The only way to be sure of Coffee that is full strength—full flavor —full aroma

is to insist on Boscul

The famous Boscul vacuum can brings *all* Boscul's rich, deep, satisfying flavor of the world's best coffees—*oven-fresh* to your cup!

WHY DENY YOURSELF THE BEST COFFEE?

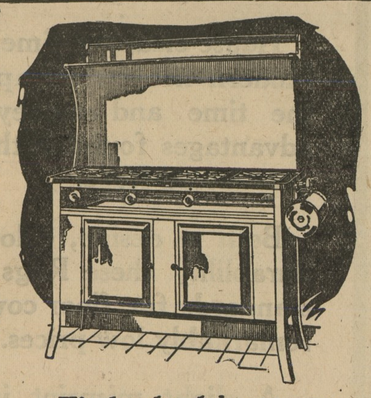

How long should it take to boil water?

2 qts. of water raised from 45° to boiling

-in 6 min. on the new KITCHENKOOK

-in 7½ min. on an ordinary city gas range

-in 21 min. on a popular make of kerosene range

Kitchenkook has set a new High Mark in Cooking Speed

Comparative tests show that the *Kitchenkook* is faster than any other type of cook stove; faster even than city gas, the usual standard for comparison.

Kitchenkook makes its own gas from common gasoline, bringing to homes located beyond the reach of gas all the convenience, cleanliness and comfort of city gas service. It's quicker than any stove you have ever used. No wicks or chimneys, no smoke, soot or kerosene odor. Master burner lights in less than one minute; then all burners turn on or off as wanted, just like gas. No waiting, no delay; fire regulated instantly just as you want it. *Kitchenkook* is so simple children can use it in perfect safety.

Don't fail to ask us for a demonstration of the wonder stove that is revolutionizing the whole industry, the most talked of stove today. Made in 16 attractive popular priced models, including white porcelain enamel ranges, with oven and broiler.

These figures are the result of scientific tests made in the engineering Department of a leading American University. They are given here to show the progress which is being made in the development of fine cook stoves.

THE WORLDS FASTEST COOK STOVE

says the gentleman from South Carolina

who always drives a Buick... to the lady from New Jersey as they pulled up to the bright red pump..."pleased to meet you, and no trouble at all to show you the nearest way to the S. S.*... and how does your little bus (and it's a pert neat Dodge) take to our scenery?"... says the lady from New Jersey, smilingly..."I like S. S.* and my little bus is perfectly content with S. S.* anywhere"...

...and there's a reason why every kind of driver for every kind of car asks for and insists upon "Standard" Gasoline and "Standard" Motor Oil... ask any one of the eight million motorists from New Jersey to the Georgia line why they use these power twins and their answer is always the same... "reliable products and service everywhere."

...the gentleman from South Carolina when he says "S.S." may mean "Sunny South"... then again we are fairly certain that he also means good old "Standard" Service

CHESTERTOWN PULPITS

Chestertown religious circles were honored Sunday with the presence of two distinguished clergymen, the Rt Rev. Dr. Wm. M. M. Thomas, Suffragan Bishop of Southern Brazil who conducted services in Emmanuel P. E. Church, and the Rev. Dr. Milton F. Stouffer, secretary of the Federal Council of Churches of Christ in America, who occupied the pulpit in the M. E. Church.

They were expected in the morning but did not arrive until the evening. Fine congregations greeted them and splendid discourses given.

Bishop Davenport and three other ministers took part in the services at Emmanuel P. E. Church. No services were held at Christ M. P. Church so that this congregation could join the other churches in worship.

RESTORE OLD BURIAL GROUNDS

The Wroth family, one of the oldest of Eastern Shore families, started a movement of restoring the old family burial grounds on the farm, now owned by Elwood Morris, near Worton, which has led to such steps by other families. Near Worton is situated the burying ground of the Hepburn family of which the Rev. Dr. Sewell S. Hepburn, of Worton, oldest Protestant Episcopal minister on the Eastern Shore, is the surviving head. Similar efforts will shortly be made to rehabilitate this old plot and to restore many of the old markers which have been either broken, marred or buried in the ground by the passage of time.

Under the direction of Thomas G. Wroth, of Chestertown, head of the Wroth family, gravestones on the Morris farm have been reconstructed and an attractive monument has been erected in the center of the plot.

Many similar burying grounds in the county have for years been in a similar state of dispair. Some of these plots are situated near country churches or adjacent to them, and some are located in the middle of fields where land cultivation encircles them.

Efforts will shortly be made in Queen Anne's county, it is said, to restore some of these forgotten plots to preserve them.

500 SHEEP FALL TO DEATH

A dispatch from Deer Trail, Col., says, "Their habit of following the leader led $7,000 worth of sheep belonging to James Scott over a cliff to their death.

The flock leader strayed too near the edge of the cliff and toppled into a canyon beneath. Five hundred other sheep followed in small grocpes while Scott's herder continued his afternoon nap.

Mrs. Steele Says of Lydia E. Pinkham's Vegetable Compound

Pratt, W. Va.—"I was so weak and nervous that I was in bed most all the time and coudn't sit up and I am only 30 years old. I saw your advertising in a magazine and after I had taken three doses of Lydia E. Pinkham's Vegetable Compound I could feel that I was better. After taking two bottles I began doing my work and I feel like a new woman. I recommend the Vegetable Compound to my friends and say it will do all it claims to do and more. I will gladly answer all letters I receive."—Mrs. S. E. Steele, Pratt, W. Va.
