GREAT GAIN IN SALES

The oversupply of crude oil in 1927 has imposed a severe financial tax on those oil companier which have their own producing wells and do their own refining. Many of the oil companies reports show an unsatisfactory business year.

Sun Oil Company is one outstanding exceptiin. Its sales on its industrial and lubricating oils, its spray oils and cutting oils have shown a great gain, but since Blue Sunoco came on the market, the 1st of April last year, this product has shown a phenomenal growth. This Company has always made a high quality gasoline, but beginning April 1st the sales of Blue Sunoco have steadily mounted with startling gains each month over the same months of the previous year.

Newspaper advertising has been used as the backbone of an advertising campaign which acquainted many milloins of motorists with the outstanding qualities of this new motor fuel. The Sun Oil Company has always believed in telling its story of its quality products mostly through newspapers.

The tremendous success of Blue Sunoco, while of course due primarily to the quality of this powerful, knockless motor fuel, is also due to the value of the newspaper space in presenting this story to its readers. The Sun Oil Company is using newspapers again this year to remind people once more of this fine motor fuel. So tremendous have been the demands upon the Sun Oil Company from dealers and from motorists, that at their Toledo refinery it has been found necessary to build the largest still in the world, fully 50 per cent bigger than any still so far built, to help supply these demands.

NEW MARKERS ON STREETS

The State Roads Commission have erected new markers on the streets of Chestertown and elsewhere in the county ond State. All official maps will carry the new markings appearing on these signs.

The new markers are to be used for better guidance through the town on the streets that are considered as State Highways. The markers are of ornamental type. The signs will be illuminated at night. Mr. Mackall says that automobile drivers unacquainted with a town find more difficult in getting through a town, and by plainly marking the routes thru Chestertown he believes that all difficulty will be eliminated.

No. 213 leads to Ocean City; No. 70 to Tolchester, and No. 23 to Rock Hall, etc.

Those who enjoy the large pleasures of advanced age are those who have sacrificed the small pleasures of youth.

Sale for Taxes

By virtue of authority vested in me as Treasurer of Kent County, Maryland, by Act of Assembly and providing for the collection of State and County Taxes, I will sell at Public Sale, on

ELECTRICAL REFRIGERATION

When thinking of Electrical Refrigeration, think of the name KELVINATOR.

Refrigeration is not an experiment with the Kelvinator Co.

They have been building electrical refrigerators for 14 years.

We can also make your old ice box or refrigerator electrical.

For your convenience, I have one at my store.

5 Per Cent. Interest on Farm Loans

Since the 5 Per Cent interest rate for farm loans became effective, the Kent and Queen Anne National Farm Loan Association has received applications for loans totaling $73,000, showing the increasing popularity of this cooperative means of securing money.

If you are carrying a 6 per cent mortgage on your farm, which never grows less, why not transfer it to the Federal Land Bank and get the benefit of the 5 per cent interest rate,which reduces your mortgage principal every year.

If you desire to purchase a farm, the Federal Land Bank will finance the loan to the extent of 50 per cent of the purchase price at 5 per cent interest.

No better means of financing farm loans has ever been offered than that afforded by the Federal Land Bank.

Come in and let me talk the matter over with you.
