioners and made their request. The County Commissioners, who were familiar with the necessity of the Bovine Tuberculosis Eradication Work in the County, after a brief discussion, said they would make the appropriation requested of $3,000.

Outlook Encouraging.

One Kent farmer who lost all of his cows through the tuberculin test three years ago, cleaned up, purchased higher producing healthy cows, and soon was producing about the same quantity of milk with half the number of cows. Today he is producing more milk than ever and at less cost. This is the usual result.

Dr. E. B. Simonds picked out from his records, sixteen herds around Baltimore which had the heaviest losses and found this. Before the test they were producing 225 pounds of milk per cow, per month. Six months after the test the herds belonging to the same farmers were producing 454 pounds of milk per cow per month, over twice as much.

Baltimore City passed a regulation that after January 1, 1925, no milk could be shipped into the city except from tuberculin tested herds, under State and Federal Supervision. As a result 15,911 reactors were taken from all shippers in Baltimore territory. This is what happened.

One year after taking out the 15,911 reactors the same shippers sent over 20,000,000 more pounds of milk into Baltimore that they did ore year before the test. And Baltimore consumers, increased their milk consumption nearly 25 per cent as a result of their confidence in a safer milk supply.

WILMER HOME 200 YEARS OLD BURNED

Fire destroyed the 200-year-old dwelling on the farm in Morgnec owned by Philip G. Wilmer, of Chestertown. The farm is tenanted by the Lamb Bothers.

The house which was one of the oldest in that part of the county contained much valuable panelling. Only a small piece of the large amount in the house was saved. One room contained paneling to the extent of several thousand dollars.

The fire is supposed to have originated from a defective flue. The entire house was destroyed, the brick walls, very thick, being all that remain.

Had water been available the Chestertown Fire Company, who responded to the alarm, could have confined the blaze to a section of the house that had been added after the original construction.

All of the personal effects belonging to Mrs. Lamb, which included a set of dishes several hundred years old, were saved, with the exception of a two-hundred year old chair which was in the part of the house where the fire started.

The building was insured in the Kent Mutual for $2500 and in Jas. G. Beck's agency for $1000. Mr. Wilmer will rebuild at once.

Washington Defeats St. Johns at Base Ball

Washington College defeated its old rival, St. John's last Friday at Chestertown in a ten-inning game by a score of 8 to 7. Carroll and Bennett pitched for Washington.

The Junior Varsity base ball team of Washington College defeated Baltimore City College by score 4 to 3.

Washington College baseball team is away on its Southern trip this week, playing teams representing Quantico Marines, St. John's College, University of Maryland and Loyola. The "Kibbies" defeated St. John's and City College last week and Coach Kibbler is confident of a creditable showing.

Washington College Track Team of 18 men contested with Johns Hopkins University team of 30 men at Baltimore last Saturday afternoon.

While Washington was defeated yet it did fairly well. Two firsts were won by Washington; Dan Crouse won the 220 yard dash and W. B. Usilton, 3rd, the high jump.

Altho not taking any of the firsts Ted. Norris was the high point scorer by making 15 points.

Lovesky came third in the 440 yard dash.

Prof. Faires and Graduate Manager Howell had charge of the team which was composed of Capt. Lovesky. Norris, C. Crouse, D. Crouse, J. Vaughn, L. Glover, H. Hopkins, V. Kirby, W. Mauch, C. Price, N. Warthen, E. Wood, L. Veach, W. Usilton.

50 YEARS A MASON IS M. A. TOULSON

One of the most unique ceremonies ever held in Chestertown was successfully carried through on Thursday night last by Chester Lodge No. 115 A. F. and A. M.

It was in commemoration of the 50 years of Milbourn A. Toulson, of Chestertown as a Master Mason and member of this lodge. He is the oldest living mason of this lodge and besides having lived in Chestertown continuously all this time is one of our most esteemed and highly respected citizens. He is President of the Kent County Savings Bank; active proprietor of the successful drug business of Toulson Pharmacy; prominent in church circles and charity organizations and in every respect one of Chestertown's leading citizens.

W. Robert Huey, as Master of Chester Lodge, was in the chair and Past Master Wm. A. Wheatley was Master of Ceremonies. Brilliant, eloquent and touching addresses were made by Past Masters L. Bates Russell and Prof. Owen C. Blades. Past Master Wheatley in well-chosen words presented a life membership to Mr. Toulson and Past Master Wm. B. Usilton unveiled a portrait of M. A. Toulson which will hang in the lodge room. Dr. W. F. Corkran offered a prayer of thanks for the example of such a life as M. A. Toulson has been to the community.

It was a very largely attended meeting after which refreshments were served.

Mr. Toulson's response to the splendid tributes paid him was in appreciative and modest language.

$60,000 DAMAGE SUIT SETTLED

The damage suits for $60,000 against John A. Caurtney, of Baltimore, which were listed for trial in Balto. last week were amicably compromised and settled by argeement of counsel for both sides. This case grew out of an automobile collision on the Philadelphia pike near Charles town on May 9, 1926. The plaintiffs were Mr. and Mrs. Philip T. Jones and an adopted boy, Andrew Lane, and Miss Sue Adkinson. They were all badly injured and were removed to Elkton Hospital, and their new Overland sedan was completely wrecked. Mrs. Jones and Miss Adkinson are the daughters of William E. Adkinson, of Havre de Grace. Mr. and Mrs. Jones resided there at the time of the accident but are now living in Galena. State Senator S. Scott Beck, of Chestertown, and L. Wethered Barroll, Esq., of Baltimore, were counsel for the plaintiffs.

WEDDING TO TAKE PLACE

At the marriage of Miss Margaret Waldo Newcomer and Mr. Morris Keene Barroll, of Chestertown, June 2, the bride's sister, Mrs. Victor Noyes, and sister-in-law, Mrs. B. Frank Newcomer, will be matrons of honor. The flower girls will be Miss Margaret Spencer Barroll, daughter of Mr. and Mrs. L. Wethered Barroll and Miss Louise Tunstall Barroll, daughter of Mr. and Mrs. Lee Barroll.

Mr. Hope H. Barroll, Jr., will be his brother's best man. The ushers will be Mr. B. Frank Newcomer, Mr. Fendall F. Marbury, Mr. Walter Franklin Cromwell, Mr. John McKenney, of Centreville; Mr. Donnell Tilghman, of New York, and Mr. Barroll McNean, of San Franscisco.

Mr. and Mrs. B. Frank Newcomer will entertain at dinner June 1 at the Elkridge Kennels in honor of the wedding party and out-of-town guests.

Miss Josephine Small To Wed Fred R. Wallace.

Mrs. B. M. Small, of Bryn Mawr, Pa., has announced the engagement of her daughter, Miss Josephine Parham Small, and Fred Renshaw Wallace, of Wayne, Pa. Mr. Wallace is a son of William D. Wallace, of Wilmington, formerly of Church Hill. He is a graduate of Washington College, and is now instructor in athletics at St. Luke's School, Wayne, Pa. He made an enviable record in both studies and athletics at Washington College. He is a grand son of Mrs. Kate Wallace, of Church Hill, and the late William A. Wallace. He is well known in Chestertown.

PUBLIC SALES ADVERTISED
