Kent News

SATURDAY, JULY 23, 1927

A communication from Stuart S. Janney to the Chamber of Commerce says Kent will see within the next few weeks material progress on the work of the bridge. The preliminary work has taken longer than was expected and anxiety concerning the bridge was being felt in the county.

Chautauqua will soon be here. We are going to have a splendid program—get ready for it now. It will open on August 15, 1927, and continue for one full week—make your plans ahead of time.

### STATE ROAD TO CATT'S CORNER

In this issue of the Kent News will be found the advertisement of State road in Worton. This piece of road is from end of contract completed near Hopewell, through Worton Station, to Catt's Corner, a distance of 2.44 miles. Bids will be opened Aug. 2nd. This new road will be very much appreciated. Thank you, Senator Beck, for your interest and help.

### A GOOD CITIZEN

In the death of Milbourn A. Toulson Chestertown and Kent county have lost a valued and good citizen. He was a man of liberal impulses, big hearted and rendered free service to those in need. His business brought him into contact with many who suffered and to those he ministered many times without compensation. He was a man of upright walk and high character, of good business acumen and beloved by many close friends. He was a home lover and had about him those things which made life worth living, viz., a loving and faithful helpmate and children who merited his approval. He found in his church that religion which gave him great peace and satisfaction and he gave liberally of his talents and means to its support.

We shall miss our friend and brother but hope to clasp hands with him in that Haven where partings are no more.

## FARMERS POUR WOES INTO COOLIDGE EARS

President Coolidge Saturday heard a demand for farm relief by Governor Bulow, South Dakota's Democratic Governor who spoke before the farmers assembled there for a picnic.

This country ought to do one of two things—Governor Bulow declared. "Either there should be adopted a policy that prevents artificial price fixing for the things the farmer has to buy and restore the economic law of supply and demand on a world basis, or else permit the industry of agriculture an equal opportunity for the establishment of artifical prices for the products that they have to sell.

"My own notion of the entire matter is that a repeal of the tariff legislation that descriminates against sections of our country would furnish ample and permanent relief."

### BEGINS 95TH MILESTONE

Joseph Guest on July 8, 1927, began his 95th milestone in life. His address is "the Soldiers' Home, Los Angeles, California, Box 9. Mr. Guest enjoys the best of health, but has spinal affliction which hampers his locomotion. On several occasions he had the pleasure of shaking hands with President Abraham Lincoln. He was well acquainted with the entire Booth family, and especially with J. Wilkes Booth, the assassin of our President.

For several years before that dastardly act was committed, Mr. Guest invariably was called on by J. Wilkes Booth to drive him to his father's home about 30 miles out of Baltimore city on Sundays when on theatrical events, and he returned on Monday mornings.

The Booth family consisted of six members, Bartus Booth, the father: J. Wilkes Booth, the oldest son; Edwin and Bartus Booth, Jr., and two daughters (the mother was dead.)

All were theatrical people and they had a fine estate of land and grand mansion near Churchville, Hartford county, Md.

According to information furnished by the U. S. Department of Agriculture in its census of 1925, just issued, the total number of farms in Kent county is 1,068, containing a total of 162,030 acres valued at $9,354,370. The total population on these farms is 5,163, of which 3,976 are white and 1,187 colored. The population on owned farms is 2,933, and on managed farms 104. Of the total farm population there are only 1,081 children under ten years of age. The report shows that the total acreage is divided into farms of from 100 to 499 acres.

## ROCK HALL MAKING TOWN IMPORTANT POINT ON SHORE

Residents of Rock Hall are gratified at the numerous evidences of progress being made in the nature of needed improvements in the bayside town, not only by the Council but by private and business enterprises. The Rock Hall Progressive Association, formed a year ago by leading business men, has produced marked change in the attitude toward improvements.

**To Get Electric Current.**

During the week final arrangements have been completed between the Town Council and officials of the Chestertown Electric Light Company whereby current for business and household needs will be supplied from the Chestertown power house, and the municipally owned plant in Rock Hall will be sold.

Another progressive step made during the past two weeks providing for the sale of $10,000 municipal bonds for the installation of an adequate water supply will very shortly give the town ample protection against fire and also a plentiful supply of drinking water. This has led to the organization of a volunteer fire company and a modern fire truck and necessary fire apparatus will shortly be purchased through funds to be raised by a carnival.

One of the improvements, from a business view, is the removal of the lumber yards and mills of the Leary Company from Greys Inn Creek to a lot on the Gratitude road. It will furnish employment to a large force of workmen.

The Board of County Commissioners are making provisions to issue $15,000 in bonds for a primary building to replace the present frame structure, which has been in use for a half century, and the Methodist Episcopal Church is being renovated. much of the work being done by the Rev. W. S. Grant, who became pastor in April last.

**For New Building Sites.**

The new home of Dr. W. O. Selby which is nearing completion to replace the one destroyed by fire during the past winter, as well as other new homes being erected all indicate the progress the town is making toward becoming one of the progressive points on the Shore.

Progressive citizens have also begun a campaign of developing the numerous desirable building locations on the outskirts of the town.

## A RECEIVERSHIP IS BEING SOUGHT FOR FERRY COMPANY

Alleging that the Baltimore and Eastern Shore Ferry Line, Inc., was hopelessly insolvent and, therefore, unable to pay $3,105.24 owed him, Albert L. Frank Tuesday applied in Circuit Court No. 2 for a receiver for the company.

The receivership bill alleges that the company has been operating at a loss and that the indebtedness to the complaint is principal and interest on money actually loaned the company by him. The bill further states that on December 31, 1926, the company owed $476,671, with interest of $91,414.07. Accounts payable are alleged in the bill to amount to $12,752.36.

The bill was filed through Bowie & Burke, attorneys. An order signed by Judge Duke Bond requires that cause be shown by July 30 why a receiver should not be appointed.

Clarence Lehman, chairman of the board of the Baltimore and Eastern Shore Ferry Line, Inc., said that he had not yet decided what course he would take. He said he had not heard of the bill for a receivership until it was filed, but expected to go into the matter.

The ferry company was incorporated in 1919 to operate a line from Bay Shore to Rock Hall. In 1923 it acquired the Peninsula Company, another ferry line, at a receivership sale.

The Chesapeake Bay Bridge bill, an act authorizing construction of a span from Bay Shore to the Eastern Shore, was fought vigorously by the ferry company. Principals of the company finally tried to attach a rider to the bill, requiring the purchase of the ferry line by the bridge company for approximately $1,000,000.

Shortly after the attempt failed a report of the company's condition to the Public Service Commission showed a loss in 1926 of $51,327.

### FOUND

A launch came adrift off "Gravely Run" with a Chevrolet engine and is now in my possession. The owner is hereby notified to come forward, prove property and pay charges otherwise it will be appropriated according to law. DAVID ASHLEY.
Rock Hall. jy2-3t
