VOL. 87. CHESTERTOWN, MD., SATURDAY, JUNE 18, 1927 NO. 3

PUBLISHER TO AWARD CUP TO SHO' WINNERS IN SCHOOL ATHLETICS

With a view to promoting interest in athletic sports among the school boys and girls of the Eastern Shore of Maryland, Lorie C. Quinn, Jr., Crisfield publisher and President of the Eastern Shore Newspaper Corporation, is offering a handsome silver loving cup to the winners of the Eastern Shore championship in the next Interscholastic meet.

Following the annual field and track meets which are held in the different counties of the Eastern Shore each year, an Interscholastic meet is held at Washington College in Chestertown, where winners of the different County meets, contest for the Eastern Shore championship. It is to the school making the largest number of points at the Interscholastic meet that the Lorie C. Quinn, Jr., Cup will be awarded.

Mr. Quinn, who has always been keenly interested in the public school system of the State and in the educational facilities of the Eastern Shore in particlar, is the donor of a Cup in his home county of Somerset which bring a spirited contest among the public schools of Somerset County each year. The Marion High School has won the Somerset County Cup awarded by Mr. Quinn, for the past two consecutive years.

Lorie C. Quinn, Jr.

The Eastern Shore Cup will pass from one winning school to another, from year to year, as the different public schools of the nine Peninsula counties win the Eastern Shore championship. The name of the winning school and the year of its victory, will be engraved on the trophy at the expense of the donor each year. In the event that any one school wins the cup three consecutive years, the cup will remain permanently in the possession of that school and a new Championship cup will be provided by the donor.

The awarding of the Loving Cup each year should prove an interesting event among the public schools of the Eastern Shore. It is planned to present the cup to the winners at exercises held in the town where the winning school is located, shortly after the Interscholastic meet is held. Following the presentation exercises, Mr. Quinn will tender a luncheon to the winners of the Eastern Shore championship, and the guests will include representatives of the faculty of the winning school, representatives of the faculty of Washington College where the Shore meet is held editors of the different newspapers in the Eastern Shore Corporation, city oofficials and members of the newspaper fraternity of the town in which the winning school is located.

In announcing his plans to award the Eastern Shore Cup, Mr. Quinn said:

"The boys and girls of today are the men and women of tomorrow—the future citizens, to whom we must look to carry on the activities of this splendid old Eastern Shore in the coming years. We want them to maintain the high standards of citizenship that our forefathers established and that we of this generation have cherished as a priceless heritage. To build this fine character of citizenship, we must produce boys and girls sound in body and keen of mind, equipped both mentally and physically for the battles of life.

I believe that well-regulated sports will improve the mental as well as the physical condition of our boys and girls; and that clean, friendly rivalry in field and track events will promote a spirit of sportsmanship that will stand them well in the years to come. It is with this thought in mind — in the hope of stimulating interest in athletic sports among the public schools of the Eastern Shore, that my cup is being offered."

Mr. Quinn also announced that he would present a gold medal to the winner of the Eastern Shore Declamation Contest, for the purpose of encouraging interest in Rhetoric and public speaking, among the pupils of Eastern Shore public schools. The gold medal will become an annual award and will be presented with appropriate exercises, shortly after the Eastern Shore Declamation contest is held each year. The medal will be appropriately engraved with the name of the winner.

GALENA LOCALS AND PERSONALS

Mr. and Mrs. I. L. Dempsey, Mrs. Harry Wilmon and son, Harry, Jr., and Misses Esther and Irvine Dempsey, of Wilmington, visited in town on Sunday.

John P. Smith, of Fall River, Mass. visited his mother on Sunday.

Mr. and Mrs. Jas. Caldwell spent Sunday with their son, Samuel.

Roger Davis spent a part of last week in Baltimore.

Frigidaire A Home Comfort And A Home Need

Four out of every five electric refrigerators being installed in the United States are Frigidaires, it was recently estimated by Alfred P. Sloan, Jr., president of General Motors Coporation, of which Frigidaire Corporation, of which Frigidaire

The story of Frigidaire, infant prodigy of the world's largest industrial corporation and unchallenged leader in the electric refrigeration field affords a wonderful illustration of reasons for American supremacy in home comforts, in national well-being and in industry.

Forseeing in electric refrigeration a great universal service comparable with what had been accomplished by the automobile in benefiting mankind General Motors, many years ago put scores of engineers to work in its development. Millions of dollars were spent with a free hand in perfecting it and adapting it to both household and commercial use.

"Some idea of what has been accomplished in this direction may be visualized by comparing our lowest priced Frigidaire, which now sells for $195 with the price of $750 which represented the cheapest unit manufactured five years ago.

The Frigidaire unit production of 50,000 units a month, exceeds with the exception of Chevrolet, the number of units produced monthly by any car manufacturing division.

"I should not be surprised if General Motors in another year or two had $100,000,000 invested in the electric refrigeration business. I am satisfied that the biggest development is ahead of us."

"Overwhelming acceptance or Frigidaire is taken as an expression of the high regard felt by the American people for General Motors engineering and its ability to build a quality commodity at a quantity price," says E. G. Biechler, president and general manager of Frigidaire Corporation.

The Frigidaire is sold in Kent by Geo. W. Baldwin, Chestertown, who will be glad to show you one of these machines at the Electric Light Co. Office, under Voshell House.

"Fur" From Sheep

Karakul is the fur of sheep known as karakul. The karakul sheep takes its name from Kara Kul (Black lake), a village in the eastern Vokhara, a province of central Asia. The fur is taken from the young karakul lambs when they are but a few days old, as the character of the curls deteriorates with age. The skins of prematurely born lambs have value as fur, but the ewes are not sacrificed to secure them.

Ancient Bishopric

Christianity made such progress that in the Fourth century, Caesarea Philippi had become the seat of the bishopric of Phoenicia. The Saracens did their utmost to uproot the faith, and destroyed the greater part of the city. Crusaders captured and lost it again and again, until, in 1219, it fell into Turkish hands, and so remained until the conquest of Palestine by the British troops under Lord Allenby in the World war.
