SHORE BOARDS HOLD MEETING AT EASTON

The County Commissioners Association of the Eastern Shore composed of the nine counties on the Eastern Shore met in the ball room of the New Theatre, Easton, Monday.

There were present the presidents of the boards of commissioners of the counties, the county treasurers and counsel to the boards.

A letter received from the office of the State Automobile Commissioner in reference to automobile owners having to take out their license tags in the office of the County Commissioner of each county instead of in the office of the State Automobile Commissioner was discussed, but action was referred until the next meeting.

The visiting commissioners and all present were entertained at dinner at the Hotel Avon by the Commissioners of Talbot county.

KENT COUNTIANS IN AN AUTO WRECK

W. W. Hinmon, the red-head egg and poultry buyer, accompanied by Herbert F. Ward, Sr., started from North Carolina to New York via Chestertown in a truck loaded with $1500 worth of stringed beans, 310 baskets. While en route a colored driver of a truck sideswipped them, upset their auto, and never stopped to investigate. The gasoline ran out and over the truck and in a moment the whole vehicle was ablaze. The two men made their escape thru the open windows, while roadmen saved the vegetables. Mr. Hinmon was unhurt but Mr. Ward's knee-cap was cut off and her is now in the hospital at Wallace, N. C., where he will have to remain for some weeks. The truck was a complete loss.

RESPECT TO THE DEAD

June 11th, 1928.

Editors Kent News,
Chestertown, Md.

Dear Sirs:—On Memorial Day at Chester Cemetery my two groups of Camp Fire Girls complained bitterly of the disrespect and abuse shown the graves by the grown people and children during the service.

It seems a dreadful thing that parents will stand by and let their children romp on the graves while themselves standing or sitting on them, or using the headstones as leaning posts or steps.

It appeared useless to try and get the children off, and I regret to say the girls efforts only brought smiles of amusement.

Camp Fire and Scout leaders are ever seeking to instil the deep respect due to those who have passed into the great beyond, and what a help it would be to us, if each townsman would make a small silent vow, to help the little ones understand, that the mound of earth or headstone is but the covering of the body of a loved one that still means so much to those left behind. Yours truly,

DORIS T. BELL,
Guardian Ochotomaquath Camp Fire Girls.

Sheriff's Sale Of REAL ESTATE

Under and by virtue of a Writ of Fiere Facias issued out of the Circuit Court for Kent County, State of Maryland, at the suit of The Shannahan & Wrightson Hardware Company vs. James L. Turner, Margaret Turner and L. Dewey Turner and to me directed, I have taken in execution all the interest and estate of the said JamesL. Turner, Margaret Turner and L. Dewey Turner in and to the following real estate:

ALL OF THAT TRACT OF LAND OR FARM

commonly known as the "John Conner Farm," in the First District of Kent County, Md., near Chesterville, adjoining the lands of Wm. A. Wilson, Emma A. Woodall and the lands of others, and whereon the said James L. Turner now resides and containing

214 7-10 ACRES OF LAND

more or less. Being the same farm conveyed to the said James L. Turner by deed of Hope H. Barroll, Attorney, and dated June 1st, A. D. 1917, and duly recorded in Liber A. P. R. No. 2 folio 311 of the Land Records for said Kent County to which deed reference is to be made for a fuller description by metes and bounrs, courses and distances of said farm which farm I will offer for sale at Public Auction to the highest bidder for cash in front of the Court House, in Chestertown, Md., on

Monday, June 25, 1928

AT 11.30 A. M.

to satisfy and pay said execution and all costs thereon.

J. THOMAS HADAWAY,
m26 Sheriff for Kent County, Maryland.

SILO CONFERENCE FRIDAY, JUNE 22

Silo construction is becoming a subject of vital interest to many Kent dairymen. In addition to the many wooden and few tile silos in Kent, there are already ground or pit silos in use. How to repair ground silos is of interest to some. Whether to construct wood, tile, cement, metal or pit silos is the question to be decided by Kent dairymen who plan to build solos this year.

To assist Kent dairymen with the silo problem, County Agent Horace B. Derrick, is calling a meeting of all interested dairymen for next Friday, June 22nd, at 1.30 p. m., in the County Agent's office.

Arrangements have been made to have C. E. Wise, of the Service Department of the Portland Cement Association, J. A. Conover, Dairy Specialist, University of Maryland, Extension Service, and probably an authority on silos from the U. S. Department of Agriculture, to attend this conference.

A cdisussion of the uses and relative values of the various types of silos will be held, after which a visit to at least two pit silos will be made for inspection purposes. Everybody interested in silos is cordially invited to attend.

Enoch Knox and family and Tom Kennard, Lloyd Mulford and Wm. Hignutt motored to Salisbury Sunday where Mr. Knox will stoy for a few weeks to improve his health.

TAPPING OF TELEPHONE WIRES

The policy of the Telephone Company will not be affected by the decision of the Supreme Court in the wire-tapping cases, according to A. E. Berry, President of the Chesapeake and Potomac Telephone Company, who made the following statement:

"The recent decision of the United States Supreme Court in the wire-tapping cases, which makes evidence secured by tapping telephone wires admissable in a criminal prosecution, will not have any effect on this company's policy, which has always been to protect the privacy of telephone conversations.

"As we understand it, the court does not approve wire-tapping. It states that evidence, thus secured, is admissable in a criminal prosecution in the absence of a Federal statute for bidding it.

"In most of the States, intercepting or divulging telephone conversions is prohibited by law. Tapping wires for such purposes is a trespass upon the property of the telephone company which it will resist."

ATLANTIC GAS COMPANY BUYS LOCAL CONCERN

The Atlantic Gas Company of Philadelphia has acquired the control of the Chestertown Gas Company.

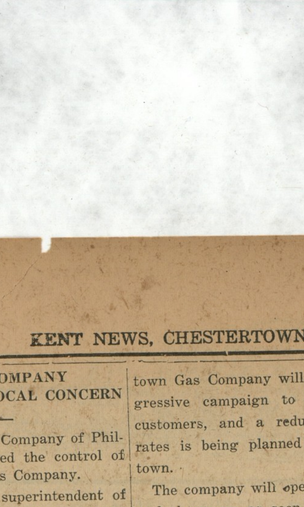

Paul N. Adams, superintendent of the local plant has just returned from a visit to the main office of Philadelphia after a conference with N. H. Gellert, the president of the Chestertown Gas Company and the vice president of the Atlantic Gas Company. Mr. Adams reports that the Chestertown Gas Company will start an aggressive campaign to secure more customers, and a reduction in gas rates is being planned for Chestertown.

The company will open up an office and showroom as soon as a suitable place can be found.

A new policy of running service installations free of all charge will be adopted immediately and be in effect for the next six months so that all future customers will receive service connections without any cost to themselves.

Atlantic Gas Company is a large holding, and operating corporation owning and operating several properties on the eastern coast of the United States. The district manager for its Maryland companies Thomas C. Hill. His headquarters are in Crisfield, Md.

The officers of the Atlantic Gas Co. are anxious to help in any way, they can the development of Chestertown and the developfent of service thru its local gas company.

Larro
GROWING MASH

Makes Husky, Healthy Egg Producers

If you've never raised pullets the Larro way, you have a surprise awaiting you. Feed Larro Growing Mash to your six-weeks-old chicks and growing pullets and you'll see the kind of growth, development and egg-laying capacity that only Larro quality can produce in a pullet. It's different from ordinary rations. You'll see that when you check up the bigger profit over feed cost.

HOWARD CLENDANIEL,
Kennedville, Md.
J. H. HIGMAN,
Millington, Md.
P. M. BROOKS,
Chestertown.

Larro Growing Mash contains the correct amount of dried buttermilk—minerals—vitamins. Results prove it has everything necessary in just the right proportions to make an ideal feed for growing birds.

Bids On Hauling School Coal

Bids on hauling all or any part of the coal supply for the public schools of Kent County, Maryland, will be opened by the Board of Education of Kent County, at their meeting to be held at 10:00 A. M., Tuesday, June 19th, 1928, in their office on the third floor of the elementary school building, corner of High and Mill Streets, Chestertown, Maryland. Any one interested in making a bid can find a list of the coal deliveries to be made to the various schools published in this paper under the heading "Bids on Coal and Wood."

All bids are to be mad e with the understanding that the successful bidder is to have as much as possible of the coal to be delivered at each school placed IN THE COAL BIN without damage to the buildings and is to bear the cost of cutting the coal back where necessary; that the coal which the bin will not hold is to be piled within ten feet of the opening of the bin and clear of the building; that the bidder is to pay for any damage to the building caused by the one delivering the coal; that the bidder is to pay all demurrage on freight cars that he fails to empty and release within the time limit allowed by the railroad company without charge.

Bidders are requested to inclose their bids in sealed envelopes marked "Bid on Hauling Coal" and to enclose these in other envelopes addressed to the Board of Education of Kent County, Chestertown, Maryland.

The Board of Education reserves the right to reject any or all bids.

By Order of the Board of Education,

LOUIS C. ROBINSON,
Secretary.

STUDEBAKER
The Great Independent
Safeguards Champion Speed with Super
BRAKES

Studebaker brakes stop speeding cars in half the standard distance specified by American Automobile Association

STUDEBAKER now holds *all* official endurance and speed records for fully-equipped stock cars—a world's champion in each of 4 price classes!

Here is proof of amazing *stopping ability* as well—

Studebaker and Erskine cars, thanks to their amplified-action 4-wheel brakes, stop in LESS *than half the distance specified by The American Automobile Association's official safety code!*

World-Championship speed and stamina *proved* by heroic, self-imposed tests under official scrutiny and sanction!

Safety *proved* by brake equipment more than *twice as efficient* as accepted standards demand!

Studebaker engineering genius has gone still further—for Studebaker's brake system, even if you were to smash it at vital points, would still continue to serve you . . . Steel bodies, low center of gravity, clear vision, and twin beam headlights are other Studebaker factors of safety.

As a result of the combination of quality materials, precision workmanship, rigid inspections and engineering genius, you can drive any Studebaker or Erskine car 40 miles an hour even when NEW. The oil in Studebaker-built cars need be changed but once in 2500 miles.

In four price fields Studebaker offers you champion cars—each backed by Studebaker's 76 years of manufacturing integrity! *The Erskine Six*, $795 to $965; *The Dictator*, $1195 to $1395; *The World Champion Commander*, $1435 to $1625; *The President Straight Eight*, $1985 to $2485. All prices f. o. b. factory
