CAN'T PRAISE IT ENOUGH

Lydia E. Pinkham's Vegetable Compound Helped Her So Much

Kingston, Mo.—"I have not taken anything but Lydia E. Pinkham's Vegetable Compound for 18 months and I cannot praise it enough. I weighed about 100 pounds and was not able to do any kind of work. My housework was done by my mother and my out-of-doors work was not done. I have taken four bottles of the Vegetable Compound and now I am well and strong and feel fine. I got my sister-in-law to take it after her last baby came and she is stronger now. I cannot praise it enough."—Mrs. Harry V. Eastin, R. 1, Kingston, Missouri.

St. James and Lynch M. P. Churches
L. Colvin Randall, Pastor.

To say that these churches will observe the usual order of services this Sunday would be to expect nothing unusual. This in respect to the thought to be emphasized, and in the number of those in attendance. Relative to those who will attend, there are many whose faces have been among the missing since the winter slump, and some who have been missing all along. If these will put in their appearance this Sunday, that in itself would create an air of difference in the order. Then the pastor has a thought to bring to the attention of the congregation that may be new. At least, it will be as far as he is concerned, as applied to the work of Christian peoples laboring in the sight of God. The pastor's theme will be, "Using Our Talents." Come with us, and see if there is something new under the sun. Nor will the other services be just the same, if we have your co-operation. Let us not stand still, but let us study how we may improve our labors for the kingdom. St. James Sabbath School at 10.00 a. m., hour of worship at 11.00 a. m., Christian Endeavor at 7.30 p. m., led by Miss Betty Moffett, and Wilbur Morris, Jr. At Lynch you may join in these services, Sabbath school at 2.00 p. m., hour of worship at 3.00 p. m., and Christian Endeavor at 7.30 p. m.

EVERY DAY MOVING DAY IN TELEPHONE COMPANY

Location of Over 41,000 Stations Changed Last Year Officials State

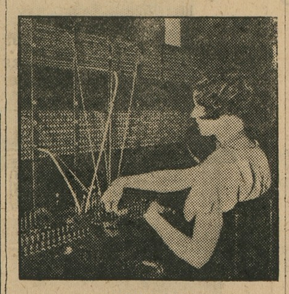

Wire Chief changing a telephone line on the central office main frame.

In the telephone company every day is moving day. Last year more than 41,000 telephones were moved from one location to another in Maryland, Virginia, West Virginia and the District of Columbia, say officials of the Chesapeake and Potomac Telephone Company and associated companies.

Moving telephone equipment may include the telephone or bell box on one's premises, or private branch exchange switchboards from the largest multiple type connecting hundreds of telephones to the smaller monitor or cordless switchboards which connect only six telephones. In certain cities there are regular moving seasons and thousands of people plan their moving days months ahead, but unfortunately the majority overlook taking the telephone company into their confidence. They seem to think that moving a telephone is a small job and that it is only necessary to call the telephone business office a day or two before the actual move is made and expect to have the service all ready by the time the household goods arrive. However, this is far from being a true statement of the facts, telephone officials state.

The telephone company is anxious to have as much notice as possible as to when people are going to move and where. By giving the company advance notice it is able to marshall its forces and plan the work so that there may be as few interruptions to service as possible. Those who put off notifying the management until the last minute will more often than not be disappointed in the time that it takes to have the service re-established in their new location.

TELEPHONE OPERATORS' VOICE PLEASES PUBLIC

"THANK YOU"

The telephone operator with a pleasant, animated voice, with a ready and cheerful reply, is more than a telephone operator. She is an important part of the institution. It is here where the customer or prospect gives his signs, your signal, his rap to get in.

Did you ever notice that a fraternal society always has a cheerful, well-liked man at the outside wicket? It's something to think about. — Silent Partner, New York, N. Y.

WASHINGTON SERVICE PROTECTED BY CABLE

Less Than Six Per Cent of Telephone Wire in Md., Va., W. Va., and D. C. Now Open Lines

Washington, the nation's capital, has one of the most modern and best protected telephone plants in the world. During a severe snow and wind storm recently, only 11 of the 144,000 telephones connected with the switchboards of that city were put out of service although snow drifts piled up; the wind howled and the icy hand of winter held the city in its grasp.

On the day of the storm Washington telephone users made about 690,000 calls; about 90,000 more than are made on normal days, telephone officials say. Washington is now served by more than 535,000 miles of telephone wire of which 99.3 per cent is in cable.

In Maryland, Virginia, West Virginia and the District of Columbia, there are now more than 2,952,000 miles of wire serving the telephone systems of the Chesapeake and Potomac Telephone Company and associated companies. Of this total wire mileage, 94.6 per cent is in cable, officials of the telephone company state.

A JIM-DANDY NICKEL CIGAR

Made with Ripe Tobacco and Ripe Experience

When good tobacco and thirty years of cigar-making experience get together, you're pretty sure of a good smoke. But when combined in a cigar you can buy for a nickel, man, you've found something!

Here it is: *Havana Ribbon.* Value? Count back over the years—over the old-time purchasing power of a five-cent piece. Smoke a *Havana Ribbon.* You'll find your nickel buys a *better* cigar than it *ever* bought.

Sheer popularity has done it. Immense production enables the use of tobaccos usually considered too expensive for five-cent cigars. *Havana Ribbon* is made entirely of *ripe* tobacco — the choice middle leaves of the plant. No bitter *under*-ripe nor "flat" *over*-ripe leaves. Pure, fragrant, mellow-mild flavor of tobacco at its best. Long filler, too—no "cuttings" or short ends.

Also sold in *Practical Pocket Packages* of five cigars.
