Monday, November 21st, Betterton Girls' Club after school.

Tuesday, November 22nd, Chestertown Girls' Club at High School after school hours.

The regular meeting of the Kent County Council for Home Demonstration Work was held in the Court House on Tuesday, November 15th. At this meeting the award of $5 was given to Rock Hall Women's Club Swan Creek was second with an avery age of 80.

Mrs. John White, of Fairlee, gave an interesting talk on Christmas and a demonstration on a shopping bag.

KENT NEWS $1.50 A YEAR

TOMATO SEED TEST ANNOUNCED

The results of the third-year variety seed tests made by Stanley Sutton, Kent county farm boy, under the supervision of the State Extension Service and Experiment Station, have just been tabulated by County Agent Horace B. Derrick, and contain information regarding the most prolific varieties of tomato plants, which will be of inestimable value to the growers of next year's crop.

The tests are being conducted over a period of five years by young Sutton to determine the best varieties of tomatoes to be used by Kent county growers and canners, and all seed used in the tests were secured from the best sources obtainable by growers and canners.

A field meeting was held on the farm near town on September 1 last, when Kent county farmers were given the opportuntty of examining the tomato plants during the tests. the size of each plat is one-tenth of an acre, sufficient for growing 350 plants, the planting following a two-year sod. The fertilizer used was 18 tons of manure per acre plowed down and commercial fertilizer in the proportion of 700 pounds per acre broadcast.

The results of the tests as given by Mr. Derrick, which show the relative merits producing qualities in Kent soil on the plats were as follows:

Trio-State seed yielded 12.37 tons per acre and won first place; Indiana Baltimore, 10.91 tons per acre, second; Marglobe, 10.45 tons per acre, third; Norton, 10.33, fourth; Columbia, 9.75 tons per acre, fifth; Stone, 9.66 tons per acre, sixth; Bonnie Best, 8.70 tons per acre, seventh, and Greater Baltimore, 7.37 tons per acre, eighth.

The Marglobe and Bonnie Best variety were the first to produce ripe tomatoes, initial picking having been made on August 19, when Marglobe produced 2.5 tons per acre and Bonnie Best 3 tons.

The first pickings from the other six varieties was done on August 23 and the last on seven of the varieties on October 12, Bonnie Best having failed after October 4.

HELP EMERGENCY HOSPITAL DRIVE

The campaign to raise $75,000 for the Emergency Hospital of Easton was opened on Monday, November 7, for preliminary work necessary before the intensive effort is made between December 2, and 12, when men and women of Talbot, Caroline, Kent and Queen Anne's counties, who have volunteered their services, will canvass all public-spirited and civic minded citizens on the Eastern Shore for their support.

The chairmanship of the campaign has been accepted by Mr. J. Harper Skillin, of Easton. He will recruit his campaign organization among friends of the hospital in the four counties. Each county is to have a chairman who will organize his fellow countrymen into teams of representative men and women who will take part in this philanthropic enterprize.

Following his appointment by the Board of Directors of the hospital, Mr. Skillin opened campaign headquarters in the Cregg Building on Goldsborough Street, Easton. Mr. Cyrus P. Keen, the director of the campaign, will be in charge of these offices. The telephone number of headquarters is Easton, 699.

This urgently required fund of $75,000 is being raised to meet the small indebtedness of the hospital to cover the cost of repairs and necessary equipment and to meet the rapidly growing demands for hospital service and to enlarge the present building, a step which will provide a more adequate maternity department.

It is necessary to raise only $65,000 of the amount required since a conditional gift of $10,000 has been offered by Mr. Milton Campbell. The task of completing this fund is considered to be a comparatively easy one because of the friendly feeling and pleasure with the fine administration of the Emergency Hospital being expressed along the Eastern Shore.

In speeding the $75,000 campaign on its way Mr. Skillin issued the following public statement:

"The Emergency Hospital has given the Eastern Shore the very best of service. The increased demand for its aid, the steady increase in the number of patients who come to its doors annually, is testimony of the place this hospital has in the lives of the communities it cares for.

"I am confident that every man and woman in the four counties—Talbot, Caroline, Queen Anne's and Kent—has that far vision to convince them that what we do now is not only for our protection, for the safeguarding of our lives and health, but that it is for the protection of our growing children and the generations to come. We are carrying on the work of General Joseph B. Seth and Mrs. Oswald Tilghman who with many others helped to found the hospital we use today.

"They looked into the future twenty years ago and saw the great need for the hospital. We must do likewise and think of the greater need our growing communities will have for the hospital in the twenty years to come. Our task is lightened by the philanthrophy of Mr. Milton Campbell. If we give generously—from our hearts and thinking of the pain and suffering we will help to relieve—we will have our $65,000 fund raised between December 2nd and 12th. Our hospital is on a splendid paying basis. With the aid of this $75,000 fund, the debt will be lifted, money will be provided for the enlargement of the present building and the hospital will not have to go to the public again for support. And it will be able to pay its way in the future.

"The administration of the hospital has the highest commendation of all who are familiar with it. Its history is one of practical economy. One of the items of debt was $9,000 in loans on January 1st. Already the administration has liquidated $1,500 of these loans through economies practiced. It is my belief that the people who are served by the Emergency Hospital—many of them people who have never needed a hospital's help—are proud of it. It is their own bulwark against pain and suffering. It stands ever ready to serve them and that in itself is a tremendous consolation.

"And I am confident that these residents of the Eastern Shore, so imbued with that civic sense which is responsible for our rapid growth, will do their utmost to make this $75,000 campaign a success. There is no greater satisfaction than the helping of a fellow human being in pain. Our Emergeny Hospital provides us with that opportunity."

A big ralley of the Improved Order of Red Men will take place November 30th, at Federalsburg, Md. A big parade will be given, and the three tribes that make the best showing will each receive a prize. The first prize will be $15, second $10, tnd the third prize $5. Noted speakers will be present to expound the principles of the Red Men. It is hoped that the tribes from Caroline, Dorchester, Kent and Talbot will be well represented at this rally.

Given a hearing before Magistrate R. L. Alderson, of Cecilton, Md., on the charge of reckless driving of an automobile and failing to stop and render assistance after an accident, Dick Sewell, of near Warwick, was fined $550, in default of which he was committed to the county jail at Elkton for one year.

"Hello Rastus. How's yo' hawgs?"
"Dey's all right. How's you folks?"

HOW TO SPEND A NICKEL

Just 5c Will Bring Your Taste Some Downright Smoking Pleasure

Right off the bat, we want to say that a good nickel smoke is hard to believe in. No doubt you've been disappointed time and again by 5c cigars that claimed to be "worth really more." Forget the past. Here's one cigar that actually sold at a higher price for years! And only because of the volume sales it built up then, can we sell it now for a nickel!

The name? It's *Havana Ribbon*. And it's a real cigar, men, regardless of price. The kind you'd pick on smoking merit alone. It's so fragrant and smooth and mellow—made of *ripe* tobacco.

But prove it for yourself. Drop in today at the nearest cigar store and ask for a *Havana Ribbon*. Toss down a nickel and take one fresh from the box. And just watch yourself smile the first blue puff you blow!

QUALITY LOW COST

We know what we like, don't we, Old Pipe!

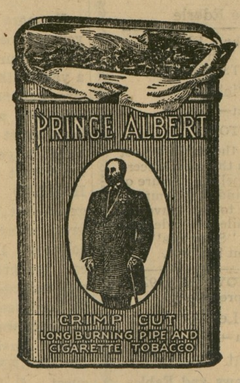

PRINCE ALBERT, and plenty *of* it, huh? Well, we can justify *that* on any number of counts. It's more than mere preference. There are sound reasons for liking Prince Albert above anything else.

Take fragrance, for instance. P. A. has 'em *all* stopped there. Every time I open the tidy red tin, I get a brand-new thrill. A tobacco that smells like that would *have* to be good, if you ask *me*. Yes, *Sir!*

And then take taste. Every puff tells a man that P. A. is cool and refreshing, with a mellow-mildness that is a revelation. Mild, yes, but not wishy-washy. P. A.'s rich, full-bodied flavor balances its mildness and makes it *a smoke!*

But all the talk in the world won't do a man any good, unless he *acts* on it. A load of long-burning P. A. in the bowl of his pipe will tell him *volumes*—and in language he likes. It's the personal test that counts, after all. I don't believe I can add to *that*.

Not only quality, but quantity, too—TWO *full ounces in every tin.*

PRINCE ALBERT
—*the national joy smoke!*
