Religious Enemies Of Smith Rebuked

Dr. Henry Van Dyke Denounces Those Who Invoke Anti-Catholic Prejudice

SAYS PLOT IS AFOOT

Educator and Author States That Hoover Is Not Checking Activities of Supporters

New York.—Declaring that the question of religious liberty is the most important one in the present political campaign, Dr. Henry Van Dyke, educator, author and Presbyterian clergyman, of Princton, N. J., recently attacked what he termed a "widespread cabal" to prevent the election of Governor Smith because he is a Catholic.

The denunciation of the "overt fulminations and covert whisperings" of those who are invoking anti-Catholic prejudice for the defeat of the Governor was expressed by Dr. Van Dyke in a letter from his summer home at Seal Harbor, Maine, to William Church Osborn, New York State director of finance for the Democratic National Committee.

"At the present time there is on foot in these United States a widespread cabal to keep one of the candidates for the Presidency from election because he is a member of the Catholic Church," Dr. Van Dyke wrote. "The other candidate has handsomely disavowed any personal share in the sentiments or arguments which chararterize this cabal. This is much to his credit.

"But unfortunately he cannot, or at least he does not, restrain and check the pernicious activity of his supporters, who are convinced that the end of a victory for their party justifies any means which they employ to secure it. Hence, if their candidate should be elected, he would owe his election in part to the religious prejudice and anti-Catholic enmity which the cabalists have stirred up and marshaled to the polls. This would be a misfortune for him and a calamity for our country as the home and citadel of religious liberty.

"The mere prospect of such a calamity ought to move the hearts of true Americans and honest Christians with dismay, and awaken their minds to serious thought and earnest action in defense of that real freedom of conscience which is the hard-won crowning glory of America and the dearest jewel of Christianity."

Evidence of the existence of a powerful anti-Catholic cabal is too clear, Dr. Van Dyke believes, to be ignored, "except by those who are asleep or voluntarily imitating the opossum." Proof, he wrote Mr. Osborn, "comes in many ways, now in the bold vociferations of a howling bigot, now in the gentle murmurs of mild congregational ministers who merely suggest that it is not improper to let your ecclesiastical prejudices control your vote."

OFFICIALS MEET AT SALISBURY

Governor Ritchie will be asked to include in his budget to the 1929 Legislature funds to provide a community home and infirmary for the Eastern Shore of Maryland and the Assembly will be requested to pass a bill thus providing for the care of the aged and infirm indigent of the area.

The decision was reached at the semi-annual meeting of the Association of County Commissioners of the Eastern Shore, composed of commissioners and other officials of the nine counties, held in the Wicomico Hotel in Salisbury Monday. The Wicomico group was host.

Another item which it was decided to include in the legislative program, partially formulated, was the law governing automobile traffic violations be changed so that the State would take care of all expenses incidental to its enforcement. It was cited that under the present status fines collected accrue to the State, whereas the county is obliged to stand the expenses if guilty parties are committed.

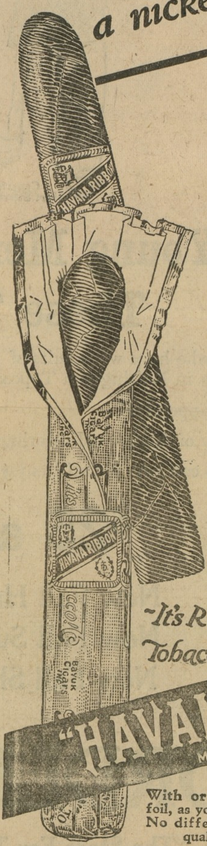

A motion was passed that a committee wait upon Chairman Mackall, of the State Road Commission, with the view of taking up the matter of allowing the respective counties to use such parts of their allocated State funds for road-building purposes in the construction of low-cost roads in outlying districts where they are thought feasible instead of putting all of the monies in high-grade concrete highways and thus extend the hard-road system very materially.

All of the counties favored the contral home for the poor with the exception of Caroline, which county expressed its facilities for taking care of that portion of its population as being at present functioning satisfactorily.

The sum needed for the purpose, name, location and other details are to be taken up at a special meeting in Denton, Caroline county, on Monday, December 3. At that time all Eastern Shore State Senators and Represenatives will be guests of the body.

Representative T. Alan Goldsborough, Samuel E. Shannahan, Jesse D. Price, City Solicitor Hooper S. Miles, Henry P. Turner, John A. Baker, of Dorchester, for four years president of the body and called the "father" of the idea which led to its formation; and former State Senator J. H. C. Legg, of Queen Anne's, and others spoke.

With emphasis—
we state that here is the very finest cigar a nickel ever bought

NO QUESTION about it — *Havana Ribbon*, as it comes to you today, is the most remarkable example you ever saw of what five cents can buy in a cigar.

Many five-cent cigars, it is true, are made largely from "cuttings" and the poorer grades of leaves not considered good enough for higher priced cigars.

But, here, gentlemen, is a five-cent cigar made entirely of selected tobacco, cured and age-mellowed with utmost care and patience.

Think of it!—a five-cent cigar containing no bitter *under*-ripe top leaves, nor flat-tasting *over*-ripe bottom leaves of the tobacco plant. No short ends or "scraps" to crumble in your mouth. But only *fully*-ripe, long-filler middle leaves laden with true, smooth, mild flavor and fragrant aroma.

Only years and years of experience, combined with immense production, can make such a thing possible. *Havana Ribbon* is the realization of a truly delightful smoke for five cents.
