"WALNUT HILL" SOLD

"Walnut Hill," a two hundred acre farm owned by J. B. T. Merrick, of Ingleside, was sold last week at private sale to Roger Jester, of near Church Hill. This is one of the finest and most valuable farms in Queen Anne's county. Mr. Merrick will discontinue farming January 1st, and Mr. Jester will take possession. Mr. Jester recently sold his farm, located near Church Hill to J. Clifton Green, of Mendenhall, Pa.

"Wife Savers" At Lyceum

The colonel's lady and Judy O'Grady may be sisters under the skin but in the movies, the camera's eye doesn't delve into the under regions of man's pigments. Which all goes to show that near Beery and Hatton teams do not approximate the one and only comedy team that means more to the laughing public than any other.

Wallace Beery and Raymond Hatton started what turned out to be a deluge of comedy teams that have been in and out of the trenches so many times that the mud of ridicule might be turned against them.

It has been very flattering to see the number of imitators our two original war satirists have had. It is seeming that we play these two again and again just to show you the difference between the original and the score imitators.

In "Wife Savers," the newest Beery and Hatton which will be at the Lyceum on Thursday and Friday, May 17-18, the boys are in action high in the Alps just after the armistice has been signed. Beery, who in civilian life was Hatton's boss in a Brooklyn restaurant, is a baking Swiss guide and yodeler. Hatton is a "shavetail" second lieutenant who orders Wally to guard his girl while he is detailed elsewhere. Beery does his job so well that he marries the girl, Sally Blane. She comes to her senses, however, and leaves both Beery and Hatton in the lurch by finding a youngster who is more worthy of her.

To say that "Wife Savers" is comparable to "Behind the Front," "We're In the Navy Now," and "Now We're In the Air," is putting it mildly. It is in all respects a genuine laugh making and rapid fire comedy. Don't fail to be present when the rest of the town is laughing itself into a happy coma.

Ralph Cedar wielded the megaphone for these incomparable comedians and the resultant vehicle will no doubt ride the patrons high, wide and handsome through the laugh lanes.

Asparagus growers in the county who are beginning to ship large quantities of fine grass to city markets, are worried about the ravages what is known as the asparagus beetle, which is beginning to get a foothold in this county, and which unless checked may do considerable injury to the crop.

CHEVROLET

During the last ninety days more new Chevrolet cars were delivered in this community than in any similar period in Chevrolet history—and most of these new car sales involved the trade-in of the purchaser's previous car. As a result, we have at this time a wide selection of used cars that have been thoroughly reconditioned—and which may be identified by the Red "O. K. that counts" tag. Come in and make your selection while our used car stocks are complete.

A New Record for stock cars under $1400

Better than a mile a minute for 5000 miles

The Dictator $1195 to $1395 F. O. B. FACTORY

BY traveling 5,000 miles in 4,751 consecutive minutes, the Studebaker Dictator has established a record unequaled by any stock car under $1400—comparable to the existing world record of 5,000 miles in 4,559 minutes made by The Studebaker Commander last fall.

And not one, but two Dictator Roadsters, fully equipped, each traveled 5,000 miles in less than that number of minutes. The run was made at the Atlantic City Speedway, April 20-23, under the supervision of the Contest Board of the American Automobile Association. Before and after the run, the cars were checked by the Technical Committee and were pronounced strictly stock models.

CLAIMS *vs.* FACTS

Automobile advertising is full of extravagant *claims* of performance. But Studebaker offers you definite FACTS supported by the certificate of the highest motoring authority. Under A. A. A. supervision The Commander has made a record never approached by any other car on earth (25,000 miles in less than 23,000 minutes). The Erskine and The Dictator have made records unequaled by any other stock cars at or near their prices.

The high quality of materials, the precision workmanship, the rigid inspections and the engineering genius in the Studebaker Dictator are proved not only by its ability to travel 5,000 miles in less than 4,800 consecutive minutes, but also by the fact that any Dictator can be driven 40 miles per hour as soon as it leaves the assembly line at the factory.

Backed by Studebaker's 76-year reputation for quality and value, The Dictator offers champion performanee at a low One-Profit price.

Values in Four Price Fields

President Eight, $1985 to $2485; The Commander, $1435 to $1625; The Dictator, $1195 to $1395; The Erskine Six, $795 to $965. All prices f. o. b. factory.
