WILL CASE TO BE HEARD SEPT

The suit of Robert H. Jones, of Somerset and his sister, Mrs. Baker, of Baltimore, to set aside the alleged will of the late Dr. Edward E. Tull will come up for hearing in the Wicomico County Court at Salisbury on Monday, Sept. 17th. The case has attracted widespread attention and a strong array of legal talent from Baltimore and the Eastern Shore will be found at the counsel table when the argument begins.

The alleged will of the deceased Somerset physician, left his entire estate, valued at approximately $1,000,000, to Ruth and Edna Davy, protegees of the physician but of no relation to him. No mention was made in the will of Dr. Tull's brother, his sister or any other blood relation. Feeling that they were justly entitled to participate to some extent in the property left by their brother, Mr. Jones and his sister entered suit to contest the document which had been presented as his will.

GLARING AUTO HEAD LIGHTS

There is a law on the statute books against the use of glaring headlights on motor vehicles, but it might just as well not be there, for it is never enforced. One of the most eminent occulists in Baltimore city a short time ago said that they are ruinous to the eyes. An Easton motorist said this week that he drove from Annapolis to Baltimore one night when traffic was heavy and the next day his eyes gave him the greatest trouble. They are not only hurtful to the eyes, but they make the highways unsafe at night for the traveling public. In Chestertown this nuisance is great and has been many times objected too. Some inconsiderable owners of cars seem to try to secure the most blinding contrivances they can find for their headlights, and in addition dazzle the approaching traffic with a searchlight. There is no necessity for such lights; they are a positive nuisance and a menace to the safety of those using the highways and should be prevented. A number of gentlemen have requested the motor Commissioner to enforce the law, Some of them do not use their cars at nights because of the risk. We have the law. Why not enforce it? Not so long ago every owner was required to have his lights examined; this was done, and that was the last of it. In the interest of thousands of careful considerate owners of motor vehicles, who do not offend in this particular, we call upon the Commissioner to put an end to this nuisance at once. Make the highways safe for everybody and have no favorites.

POST WINS STATE HONORS

In was announced at the annual meeting of the Department of Maryland, American Legion, held in Cumberland, that the Frank M. Jarman Post of Chestertown had won the cup offered by National Commander Spafford. This cup was offered as a prize to the post making the greatest increase in numerical strength in each district. Commander Lee Gill states that the local post increased its membership over 100 per cent during the recent drive. The cup is to be presented at the National Convention to be held in San Antonio, Texas, in October. It is planned to have representatives there to receive the award.

It was also decided at the Maryland Convention that the annual meeting next year would be held at Ocean City, Md.

SIXTH DISTRICT

Walter Barnes' Room, Fairlee.
Archibald Ramage, Dem.; Harry T. Hoyle, Rep.

COLLEGE SQUAD AT WORK

Fifteen candidates for this season's football team at Washington College responded to a call issued by Coach J. Thomas Kibler for two weeks of preliminary practice. The season opens on September 29 with a game against Maryland University at College Park.

Assistant Coach Chief Beatty, who will assist Coach Kibler in daily scrimmages and instruction in the fine points of the game, arrived from Sea Girt, N. J., Tuesday. He has been spending the past ten days with Lou Little, Georgetown University coach.

Coach Kibler stated that while a number of last year's squad will return for their old positions on the team, the new material is light and green, most of it coming from high schools, where football is not one of the attractions. It looks at present rather doubtful whether he will be able to select a representative team that will measure up to the usual caliber of Washington football squads.

Daily practice will be held throughout the next two weeks, and both Kibler and Beatty will hold daily "schools of instruction" as a means of giving the green material a fair knowledge of the art of playing football.

The schedule as arranged by Graduate Manager Fred Dumschott calls for only eight games, chief among which will be the annual contest with St. John's, Washington's ancient and honorable foe, which will be played at Annapolis on October 20th.

PROPOSALS

SEALED PROPOSALS will be received until 12 noon Thursday, Oct. 4th, 1928, for the construction of and the heating and plumbing in a School House at Rock Hall, Kent County Maryland, for the Rock Hall Public Elementary School Commission in accordance with drawings and specifications as prepared by Linthicum & Linthicum, Architects, Raleigh, N. C. Drawings and specifications may be seen at the office of Louis C. Robinson, County Superintendent of Schools, Chestertown, Maryland The successful bidders will be required to furnish sufficient bond with approved security for the erection and completion of said Public School House. All proposals or bids shall be addressed to "The Rock Hall Public Elementary School Commission care Louis C. Robinson, Chestertown Maryland," and will be opened at 1: o'clock Noon, at the said Office of Louis C. Robinson, in Chestertown Maryland.

THE ROCK HALL PUBLIC ELEMENTARY SCHOOL COMMISSION
By William C. Francis, Chairman.

VICTORIOUS

in Every Test and Fulfilling Every Promise the NEW Maytag observes Its First Anniversary

ONE year ago, I announced the New Maytag as our latest and greatest achievement. Noteworthy refinements and striking improvements, including a new method of soap and water removal, were incorporated in the new washer. It set standards of convenience and washing efficiency that had never been known before.

During the year that has passed, hundreds of thousands of NEW Maytags have been introduced into as many homes, and each time subject to the famous Maytag trial basis: "If it doesn't sell itself, don't keep it." Rigorous, exacting washday tests assailed the New Maytag, and it has emerged victorious to a degree exceeding my highest expectations.

A year ago, the New Maytag enjoyed a prestige inherited from Maytags of the past. Today the New Maytag enjoys a prestige in its own right, won by demonstrated performance. It has advanced still farther in its world leadership.
