ELECTRICAL REFRIGERATION

When thinking of Electrical Refrigeration, think of the name KELVINATOR.

Refrigeration is not an experiment with the Kelvinator Co.

They have been building electrical refrigerators for 14 years.

We can also make your old ice box or refrigerator electrical.

For your convenience, I have one at my store.

Owen C. Smith

BIRTHDAY PARTY

To celebrate his eighty-ninth birthday anniversary, a party was given Thursday evening to Benjamin F. Davis at the home of Mrs. Walter Fowler, 1833 West Fourth street, Wilmington.

Mr. Davis is enjoying health. During the day he received many calls and cards of congratulation. He is a former resident of Kent County, Md.

Mr. Davis has ten children, seventeen grandchildren and thirteen great-grand children, and one great-great grandchild.

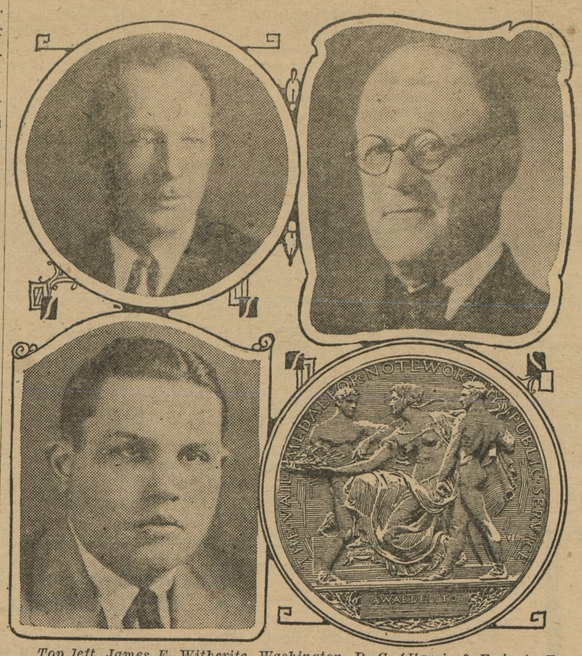

Among those present at the party were: Mr. and Mrs. Charles Robinson, Mr. and Mrs. Passwater, Mr. and Mrs. George Burroughs, Mr. and Mrs. R. P. Otteni, Miss Rose Wilkinson, Miss Zay Davis, Harry West, Miss Catherine Bound, John K. Tammney, Miss Catherine Robinson, Charles Robinson, Jr., Miss Elizabeth Otteni, Mr. and Mrs. Edward Fowler, of Chestertown, Md., Miss Audrey Robinson, Miss Gwendolen Robinson, Mr. and Mrs. John Larry, Mr. and Mrs. Jacob Wellkinson, Mrs. James O'Neil and Mr. and Mrs. Howard Brickley.

Think It Over

Have friends, not for the sake of receiving, but of giving.

DAVIDSON, SCHELLER, AND WITHERITE AWARDED MEDALS FOR PUBLIC SERVICE

Top left, James E. Witherite, Washington, D. C. (Harris & Ewing), Top right, Frederick W. Scheller, Baltimore, Md. (Hughes), Bottom left, Baxter M. Davidson, Washington, D. C. (Harris & Ewing), Bottom right, Facsimile of Vail medal awarded them.

Frederick W. Scheller, Baltimore repairman and Baxter M. Davidson, insideman and James E. Witherite, lineman, Washington employees of the Chesapeake and Potomac Telephone Company have just been awarded bronze Vail medals for noteworthy public service.

Mr. Scheller found a man seriously injured in an automobile accident. Recognizing the seriousness of the case he assumed the initiative and stopped the flow of blood in the main artery of the injured party's leg by clamping the artery with his hand. He held the artery until the patient had been transported to a hospital and taken in charge by the doctors. Although the man died later, Scheller was commended by the doctors for his knowledge of first aid which had been gained by attending classes of the telephone company, and for his prompt action at the scene of the accident. The accident occurred June 27, 1927.

The medals awarded Davidson and Witherite were for saving the life of a Washington, D. C., telephone subscriber on April 27th of last year. A two-party telephone line was reported in trouble. Mr. Davidson at the telephone company's testboard found that a receiver had been left off the hook. While trying to call the two telephones on the line, he was listening in for a possible reply when he heard deep breathing and moans as if someone was in pain. At this time lineman Witherite called in for orders, and was instructed to proceed at once to the subscribers' premises. At the first place visited he was unable to arouse anyone in the house, but detecting gas fumes escaping he secured a key from next door and on entering the building found a man on the floor unconscious but with a telephone instrument in his hand. Gas was escaping from a stove, the valve of which had not been completely closed. Witherite immediately stopped the flow of gas, opened the window, called the city rescue squad and then started immediately to perform artificial respiration on the man, who, after several minutes began to breathe normally. In the meantime the rescue squad arrived and took charge, and the man was transported to a hospital where he recovered.

Undoubtedly the prompt initiative of Davidson and the expert assistance of Witherite were responsible for saving the man's life.

EASTER GERMAN AT THE COLLEGE

The Senor Class of Washington College held its first Easter German in the history of the college last night. It will be held in the gymnasium on Friday evening 13. The function is to be notable not only on account of the large number of guests expected to attend, but also because of the unusually costs and elaborate decorations and beautiful color scheme. The gymnasium was transformed into a reproduction of the New Orleans Gardens. The color schemes were attractive blending of green and yellow, pink and white decorations, with large clusters of orange blossoms imported from Florida completely covering the gymnasium walls.

A pergola with an attractive fountain completed the gorgeous tropical scene mid which the merry dance took place. Preceding the German a dinner was served at the home of Mrs. Margaret Bell for the seniors and their escorts, and here the decorations and color scheme were similar to those in the gymnasium. The dance was to have begun at 9.15 with the German figure, led by Joseph Trapnell Kloman, chairman of the arrangements committee, and his sister, Miss Anne Hunter Kloman, of Charleston, W. Va., the figure to be followed by the grand march, in which the ladies will carry pink and white snapdragons and their favors will be Japanese parasols. The dance programs will be in the shape of Japanese lanters the lighting scheme of the gymnasium, and Simpson's orchestra from Baltimore will furnish the music. Invitations have been sent to alumni and friends of the class in all sections of the East, and the management is expecting that fully 200 couples will attend.

The following have been selected as patrons and patronesses: Judge and Mrs. Lewin W. Wickes, Senator and Mrs. S. Scott Beck, Mr. and Mrs. Eben F. Perkins, Mr. and Mrs. Thos. W. Perkins, Mr. and Mrs. James G. Beck, Mr. and Mrs. Wilbur W. Hubbard, Mr. and Mrs. Harry F. Jefferson, of Chestertown; President and Mrs. Paul E. Titsworth, Dean J, S. W. Jones, Dean of Women, Miss Genevieve Boland, Dr. Esther M. Dohl, of the college faculty; Mr. and Mrs. J. I. Coulbourne, of Philadelphia, and Dr. Mary C. Burchinal, of Germantown, Pa. The following seniors comprise the committee on arrangements: Misses Addie F. Nuttle, Denton; Virginia M. Jones, Chestertown; Diantha Roe, Vineland, N. J.; John J. Cavanaugh, James Allman, Waterbury, Conn.; and Joseph Trapnell Kloman, chairman, Cumberland.

o

Nugget of Wisdom

When in doubt, lean to the side of mercy.

Millions of Model T Fords *are still in active service*

FOR nearly twenty years, the Model T Ford led the motor industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, as Henry Ford himself says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

No matter where you live, therefore, you can still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford over the longest period of time, we suggest that you take the car to the nearest Ford dealer and have him estimate on the cost of any replacement parts which may be necessary. You may find that a very small expenditure will maintain the value of your car and will be the means of giving you thousands of miles of additional service.
