SATURDAY, MARCH 24, 1928

Dodge Brothers, Inc., of Detroit, will sponsor one of the biggest radio hook-ups yet accomplished when, on Thursday evening, March 29th, 1928, movie stars of Hollywood go on the air nationally in the "Dodge Film Stars Radio Hour." Dodge Brothers which has been a leader in use of radio for national entertainment hook-ups, introduced the Victory Six in a national broadcast the first of the year. The "Dodge Film Stars Radio Hour" will be on an even larger scale with Norma Talmadge, Charie Chaplin, Douglas Fairbanks, D. W. Griffith, John Barrymore and Dolores Del Rio as artists. Paul Whiteman and his band, broadcasting from New York, will be part of the program. More than two score radio stations will be used, and the hook-up by the National Broadcasting Company will be consolidated through two transcontinental telephone lines of the American Telephone and Telegraph Company.

SHORE FUR CONCERN IS INCORPORATED

The Eastern Shore Fur Company has been incorporated, with Ernest H. Burns, of St. Michael's, as manager and president, and a two-story brick warehouse on St.Mary's Square in St. Michael's, rented.

The first floor, where pelts are cleaned and cured, has a capacity for curing 15,000 muskrat hides, at one time. The warehouse is well equipped for the handling and curing all kinds of fur. They run two shifts of men, one during the day and the other during the night.

Robert Moffett, Morgan Bennett and H. Clay Lusby, among the largest dealers in the county state that the season has been an unusually profitable one for the trappers, notwithstanding the fact that in sections of the county fewer rats have been caught than was the case last year, according to leading trappers they have no complaint regarding the season's average prices.

The fur-buying market here on Saturday presented a busy scene when from 800 to 1000 hides, many of which were the best black furs, were sold at prices ranging from from $1.65 for brown to $2.55 for black.

Quite a number of owners of marsh lands leased their marshes during the season at good prices. It is reported that Harry Toulson, of Quaker Neck, and Ernest Willson, of Eastern Neck Island, have been the most successful trappers.

DO YOU RECALL BIG BLIZZARD?

Of the blizzards within the memory of men, the most severe was that of 1888. In fact the '88 affair has always been the criterion for judges of weather ferocity.

That famous blizzard occurred 40 years ago Sunday, and it started the records say with a slight rain that turned to snow, then into a "mild sample of a Dakota blizzard or a touch of a Siberian winter."

Many lives were lost in the great area covered by the blizzard, and thousands suffered from frost bite and exposure. Trains were held up and telegraph poles and trees and houses blown down.

The year 1888 was a leap year like 1928. The storm began with rain on the evening of Sunday, March 11, and at 11 that night the rain turned to snow. By daybreak, an extremely heavy fall of snow covered the ground in huge drifts. Roads and streets were blocked.

The sonw stopped falling in the afternoon, but the extremely violent gale kept up and all day Tuesday, piling up the snow still more. On Wednesday, the snow began to melt but it did not completely disappear for several weeks.

Wednesday, March 28th, Millington Girls' Club. This is a new club just organized with 19 members.

Miss Margaret McPheeters, State Nutrition Specialist, has been spending Thursday, Friday and Saturday helping the women of the clubs to arrange their kitchen. A Kitchen Improvement Contest will start with this scoring and last for three months. It does not always mean an outlay of money to save steps. Often moving a table and thinking and "planning" will do a great deal. As we need more time for poultry it is necessary to save time and energy in the kitchen.
