COURT RULES GAS TAX OFF STATE BALLOT

In an opinion handed down in the Court of Appeals late Monday, Judge William H. Adkins said that the cent-and-a-half gasoline tax passed by the last General Assembly does not come within the class of laws that are referrable to the people.

He then ordered reversed the order of Judge Robert Moss, in the Circuit Court of Anne Arundel, which directed David C. Winebrenner, 3d, Secretary of State, to place the question of the additional gasoline tax on the November ballot so that the voters might decide whether or not they wanted it. All the judges of the court concurred in the opinion.

The opinion opened by explaining that the 1927 session of the General Assembly provided for an increase after April 1, 1927, of the license tax in respect to motor vehicle fuels of one and one-half cents per gallon; that the State Treasurer should create a special fund of the receipts and to disburse the same monthly to the State Roads Commission to be used for the construction and maintenance of lateral roads in the State with the exception of one-fifth of the receipts, which is to be used for the construction and maintenance of streets in Baltimore.

The bill also provided that after October 1, 1927, the entire cost of the construction of lateral roads built by the State Roads Commission should be paid for by the State out of the revenue derived, by the additional gasoline tax and that the counties should be relieved of paying one-half of the cost for such roads, as was the case in the previous existing laws.

STATE VETERINARIANS TO MEET JULY 19-20

Members of the Maryland State Veterinary Association will hold their annual meeting at the University of Maryland, College Park, July 19-20.

The program, as announced by Dr. R. C. Reed, member of the executive committee of the association and professor of animal pathology at the university of Maryland, will include morning sessions devoted largely to a discussion of technical and professional subjects and afternoon meetings featured by clinics and demonstrations. Prominent veterinarians of Maryland and other states will take part in the program.

ST. SWITHIN PITTED AGAINST OLD SOL

A real battle that is going to last for forty days and forty nights began Sunday. The contenders are that ancient, goodly man, St. Swithin and the local weather man. The battle will be waged within humidity tables, thunder clouds, southwest winds and vigor.

Sunday was fair. Ergo, saith the saintly man, the next forty days will be as devoid of rain as a hatful of sand in Death Valley. The weather man is as scornful of the saint's prophecy as a duck of water wings. It ought to be a good war.

Sunday, undeniably, was fair. The high temperature, kept within reason by gentle southwest winds, was found to be 78 at 1.30 p. m., and the low 67 to 6 p. m., returning an average of 74, just two degrees below normal for the date. The weather man, after going into a huddle with his charts, discovered that there had been 100 per cent sunshine for the day.

Looking to the Future

It has been well observed that we should treat futurity as an aged friend from whom we expect a rich legacy.—Colton.

All the Difference

When you speak to other people for their good, it is influence; when other people speak to you for your good, it's interference.

REFORMING HEALTH PLAN

Sir W. Arbuthnot Lane, Britain's most brilliant exponent of preventative medicine, has set out to reform the health of England. Instead of healing sick people individually, he proposes that the medical profession unite to wipe out sickness itself, by preventative measures.

As the latest move in his great campaign of health education Sir Arbuthnot Lane has attacked what he calls with customary forcefulness the "curse of civilization, the disease of diseases, the master disease," which he declares is clogging of the intestines:. One of the principal causes of this, he says is deficiency of vitamin B.

His activities so far have excited great interest. He has always been conspicuous in his profession since at the age of 26, he was elected to the Royal College of Surgeons. He is now more than 70, and the intervening years have been packed with revolutionary discoveries in surgery and medicine. Many of the new methods he has introduced have been copied all over the world.

"Not only is Vitamin B essential to life and health generally," he says, "but it has a most important effect upon intestinal stasis, and its related troubles and diseases."

Sir Arbuthnot Lane then points out that one of the most important sources of this vitamin is yeast.

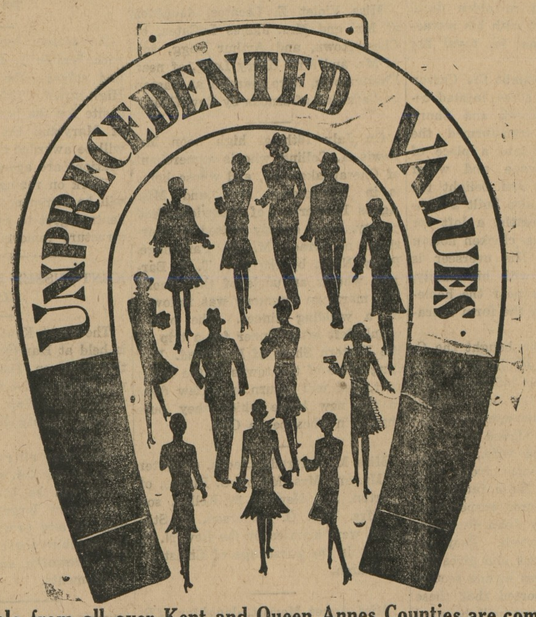

"Modern scientific research has revealed that yeast is an extremely valuable food, particularly in its rich store of Vitamin B.

SEED INSPECTION NOW IN PROGRESS

With much of the wheat crop in the State now harvested and some of it threshed, farmers who had their fields examined for certification and desire the final inspection are urged by the Seed Certification Board at College to send in a threshed sample of the wheat that they would like certified. This, with the sample taken from the field before harvesting, will determine into which of the three classes, established for seed wheat in the State, the particular grain will fall.

Tags showing the per cent of ingredients other than wheat are sent to the owner and these tags be placed on every bag of garin that is sold for seed purposes. A list of the seedmen who have had their grain tested is kept by the Board and those desiring to buy seed may learn of the nearest grower by writing to the University of Maryland.

Inspection and certification of seed in the State is becoming more popular each year and as the supply of good seed wheat has never kept pace with the demand a very fine market has been developed in recent years for the product.

People from all over Kent and Queen Annes Counties are coming here to trade. There's a power that's pulling them—and will pull you too, if you like good things and like to save. It' a magnetic power called "Unprecedented Values", and all shoppers who respond to it are awarded with unparalleled savings—REAL bargains. This "ad" will tell you what you can save now—and in the satisfaction of your purchases you'll find you can ALWAYS save by buying here.

Don't let hot weather rob your coffee flavor

Buy full flavor!

Especially in hot weather does coffee tend to give off aroma — lose strength and flavor in the air. The famous Boscul vacuum can is the *only way* to get full strength—full flavor. Best at any time but especially now. It keeps all Boscul's fine flavor — strength — aroma locked in vacuum so you get all the goodness of the world's best coffees in your cup. Why take a chance on half stale coffee?

WHY DENY YOURSELF THE BEST COFFEE?

Smart... Youthful... Colorful...

BUICK *leads the fashion parade*

Fashionable throngs . . . sparkling motor cars . . . and standing out like a frock from Paris—today's Buick!

Fleet, low lines, suggesting rocket-like getaway and unrivaled power . . . glistening colors, vivid and varied as the harmonies of Spring . . . and soft, rich upholsteries, delightful to the sight and touch.

Luxury like this ordinarily costs a thousand dollars more.

But Buick leads any other three cars in its field in dollar for dollar sales; and this tremendous volume makes possible unequaled value.

You may as well have a fine car, when you can buy it at Buick's price. Smart—youthful—colorful—Buick leads the fashion parade.

KENT NEWS $1.50 A YEAR

Harrison W. Vickers, Solicitor.

ORDER OF PUBLICATION

George Edward Laird by his father and next friend, Peter Laird,
vs.
Florence L. Laird

In the Circuit Court for Kent County, In Equity, No. 2523.

The object of the Bill filed in the above entitled case is to procure a Decree for annulment of marriage.

The Bill states:

1. That the said George Edward Laird is a minor, ninteen years of age, having been born on the 9th day of March in the year 1908, and resides with his parents, both of whom are living in Camden, New Jersey.

2. That the Defendant, Florence L. Laird is nineteen years of age and has no particular residence of any kind known to the Complaintant. The last heard of her by your Complainant was that she was in the City of New York.

3. That on June 3rd, 1928, George Edward Laird being a minor as aforesaid and the said Florence L. Laird, then Florence Lutz, secured a marriage license form the Clerk of the Circuit Court for Kent County, Maryland, and on the same day were united in marriage in Chestertown, Kent County, aforesaid.

4. That immediately after said marriage the said George Edward Laird and Florence L. Laird returned by way of automobile to Camden, New Jersey, just prior to the said George Edward Laird arriving at the home of his parents, the said Florence L. Laird got out of said automobile and left the said George Edward Laird and that he has never seen her from that day on, he continued to the home of his parents.

6. That the said George Edward Laird has never heard directly from the said Florence L. Laird since she left him, he has understood that she is a cabaret dancer and travels from one city to another. The said marriage was entered to in the spirit of frivolity and without any thought of the said marriage being ratified and consumated.

6. And the said George Laird has never shared the bed and board of the said Florence L. Laird; that there has never been cohabitation between them either prior to or subsequent to said marriage; that the said marriage has never in any way been consumated.

7. Your Orator is advised that it is within the power of this Honorable Court upon his petition and evidence supporting the same to set aside and annul said marriage.

It is thereupon, this 5th day of July 1928, ordered by the Circuit Court for Kent County, in Equity, that the Plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Kent County, once in each of four successive weeks before the 6th day of August next, give notice to the said Florence L. Laird, non-resident defendant, warning her to appear in this Court in person, or by solicitor, on or before the 20th day of August next, to show cause, if any she has, why a Decree ought not to be passed as prayed.

ROBERT A. SHALLCROSS, Clerk.
