It's Here

A scientist tells us that broadcasting of heat is a possibility. If he means hot air, it is already here.—Atlanta Constitution.

In the "Good Old Times"

In 1678, when a patent was granted for "a new spinning engine" one of the advantages claimed for it was that with it a child of three or four years of age could do as much work as a child of seven or eight.—Exchange

Oldest Assembly

The oldest assembly in the world is thought to be the Welsh bardic congress, the Eisteddfod. The name means a "session" or "sitting."

Adversity's Teachings

Stars may be seen from the bottom of a deep well when they cannot be discerned from the top of a mountain So are many things learned in adversity which the prosperous man dreams not of.—C. H. Spurgeon.

Hot weather is hard on coffee flavor — *but not on Boscul!*

All the goodness which is in Boscul Coffee because of the blending, because of the perfect roasting, because of our 97 years as coffee specialists, is retained by the famous Boscul vacuum can. It comes to you actually *oven-fresh*—full aroma, full flavor, full strength. The most delicious coffee you can buy.

Why pay full price for half stale coffee?

WHY DENY YOURSELF THE BEST COFFEE?

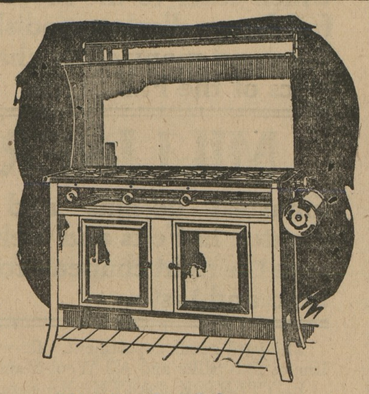

How long should it take to boil water?

2 qts. of water raised from 45° to boiling

-in 6 min. on the new KITCHENKOOK

-in 7½ min. on an ordinary city gas range

-in 21 min. on a popular make of kerosene range

Kitchenkook has set a new High Mark in Cooking Speed

Comparative tests show that the *Kitchenkook* is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison.

Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It's odorless from any source you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. *Kitchenkook* is so simple children can use it in perfect safety.

Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.

Time is the result of scientific tests made in the engineering Department of a leading American University. They are given here to show the progress which is being made in the development of fine cook stoves.

KITCHEN-KOOK
THE WORLDS FASTEST COOK STOVE

200TH YEAR TO BE CELEBRATED

The people of St. Luke's P. E. Church, Church Hill, are getting ready to celebrate their 200th anniversary. Rev. L. I. Insley is the rector of this church.

The whole parish is looking forward to the "Two Hundred Years of Service" program. They are extremely fortunate to have as the first preacher so outstanding a Bishop of the Church as Bishop Cook, of Delaware, Bishop Cook has been increasingly in demand as a speaker thruout the Church. His appointment for this occasion was made almost a year ago. The first of the Two Hundredth Anniversary services will be held Sept. 30th, at 11 a. m. Bishop Cook will be the preacher.

The second service will be held October 7th. Bishop Reifsnider, of Koyo, Japan, and Bishop Davenport will be present. Bishop Reifsnider is also president of St. Paul's University, Japan. It is said . Bishop Reifsnider will preach the sermon at Bishop Davenport's request.

The third and final service will be held October 21st, at 11 a. m. For this service after much competition they have secured the outstanding "Young People's Bishop of the Church"—Bishop Quin, of Texas. Mrs. Barclay Trippe has promised the cooperation of the Diocesan Auxiliary in extending the young people all over the Shore an invitation to meet Bishop Quin.

Four Bishops each at the head of his specialty will thus be brought in reach of every one on the Peninsula. Bishop Cook a preat preacher—Bishop Reifsnider a great missionary statesman and educator — Bishop Quin—The young People's Bishop" par excellence—Bishop Davenport the recognized authority on rural work in the Church.

Stimulating

We do not know whether the stings of bees will really cure rheumatism as has been announced, but they are very efficacious in cases of lassitude.—Louisville Times

Drew the Line

"I don't mind having rings on my fingers,'" he said, as he limped from the dance, "but hang me if I can stand 'belles on my toes'!"

BUFFALO NICKEL NOW WORTH MORE

It Buys a Finer Five-cent Cigar Than You Ever Smoked Before

Yes, sir, there's a premium value on buffalo (or any other) nickels if you measure them with *Havana Ribbon* cigars. You'll say *Havana Ribbon* really belongs in a higher-priced class. How so? Because *Havana Ribbon* is made from tobaccos usually used only in better grades of cigars. No bitter, *under*-ripe top leaves. No flat-tasting *over*-ripe bottom leaves. No "scraps" or short ends to crumble in your mouth. But only long, flavor-laden, mellow-mild, *fully*-ripe middle leaves from choice tobacco plants. Modern manufacturing methods and huge production have made it possible.

If you need any further urge to try this remarkable cigar, we'll make you this guarantee: If *Havana Ribbon* isn't the finest-tasting, biggest-value, five-cent cigar you ever smoked, you can have your trial nickel back. Also sold in *Practical Pocket Packages* of five cigars.

Services for Fairlee Charge, Sept. 9th. Sunday school at 10 a. m., Walter Barnes, superintendent. Be glad to see our teachers and pupils in their places on this Sunday as the vacation days are about over, let us be thinking of the fall work in both churches. Preaching by the pastor at 11 a. m.

Union M. E. Church, Worton

Sunday school at 3 p. m., B. F. Rash, superintendent. Preaching at 3 p. m. by the pastor. A full attendance is desired.

Australia Has Sea Serpent

The most extraordinary testimony of the existence today of the sea serpent comes from Australia.

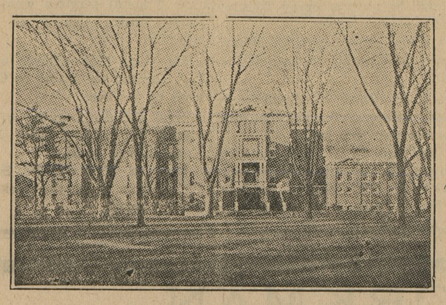

Farmers living amid the swamps have been perplexed at the frequent disappearance of their cattle. They thought thieves took the animals and bore them away by boat, but there were no tracks of men or horses—only a curious wide furrow leading to the beach.

One night a boy was awakened by the dogs, and, calling some farmhands, rushed out with his gun. He was amazed to see "a great dark object resembling a huge snake, traveling across fences and paddocks at a terrific rate. Its head was held high in the air, and in its mouth was a struggling calf."

The wide trail was followed to the beach, and the monster was seen to plunge into the sea.

Curious Alloys

In these days chemistry is enabling man to make over some of the most useful metals very much at his will and greatly to his profit. In England interesting reports have been made on the properties of alloys of copper, aluminum and manganese, which show remarkable peculiarities. An alloy of 88 per cent copper, 9.99 per cent aluminum and 2.01 per cent manganese showed enormous tensile strength, a cold-drawn bar having a yield point of 40.88 tons per square inch and an ultimate stress of 52.08 tons per square inch. Another alloy is so hard that it can take a cutting edge sharp enough to sharpen a lead pencil. The British admiralty has been experimenting with these alloys in order to determine their resistance to corrosion in sea water.

CAN'T PRAISE IT ENOUGH

Lydia E. Pinkham's Vegetable Compound Helped Her So Much

Kingston, Mo.—"I have not taken anything but Lydia E. Pinkham's Vegetable Compound for 18 months and I cannot praise it enough. I weighed about 100 pounds and was not able to do any kind of work. My housework was done by my mother and my out-of-doors work was not done. I have taken four bottles of the Vegetable Compound and now I am well and strong and feel fine. I got my sister-in-law to take it after her last baby came and she is stronger now. I cannot praise it enough."—Mrs. Hattie V. Eastin, R. 1, Kingston, Missouri.

Better Oil— More Power

How much do you spend for gasoline? How much for tires? When did your battery last have water? The "Standard" Motor Record will tell you. Ask your "Standard" Service Station or dealer for a free copy.

when you use this oilier oil you *feel* the difference for it stops friction— and this test proves it holds up motor speed and gives more power

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

STANDARD

"Standard" Wins In Fifty-Hour Test

In his engine laboratory, a large truck manufacturer made a fifty-hour test to compare "Standard" Motor Oil with other oils under the same operating conditions—all power generated being used to overcome friction. With other well-known oils the number of revolutions per minute had dropped fifty per cent at the end of the fifty hours. With "Standard" Motor Oil not only was the initial speed five per cent greater, but this speed was maintained throughout the test.

Since this test was at idling speeds, the motorist can appreciate that it indicates less friction and motor wear in starting—less wear in continuous operation.
