Mr. and Mrs. Alonza Foreman have sold to Raymond Foreman and wife their farm located near Fairlee and containing about 70 acres. Price private.

The Old Line Construction Co. was the lowest bidder for the one and one-tenth mile of concrete road at Betterton. Their bid was $17,235.50. The cement, which is furnished by the State will cost about $700.00, this added to the builders contract price will make the road cost about $17,935.50 There were five other bidders for this contract.

Nunnally's "The Candy of the South" has presented a large box of candy and a personal letter from its president to Miss Addie F. Nuttle, Washington College Senior; Miss Helen V. Tyler, Collegiate Sophomore and Miss Anna Cooke Coleman (recently Miss Kent County) as representing distince types of popular Southern beauty. The gifts were made in compliment to the Toulson Drug Store, exclusive Nunnally agency here.

Percy B. Hollis sails for England April 15th. He left Chestertown on Thursday after a residence here of 44 years, 40 of which was spent with headquarters in the Kent News Building. He was chemist with several well-known Kent fertilizer firms and has made a reputation for fair dealing that is enviable. He is a man of unusual intelligence unfailing friendship and his departure is to be regretted. He returns to his home in the old country where he has several elderly sisters living, but hopes to visit his friends here next year. He was given a farewell party on Tuesday evening last at the home of Thos. Massey on High street with twenty gentlemen present.

Regular services will be held in Christ M. P. Church Sunday. The choir will repeat the Easter music.

Court meets next Monday.

Quite a successful run of shad at Bettetron this week.

The April issue of "Wilmington," the official organ of the Wilmington Chamber of Commerce, will contain an article on Chestertown written by Dr. Paul E. Titsworth, president of Washington College and head of the local chamber of commerce.

A number of farm women of Kent county will address the annual banquet of the Kent County Chamber of Commerce to be held at Washington College, April 19. Mrs. Evelyn Harris, Mrs. H. M. Baker and Mrs. Isaac Dixon will be among the feminine farmers present. Dr. Franklin B. Bomberger, of the Del-Mar-Va Eastern Shore Association, will deliver the principal address, and J. H. Farrell, manager of the Wilmington office of the Bureau of Foreign and Domestic Commerce, will speak on the subject of trade.

Mrs. Harry Williams will be the speaker at the next meeting of the P. T. A. of Swan Creek School April 17, 1928, at 8 p. m. Public cordially invited.

Kent county commissioners will attend theannual meeting of the Association of County Commissioners of the Eastern Shore to be held, April 16, at Cambridge. They will be accompanied by County Engineer Gilbert B. Taylor and their counsel, H. E. Perkins.

St. James and Lynch M. P. Churches

This being the one hundredth anniversary of the birth of the Methodist Protestant, we are afforded an opportunity to express with a gift our thankfulness for our Church Mother. In keeping with the Centennial season thereof St. James and Lynch have set this Sabbath as the day for the assembling of their gift. and Sunday is Gratitude Day. St. James services include the Sabbath school at 10 a. m., hour of worship at 11 a. m., and the Christian Endeavor at 7.30 p. m. At Lynch there will be the Sabbath school service at 2 p. m., hour of worship at 3 p. m., and the Christian Endeavor at 7.30 p. m.

Washington Camp No. 34, Patriotic Order Sons of America, has underway a drive for new members. National Organizer Geo. A. Curtiss, of Philadelphia, is directing the drive and reports many new members being taken into membership in the local Camp.

The newly formed Chestertown Choral Club met Thursday evening with 18 members present. The organization will be completed at a meeting to be held Thursday, April 26th at Washington College, Mrs. W. F. Jarrell presided at the meeting.

Prof. E. Clarke Fontaine, State supervisor of High Schools, will deliver two addresses, on Friday of this week, before a convention of Teachers and Educators at Fairmount, W. Va. He will also act as advisor at a group conference of High School teachers. Mr. Fontaine is the editor of a book entitled "Education in the County Schools of Maryland," which is now being published by the State Board of Education.

The base ball season at Washington College is expected to open here today with a game with Sheperd College, of W. Virginia. The game will start at 3.15 p. m. and the admission is 50 cents.

The new road signs being erected along the highways and at road intersections in the Kent and towns are a part of a system that will be uniform over the whole of the United States. The signs are being placed at the expense of the separate states. All official maps will carry the new markings appearing on these signs.

At the meeting last Monday of the Chestertown Rotary Club it was announced that the speaker for the meeting next week would be P. Y. K. Howat, representative of the Port land Cement Association. Mr. Howat will discuss various uses of cement. The meeting last Monday was given over to the discussion of ways and methods to improve Chestertown. The chances of securing an Armory for Chestertown and Kent County were discussed. Major Frank B. Hines was the speaker and asked the help of all persons and organizations in getting the Armory for Chestertown.

Dr. Douglas Fryer, of New York University, will speak before the Current Event Club Betterton High School, Tuesday evening, April 18 at 8 p. m. Subject, Vocational Training. Dr. Fryer is from the National Community Foundation. The public invited. Armission free.

Miss Virginia Gosman, of Still Pond, spent Easter with her grandparents, Mr. and Mrs. Wm. Rodney, of Chestertown.

THE NEW FORD CAR

GENERATOR

The generator on the new Ford car is of the power house type. There is no bearing on the commutator. As the result of this no oil can get on the commutator. The bearing is on the inside of the armature and runs in an oil reservoir which holds sufficient oil to last a year. Ball bearings which are 500 per cent oversize are used in the bearings are two brushes for each load, and eac hbrush will carry a full load. The armature and core are fully ventilated giving a cool generator even at full load. Altogether the generator is so designed as to eliminate most forms of generator trouble, with greatly increased efficiency, and should easily outlast the life of the car without giving any trouble.

CLUTCH

The clutch in the new Ford car is the same as that designed for the Lincoln car except smaller. It is the only dry plate multiple disc clutch with as many disc, used in any light car in America. The advantage of the clutch with so many plates is, that it operates softly and smoothly at all times. It is built to withstand wear and give long service. The Ford clutch spring is of 386 pounds tension and requires no adjusting.

Let Us Sell You A Ton Of Evidence

Last Spring our Mr. Ford called on Mr. Henry Austin, of Felton, Del., to sell him some truck fertilizer whereupon Mr. Austin asked him the price of our 5-8-5 Truck Goods and Mr. Ford informed him; Mr. Austin said, "I am amazed at any such price for I can buy the same analysis for $4.00 less per ton."

To this Mr. Ford replied, "that may be true, for we could make a goods to analize the same for $6 less per ton, but you must remember this, that there is as much difference in the articles of plant food as there are in man food. We could use cyanind at a cost of $2.00 per unit of ammonia and other mineral ammoniates for about half what we pay for the animal ammoniates, such as fish, bone, tankings, in our truck goods.

Mr. Austin said, "well, send me a ton of Evidence." He took our ton and tested along side of three other makes of fertilizers which cost him from $3.50 to $5.00 less per ton. And during the season the experimental plot was the show of the neighborhood and people came for miles to see it.

Later in the season Mr. Austin called up and wanted two tons more of our goods sent at once. Mr. Ford said, "I have no other cars now for Felton and it will cost $2.00 more per ton to truck it that distance. Mr. Austin said, "I don't care if it costs $20.00 more per ton, as I have grown twice as much produce from yours as I have from any of the other three brands and I want it.

If, therefore, you are not already a patron of ours, let us sell you a ton of EVIDENCE.

Very truly yours,

PEERLESS FERTILIZER CO.

CHESTERTOWN, MARYLAND

Here's the knicker suit boys' fall for

Great Values

$10. to $15.

Here are the bare facts—on boys' Oxfords

$3.75 to $5.00

They're Bostonians—the same as our Mens Shoes of sturdy scotch grain and calf skin, very strong yet considerate of a boy's growing feet. Roomy toes, a good lift to the heel, water-proof soles, natural lines with a manly air, are details boys like.

The long wear and the price are details parents like.

Ask your boy what he likes about it. He'll tell you that the knickers are cut just full enough; that the lapels have the right slant, and the pockets enough depth. That's the verdict of the many boys who got them here.

And when it comes to wear—they stand up under rough treatment as sturdily as your boy does. Colors are practical; Scotch mixtures, browns, greys, blues.

Sizes 6 to 19

Everything you need in boy's furnishings is here.

BOYS

"connect" with these two specials

Shirts $1.00

They're a sure hit with boys—white shirts, fancy shirts — shirts tailored with good, full lines. Fine tailoring in every one. All sizes.

Neckwear 50c

They're the kind the boys call "hot." That means they have got high color that they hold their shape take a lot of knotting without looking tired.
