GROWING ALFALFA MEANS SUCCESS FOR THE FARMER

Specialist And Successful Growers To Be Heard.

By County Agent H. B. Derrick

Alfalfa, Alfalfa, Alfalfa! The mystic name, the magic crop; the field of deep green; abundant hay, rich in protein, calcium and vitamins; dairy roughage unequalled; more milk on a sweltering summer day; is alfalfa.

Shepherds and herdsmen of centuries ago named this wonderful legume "Alfalfa," which is interpreted, "The best fodder." When you ask the most efficient, successful dairymen of today, "what is the best fodder for dairy cows," they will say "Alfalfa."

Kent County is developing a dairy business which is rapidly becoming the foundation of her agriculture. Prosperity is within the grasp of Kent farmers who conduct an efficient dairy business, together with good management methods on the other crops. For efficient milk production, it is essential that the dairymen grow good roughage, which is the basis of the dairy ration. Quality in roughage is found in alfalfa.

A realization of the value of alfalfa is a big step forward. Securing and maintaining an alfalfa stand in Kent County is the problem for discussion during the campaign. The goal is to have 500 additional acres sown in alfalfa in Kent County this year.

Community Alfalfa Field Meeting at which Mr. F. W. Oldenburg, Extension Alfalfa Specialist, and Mr. B. F. Rash, successful grower, will attend, will be held as follows:

Rock Hall, Monday, August 1st, at 2 p. m., on alfalfa field at farm of Mr. R. A. Shallcross, just below Rock Hall. Other patches in community to be visited.

Massey, Tuesday, August 2nd, at 9.30 a. m., on alfalfa field on farm of E. Thomas Massey and Joseph Edwards, near Massey.

Kennedyville, Tuesday August 2nd, at 2 p. m., on alfalfa field on farm of John H. Clendaniel and George W. Boyles. Nineteen acres of alfalfa.

County-wide Alfalfa Meeting to be held Wednesday, August 3rd, at 2 p. m. on farm of Mr. B. F. Rash. Mr. Rash has thirty-two acres of fine alfalfa, 10 grown from South Dakota seed and 22 from Kensas grown seed. Here is a real opportunity to compare different seed and observe the value of seed suitable for Kent County conditions.

Dr. Thomas B. Symons, Director of Maryland Extension Service, and probably Professor J. E. Metzger, State Agronomist, will attend the County-wide meeting at Mr. B. F. Rash's, Flower Grove Fruit Farm.

The winning alfalfa slogan for Kent County will be announced at this meeting and the $5.00 prize awarded.

Every one is cordially invited to attend one or all of these meetings. All dairymen are urged to attend. Come and hear alfalfa experiences and give yours.

WEDDING EVENTS

Mr. and Mrs. Edmond Boone Luckett, of 2315 North Calvert St., Baltimore, have announced the engagement of their daughter, Miss Margaret Edmondson Luckett, to Robert G. Nicholson, Jr., son of Robert J. Nicholson, of Mount Washington. Mr. Nicholson is the grandson of Robert G. Nicholson, of Chestertown.

On Saturday morning at 10 o'clock Miss Edith Helen Wachowiz and Harry Carter, Jr., were united in marriage by the Rev. Father F. J. Earner at his home in Chestertown. The bride, who is the daughter of Mr. and Mrs. Michael Wachowiz, of Rock Hall, was graduated at the High School here and later from the State Normal School at Towson, taught for a year at Sassafras and last year at Chesterville. After the ceremony at which their attendants were Mr. and Mrs. Elmer Jones, of Chestertown, the bridal couple motored to Baltimore where they were guests of Mrs. Carter's uncle and aunt, Mr. and Mrs. John Cullison for a short stay. They are spending the week with the bride's parents and will be at home next week in Gratitude Avenue, Rock Hall. Mr. Carter is a son of Mr. and Mrs. Harry Carter of that town.

KENT NEWS $1.50 PER YEAR.

BRIDGE WILL BENEFIT BUSINESS ON SHORE

Kent county is beginning to feel the beneficial effects of the proposed building of the Chesapeake Bay bridge from Tolchester to a point opposite on the Western Shore, as during the week agents of New York bridge building firms have been in the county prospecting for the purchase of valuable timberlands from which will be hewn much of the piling to be used on the construction of the span. The promoters of the bridge assert that the actual work of building the span will begin within a few weeks, and land values are beginning to go higher on lands located in the vicinity of the new structure. More than $200,000 has been paid by Wilmington and Delaware financiers for bay shore property in the vicinity of Tolchester, and if these properties are developed according to statements made by their purchasers it will undoubtedly enhance the value of other properties not yet sold.

HORSE SHOW AUGUST 24

The third Annual Kent County Horse Show will be held on August 24th. Plans are being made for a larger and better show than ever.

The committee on the show ring is composed of William French, Wm. Toulson, Harry Nichols, Grover Coleman and Frank Coleman. The Marshall will be Edward Hurtt. Wilbur Ross Hubbard, President; Howard Strong, Secretary; Stephen R. Collins, Treasurer.

JOINT CONCERT GIVEN

An enjoyable concert was given by the Rising Sun and the Chestertown Volunteer Fire Company Bands in the public square at Chestertown Sunday afternoon before a large audience. It was the second in a series of Sunday afternoon concerts inaugurated two weeks ago by the two organizations, when the Chestertown band went to Rising Sun for the first event. The program was directed by Professor Schlosser, leader of both organizations, and the character of the music rendered was of a high order. The combined organizations numbered sixty pieces. Over a thousand persons enjoyed the event.

SMUT IN WHEAT THIS YEAR

Approximately forty per cent of wheat fields of the State were found to be heavily infected with stinking smut, or bunt, this year and farmers are being urged to make the necessary preparations for the treatment of all seed wheat this fall in an effort to hold the disease in check.

In a recent survey undertaken to determine the prevalence of the disease throughout the State, F. W. Oldenburg, specialist in agronomy for the University of Maryland Extension Service, and Dr. R. A. Jehle, pathologist examined 395 wheat fields in seventeen of the twenty-three counties.

The survey brought to light the fact that the use of copper carbonate dust in the treatment of the seed had greatly reduced infection from the disease. Of 53 fields planted to treated seed and covered by the survey, forty-four, or eighty-two per cent, were found to be free of the disease or to show but a trace of it. Of the 342 fields planted to untreated seed on the other hand, 61 per cent showed evidence of infection.

Not only is the disease more prevalent this year than last, but the degree of infection was found to be greater.

The use of copper carbonate dust in the treatment of the seed is recommended. The dust should be used at the rate of two and a half ounces to each bushel of wheat. It is necessary to give each a thorough coating of the dust and to this end a tight barrel or churn is employed. Directions for making a suitable seed treating apparatus can be secured from the county agent or from the University of Maryland Extension Service, College Park, Md.

A big sale of building lots will take place in Chestertown Monday, Aug. 8th. S. E. Dameron, of Bel Air, and J. M. Maupin, Adv. Mgr., will manage the auction similar to many other big sales he has held on this Peninsula. The property is located on the farm of the late H. H. Barroll on Campus Avenue. $100 in gold is to be given away.

Agents from canning houses have been in Kent this week offering to contract for tomatoes at 25 cents per basket. The market, however, for canned goods is low and experts declare the canner is only justified in paying 15 cents.

ROCK HALL LOCALS AND PERSONALS

That the Baltimore and Eastern Shore Ferry Company, now in the hands of receivers, may resume operations early next month under new management, is the opinion of some of the 400 Kent county stockholders in the corporation, which for several years has operated two ferries from Bay Shore to Rock Hall. In consequence of the temporary abandonment of ferry service, all service between Baltimore and Rock Hall has been stopped. Michael Schloss, of Baltimore, majority stockholder, has intimated that he may take over the ferry company for further operation Thousands of dollars were invested by Kent county people in the ferry project when it was inaugurated several years ago. Walter Hadaway and Ellsworth Leary, of Rock Hall, and Ellsworth Bowers, of Lynch, are Kent county directors in the company.

The improved M. E. Church will be reopened Sunday with services all day and speakers and singers from a distance to assist. The "Gospel Trio" from Baltimore, whom many have heard over the radio, will be guests of Capt. and Mrs. Charles Thomas and will assist at the services. Roy Schmidt, of Sudlersville, who sang here several weeks ago will be present in the evening and Louis Carroll will come from Easton to sing for us.

Miss Mary Seeney, who has sung here before, will come from Price. The pastor will preach at 10.30 a. m. Dr. W. F. Corkran, of Chestertown, will deliver the sermon at 2.30 p. m., and Rev. Charles W. Atkins, of Concord, at 8.00 p. m. Sunday school at 9.30 a. m., and Epworth League will be led by Miss Alice Thompson at 7.30 p. m. Heartiest invitations are extended to you to be present.

Mrs. Mary Griffith, of Wilmington is spending the summer with her nephew and niece, Mr. and Mrs. Wm. Clark, who on Monday night gave her a surprise and birthday party.

Mrs. Tilghman Hubbard and her daughter, Mrs. LeRoy Hayes and son Henry, are visiting Ocean City, N.J.

John Scott is ill of appendicitis at Easton Hospital.

Miss Kate Brown, of Baltimore, is visiting her grandparents, Mr. and Mrs. J. B. Jacquette.

Mr. and Mrs. Joseph Judefind have as house guests the latter's sister, Miss Dolly Coleman, of Swarthmore and brother, John Coleman, of Chester, Pa.

Mrs. Joseph Apsley, of Raspeburg, is spending the mid-week with her sisters, Mrs. Elizabeth Casey and Mrs. Sallie Legg, the latter at the home of Mr. and Mrs. William Gale.

Mr. and Mrs. S. Elwood Burgess, their son, Randolph, Miss Jennie Hadaway, and Miss Elizabeth Wood have returned from a visit to Rev. and Mrs. A. F. T. Raum, at Sharptown, and Mr. Brewington, at Salisbury.

Mr. and Mrs. Wm. Mench are receiving congratulations on the birth of a fine daughter, Mary Jean.

John Bramble, wife and family have been on a visit to Blythedale, where Miss Grace will teach a Seventh Day Adventist School next year.

The Co-operative cannery is laying in supplies of cans and making other preparations for opening.

Mr. and Mrs. R. Nelson Stevens and family are spending the summer or week-ends at their home in Swan Creek. Mr. Robert Stevens is convalescent after being extremely ill of appendicitis at Atlanta, Ga.

A band of about fifty boy scouts from Baltimore is camping in Ferry Park under the care of competent scout masters. They appear to enjoy the pleasures of a country vacation and their visits to the town.

A rear-end collision Saturday night between cars driven by Daniel Thompson, of Rock Hall, and Charles Kendall, of Skinner's Neck, resulted in the latter being fined for resisting an officer and disorderly conduct; the case was hear before Police Justice Charles R. Kerr Monday morning.

Wilbur Cannan has moved to a dwelling in Maple avenue and Emory Hogans will return to occupy his bungalow.

Bill, son of Mr. and Mrs. C. J. Thompson, cut his right foot badly while swimming a few days ago.

The farm and wharf property of the Rock Hall Ferry Company was sold for taxes to the County Commissioners, there being no other bidder. The property was sold by Leonard Wilson for taxes, and purchased by the Commissioners for $303, this being the amount of the taxes and costs of advertising. This same property was sold by George W. Sutton a few months ago for taxes for 1926 and was redeemed.

The Rock Hall Volunteer Fire Co. has selected from August 26th to Sept. 3rd as the time to hold a carnival.

Rev. and Mrs. W. S. Grant are entertaining for a few days the latter's brother, Cortland Huhn, wife and sons, Williard and Cortland, Jr., of Wilmington.

Mr. and Mrs. Clarence Mason, of Tacoma Park, have returned to their home after visiting Mrs. Mason's parents, Mr. and Mrs. Marion Coleman. Mr. Coleman, who will celebrate his sixty-seventh birthday on August 6th at the home of his daughter, Mrs. Harold Britton, at Haddon Heights, N. J., motored to Blythedale with his brother-in-law and house guest, Wm. Taylor, a few days ago, accompanied by a daughter, Miss Etta Coleman, and Lewin Hill. Mr. and Mrs. Coleman entertained on Monday Mr. and Mrs. Don Johnson and two children, of near Salisbury, who were overnight guests of Mr. and Mrs. Mark Pettibone, former neighbors when the Pettibone family were residents of Salisbury.

A BOYS' CIRCUS IN TOWN

One of the features of this week in Chestertown was a circus by some of the boys living on High street and styled "Hadaway Bros. Big Show." The tent, made of guano bags, was pitched in Tylden C. Hadaway's yard. The main feature of the show was Charlie Miller, a cornetist player 8 years old. He is a wonder. There were 8 "cages" made of berry crates, goods boxes, etc., containing chickens and pigeons. During the parade one of the "leopards" in the form of a cat broke away and took refuge in Gill's ice cream saloon. A bull dog preferred the jail to being in the show and had to be dragged into the line of parade more than once. The price of admission was 5 cents and the boys sold many tickets along the streets.

FERRY COMPANY RECEIVER APPOINTED BY CONSENT

Percy Williams Tuesday was appointed in Circuit Court No. 3 receiver by consent for the Baltimore and Eastern Shore Ferry Company, operating from Bay Shore to Rock Hall. He bonded for $1,000.

Appointment of a receiver was asked in a bill of complaint filed on July 19 by Albert L. Frank, who alleged that the company owed him $3,105.24 and was insolvent. The answer of the company, admitted the allegations and consented to the appointment of a receiver.

LOADED TRUCK BREAKS THRU BOHEMIA SPAN

While attempting to drive a truck load of tomatoes weighing 15 tons over the ancient Bohemia river bridge, Monday night, where warnings had been posted that trucks of more than 8,000 pounds should not be driven across the span, the vehicle broke partially through the bridge, and almost fell into the river.

After traffic had been delayed several hours, and automobilists going up and down the shore were obliged to detour by the way of Cecilton, Warwick, Middletown, Del., and Chesapeake City, the truck was finally moved and Bernard was taken before Magistrate Wm. H. Johnson, of Chesapeake City and fined $50.00 and costs on a charge of driving an overloaded truck over the bridge. He paid the fine.

Wheat was quoted at $1.25½ in Kent yesterday.

The Church Hill Bank is preparing to rebuild on their lot. They are open for business in a room opposite to the fire scene. Everything was found in perfect condition in the vault and safe.

Harry D. Massey has purchased of Dr. Norman S. Dudley a lot adjoining the site of his garage and will rebuild a larger establishment.

Chautauqua will soon open and "every season ticket should be sold." These tickets, which admit the holder to all sessions, are only $2.50 for adults and $1.00 for children up to 14 years of age. Just think for a moment. This is only 21 cents for each session for a man or woman, and only about 8 cents for each session for a boy or girl. Whereas if you neglected to purchase a "Season Ticket," and went to each session of the Chautauqua by paying the admission to each one it would cost $9.00 for adults and $4.50 for children. All "Season Tickets" are transferable and they provide the cheapest, safest and best way to attend the Chautauqua. Be prompt to get yours, and do not fail to urge your acquaintances, your friends and people generally to buy them.
