THE LITTLE HOME TOWN PAPER

By Jas. M. Woodman

I have read the city dailies and the magazines of worth;
And the weekly publications which go all o'er the earth;
I have wondered at the pictures and other things therein.
And hardly know upon which page 'twould be best to begin.
I like their snappy, modern ways, their wondrous stories, too;
But, somehow, when I'm lonesome and I'm feeling glum and blue,
I find old friends around me, and I fairly hear them speak,
When I read the home-town paper which comes to me each week.
It isn't much for beauty, and the print is sometimes blurred;
But there's the news about the folks, and things which have occurred.
And it tells of how Ben Slocum has cut his crop of wheat;
And it says the harvest apples are mighty good and sweet;
How Deacon Pitkin's youngest girl has gone away to school!
It hints that nights are bad for corn because they're rather cool.
A smile most always curls my lips and I can feel my cheek
Glow warm, when reading what it says about old friends, each week.
In whispering tones it breathes to me a message drear and sad—
How this or that old pal of mine has slipped and turned out bad.
Mixed in with sociables and things which tell of wholesome fun,
I find the names of those for whom Life's sands have ceased to run.
And, so I say, and have no fear that you will disagree,
The greatest source of news on earth for common folks like me,
Is when I greet old friends anew, and with them sit and speak,
As I read the home-town paper which comes to me each week.

A Question of Etiquette

In case of an auto wreck, who should speak first? And should the man precede the lady through the windshield?

FOR CONGRESS

Hon. T. Alan Goldsborough

The announcement that Hon. T. Alan Goldsborough will be a candidate to succeed himself as Representative from the First Maryland District has been received favorably by the people and the newspapers of the Eastern Shore.

The following editorial excerpts from newspapers on the Shore are typical of many others wherein editors have voiced the sentiment of their readers, who believe the Congressional record of Mr. Goldsborough entitles him to the favorable consideration of Democratic voters when they go to the polls on May 7th:

"Mr. Goldsborough has made a good Congressman—Any one who has had occasion to call upon Mr. Goldsborough in any capacity has always found him courteous, and eager to help."—*Marylander and Herald.*

"Mr. Goldsborough has ably represented his constituents and we think it fair that he should be kept in his present position, to be more useful as the years come and go to the citizens of the nine Eastern Shore counties."—*The Caroline Sun.*

"The Congressional campaign on the Eastern Shore, from which the Democratic party expects to choose a nominee for the seat in the House of Representatives in the May 7 primaries has taken an unusual turn—one that is far from complimentary to its instigators. Political foes of Representative T. A. Goldsborough are whispering tales concerning his health, following a nervous breakdown nearly two years ago. They repeat in a low monotone that he is unable to continue the work in the lower House of Congress in which he has served the Eastern Shore continuously since 1920. Mr. Goldsborough has paid several visits to Salisbury recently and, while he may have suffered at one time from the ill effects of over work, his mind appears as brilliant and as keen to the obligations of his office as when he was first elected."—*The Salisbury Times.*

"Mr. Goldsborough is too valuable a citizen to be retired to private life either by impaired health, or by a mistaken electorate. His services to the State have been such as to characterize him as a man of brilliant mind, industrious habits, honest convictions, and loyal to the interests of his constituents."—*The Worcester Democrat.*

"The Eastern Shore has never enjoyed the services of a more capable representative in Congress than T. Alan Goldsborough; he has been faithful to the interests of his District, has been tireless in serving his people, and has built a record of which his party and his District are justly proud. The renomination of Mr. Goldsborough means Democratic success in November, and another term in Congress for a most worthy public servant who has been capable, steadfast and true to the best interests of the Eastern Shore of Maryland."—*The Crisfield Times.*
