Two MIANUS Motors Especially Adapted for Work Boats

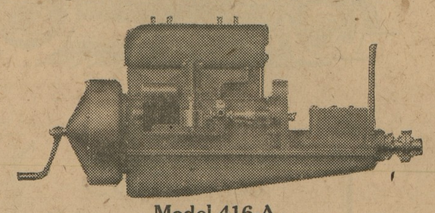

Model 27-A

There are two new MIANUS Motors especially designed for crabbing, trawling and general work boat use. These are MIANUS Models 27-A and 416-A. Both are equipped with the built-in reduction gear drive—an exclusive MIANUS feature.

The power transmitted through these silent herringbone gearsturns a larger propeller at one-half engine speed and gives the same result as a engine of 4'' bore, 5'' stroke, without reduction gear equipment.

Fuel is saved by maximum engine efficiency produced by one half the H. P. and by minimum slippage at the propeller.

Write us for further particulars about these and other models or ask our agents to demonstrate these engines to you.

Model 416-A.

KENT NEWS $1.50 A YEAR

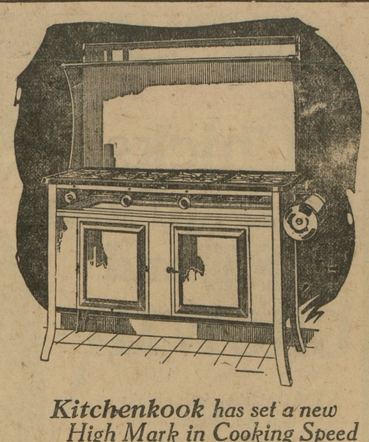

"How long should it take to boil water?"

2 qts. of water raised from 45° to boiling -in 6 min. on the new KITCHENKOOK

-in 7½ min. on an ordinary city gas range

-in 21 min. on a popular make of kerosene range

These figures are the result of scientific tests made in the engineering Department of a leading American University. They are given here to show the progress which is being made in the development of fine cook stoves.

Kitchenkook has set a new High Mark in Cooking Speed

Comparative tests show that the Kitchenkook is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison.

Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It is different from any stove you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. Kitchenkook is so simple children can use it in perfect safety.

Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.
