COUNTY TAX RATE FIXED AT $1.54.----REDUCED 6 CENTS

After careful and painstaking study the County Commissioners of Kent at a special meeting Wednesday declared the tax-rate for 1928 to be $1.54. This is a reduction of six cents from last year's rate and will be welcome news to all tax-payers. The State tax is also reduced this year two cents, it being 25 and 64-100.

The rate was declared on a basis of $14,964,370 of real and personal property, $1,864,320 securities, and other taxable property which yielded $261,898.47, the total expenses for the year. Of course there would have been a greater reduction but for the great demands for schools, roads, elections, etc., etc. The figures in detail are in hand and will be published at once.

The present Board of Commissioners have conducted the affairs of Kent County in such a rigid compliance with law that they can give the condition of the county's finances, and to whom money has been paid, in a few minutes. It is rather refreshing to know these things and to know that your affairs are looked after in such a manner t hat you know honesty and good judgment governs every act.

We congratulate our commissioners, Messrs. S. J. Johnson, Rinngold Jones and Charles D. Wood upon their faithful work. Also their clerk John Medders.

THE SMALLEST WATCH

The smallest watch in the world is on exhibition at the jewelry store of J. S. Kreeger here. It is half the size of a dime and value at one thousand dollars. It is the exact duplicate of one given Miss America and is the property of the Bulova Watch Co.

Emily Mary Blackiston, of Rock Hall, was the lucky girl and William Bennett Cleaver, of Kennedyvile, the lucky boy, in the clock contest staged by the Bulova Watch Co. and Mr. Kreeger. They were each presented with a handsome Bulova watch.

A FIVE-COUNTY ALFALFA CAMPAIGN

Good Seed — Milk Flows Where Alfalfa Grows.

Possibly the noe most impotrant step in securing a good stand of alfalfa, is the planting of good seed.

A suitable field may be selected, properly prepared, fertilized, limed and every important step followed up to the planting of the seed, and here if an inferior grade of seed be used, all former efforts might be counted lost.

The selection of the seed must therefore be given due consideration and at a recent conference it was decided to arrange with Farm Bureau Corps and Local Dealers to handle a standard grade of seed. By doing this everyone will be assured that the seed they buy is right.

Alfalfa is one of an oldest plant having first cultivated by the Greeks and Romans, having introduced into Greece from Media 470 B. C. Media or Persia is probably the region of its original culture. It was first cultivated in North America in about 1650 and has constantly become more popular as the dairy business has grown.

There are a number of sources of seed, however, the seed that has proven most successful on Maryland Farms, is that coming from central and northern United States. Kansas and Nebraska and South Dakota seed has done exceptionally well in Maryland.

The Maryland Experiment Station has found that it is not necessary to use the Grimm variety which is the highest price alfalfa seed on the market. Equally as good results have been obtained from the common and variagated types of seed. This seed can generally be bought at a much lower price than the Grimm.

Seed selection in alfalfa is nothing different from any other crop. Plant poor seed and nothing but a poor crop can be expected.

Consult your County Agent before purchasing your alfalfa seed.

'Alfalfa Acres Are Money Makers.'

KENT 4-H CALF CLUB

The Kent 4-H Calf Club met last Monday night in the County Agent's office and elected Walter T. Morris, President of the Club for the coming year. Wilbur H. Morris was the choice of the club for vice president. Norman Sutton was elected secretary and Albert Nicholson, treasurer. John Skirven, William Carroll and Victor Hendrickson were named on the executive committee with the officers. Stanley B. Sutton is local leader of the club.

Stanley Sutton reported that the first heifer bred and raised by himself in club work had just completed her first year's milking period with over 12,000 pounds of milk. Norman Pennington and Franklin Moffett who were both present, had heifers to produce over 14,000 and 10,000 pounds of milk, respectively, for their first milking years.

The program of the Calf Club for 1928 included a County Club Show and showing heifers at the Timonium State Fair. The members also have agreed to cooperate with the Five-County Alfalfa Campaign by having an alfalfa patch sown on every Calf Club menber's farm.

The Calf Club will meet again on Monday evening, June 18th, at 8 p m., when "Jack" Frost, Junior Editor of Hoards Dairyman, of Wisconsin will be present. E. G. Jenkins, State Club Agent, will also attend the meeting, and both will tell some interesting stories of club work. The Calf Club Sextette will be on the entertainment part of the program.

CHESTERTOWN WINS PRIZE

At the State Firemen's parade in Elkton Thursday the Chestertown Band and Company did themselves proudly. They won a $100 prize for the most men in line and the best appearance. Our band made a fine impression.

TRAIN STRIKES TRUCK!

John Robinson, his son Ben and grandson, John Benjamin, of Still Pond, made a narrow escape with their lives Thursday afternoon. They were on their way home in a truck. Thinking the train had passed by Still Pond station they did not investigate but kept straight on toward home. The train happened to be late and both reached the crossing at the same time. Mr. Robinson turned his car head on toward Chestertown but the engine struck him on the side overturing the auto. Mr. Robinson received a broken rib, Ben a bruised body and the boy escaped unhurt. The truck was demolished.

HERBERT HOOVER NOMINATED ON FIRST BALLOT

Herbert Hoover was nominated as the Republican candidate for President yesterday at the Republican Convention in Kansas City. Gov. Al Smith, of New York, says Hoover will not be hard to beat.

STORM STRIKES KENT COUNTY

A severe wind and rain storm with some hail visited Kent county Saturday evening about 6.30 o'clock. In Chestertown several large trees were blown down and limbs broken off Telephones in many instances were put out of commission but no serious results have been noted.

In Broad Neck, however, heavy loss is reported. The wind, which reached the velocity of a cyclone, blew over the barn and stable on the farm of John Vickers, killed 300 young turkeys, and blew one of the coops into telephone wires, where it was suspended. Mr. Vickers, who was caught in the force of the storm on the road was compelled to crawl along the ground for a considerable distance. A new barn on the farm of the late George Beck, tenanted by Sam Emory, was twisted from its foundation; trees were uprooted, as were several of the fine old shade trees on the farm of Walter B. Strong in the same vicinity.

J. C. Stoops, Frank Coleman, Aubrey Faucett, James Deford and others had instances where the wind played havoc.

EDITOR COLLINS GOING WEST

Richard H. Collins, Jr., will represent the Chestertown Rotary Club at the Rotary International Convention to be held at Minneapolis, Minnesota, next week. He will leave here Sunday and be gone for a week.

Dr. Ross Elliott, prominent Laurel Del., physician, was the speaker on Monday evening before the Chestertown Rotary Club at their weekly meeting at Maplehurst. He is a leading member of the Rotary Club in his city. Members of the club are looking forward to the annual summer meeting to be held at Betterton this year on June 26th at the Hote' Rigbie. The Rotary Clubs of Elkton Centreville and Denton will join with Chestertown at this time. The occasion will be in the nature of a Ladies' Night.

CHESTERTOWN MERCHANTS WILL STAGE DOLLAR DAY NEXT THURSDAY, JUNE 21

The Kent News calls attention of its readers to page 6 of its advertising columns in today's issue, announcing big day next week, THURSDAY, JUNE 21, when leading merchants of Chestertown will offer special bargains for ONE DOLLAR.

These dollar days are no new thing and everybody is aware of the unusual opportunities to make one hundred cents as expansive as could be possibly done. The stores of Chestertown are justly noted for great shopping facilities.

Chestertown's merchants are ready to prove that their goods are as cheap as those of the same quality displayed anywhere. It is sometimes easy to be deceived in patterns and quality. Business men here are ready to compare prices on similar quality goods with any place on the Shore or off the Shore. Not all goods of identical pattern are of identical quality. "Skim milk sometimes masquerades as cream," the opera used to sing, and this is true of indifferent stocks.

Tradesmen of Chestertown will match goods for goods and prices for prices with any shopping center of the Eastern Shore, and stand by their offer to be as good and as low as the best and the lowest. Any sort of effort on the part of the buyer will prove this, and the seller will help in any way to prove it.

Chestertown merchants are offering bargains in furniture, shoes, ladies', men's and boys' clothing, dresses and dress goods; wall paper; shades; lamps; bric-a-brac; jewelry; head gear, men's and women's, and many other articles of general utility. Shoppers can save money by attending these sales. Go early and get a better selection.

DON'T FORGET THE DAY, THURSDAY, JUNE 21ST.

HIGH SCHOOL COMMENCEMENT

The High School in Chestertown, Prof. Creasy principal, has occupied the centre of the stage this week. The sermon was preached in the Chestertown M. E. Church Sunday morning by Dr. W. F. Corkran to the graduates. It was impressive, eloquent and beautiful." Special music was furnished by the choir under Mrs. Merrick Clements.

A large audience attended the annual declamation contest. The participants were Misses Isabelle Crowe Esther Peacock, Anna Crew, Margaret Kennedy, D. B. Ford, Jr., Alan Stradley, Robert Muldoon, Weldon Townsend.

The judges, Dr. F. G. Livingood Prof. John D. MaKoskey and R. A. Kilpatrick, decided in favor of Miss Isabelle Crowe as winner of the L Bates Russell Medal, and David B Ford, Jr., as winner of the Fred. G. Usilton Medal. Music was furnished by Hill's Orchestra from Kennedyville. Miss Kennedy came second.

Wednesday, the Class Night, program follows:

Selection, Orchestra.
Class Song, Anchored.
Humorous Salutatory, Alan Matthews.
Class History, Evelyn Carter.
Presentation Speech, Dorotha Baxter and Catherine Shakespeare.
Trumpet Solo, Harry Fallowfield.
Prophecy, Ellen Tingle.

GENERAL COURSE

Harrison Cooper Moffett
Robert Ainslie Muldoon

The closing exercises of the Elementary Schools took place at the College Thursday afternoon. Prof. Smith made the address. Prof. Robinson presented certificates and Thos. L. Gibson spoke on music. Mrs. D. B. Ford directed the splendid singing. There were 100 graduates whose names will be published next week. It was a joyous occasion.

The beautiful operetta "A Rose Dream," was given before an appreciative audience on Monday evening at the Chestertown Elementary School by the pupils of the first, second and third grades. The children were trained by Mrs. Ida S. Parks and Miss Katherine Watson.

CAMPAIGN FOR MORE MILK ON

Dairymen and business men of Kent county formally launched a milk campaign Monday when a meeting was held under auspices of a committee appointed by H. B. Derrick, extension agent of the University of Maryland. Similar campaigns are being waged in Queen Anne's, Caroline, Talbot and Dorchester counties, comprising the principal milk producing counties of the Eastern Shore.

The county committee for Kent is as follows: Allan A. Harris, Wm. B. Copper, Wm. F. Russell, Chas. F. Wheatley, Dr. P. E. Titsworth, Mrs. Nell C. Westcott, Wm. G. Smyth, E. Thos. Massey, Linwood Sutton, Fred. G. Usilton, Harry Russell, R. H. Collins, Jr., T. D. Bowers, W. R. Moody, Norman Sutton, Harry Willis, Percy Hepbron, C. L. Dodd, E. A. Corey, Wm. T. Brown, B. F. Rash, Edw. Pennington, C. P. Norris and Norman Pennington.

A campaign committee of 50 members has also been appointed in the educational campaign to induce farmers to use improved feeding methods in dairy activities.

More extensive use of alfalfa was urged as feed.

F. W. Oldenburg, extension agronmist of the University of Marylanrd, W. R. McKnight, F. D. Holden, R. S. Brown and Ernest Grubb are surveying county agricultural possibilities this week in the county, particularly the tomato situation.

FRUIT GROWERS EXPECTING BIG CROPS

Mr. and Mrs. Walter B. Harris, among the most extensive fruit growers in the county are preparing to harvest one of the largest and finest crops of cherries ever grown on the farm, near Betterton.

Mr. Harris is very optimistic regarding a large and profitable crop of this fruit, as well as peaches and pears.

By adherence of sytematic spraying and proper cultivation, Kent fruit growers have been able to make good profits in late years and a study of market conditions and the exercise of greater care in preparing fruit for shipment has brought about a profitable condition.

Benjamin F. Rash has a fine prospect for all varieties of apples in his large orchards near Worton, and Mrs. Charles J. Burns, of Oldfield Point Farm, where there is perhaps one of the largest tillages of apples in the county, also has fine prospects for large and profitable crops.

Mrs. Evelyn S. Harris is using every precaution to protect her bright prospects for a fine crop of Bartlett pears on her farms near Betterton by insurance against hail storms.

Edward W. Emory, near here, is another pear grower who is anticipating a large output.
