EXHIBTS OF JAPANESE PRINTS

An interesting exhibit of imported Japanese color prints will be displayed in Room 26 of William Smith Hall at Washington College during this week and next. The public is cordially invited to come and see this exhibit which is free. The prints are for sale and would make unique Christmas gifts. Any profit will go to the History Club Historical Museum. Much interest is being aroused locally by the plan of the History Club which intends making a collection of historic relics of the Eastern Shore. Many Kent county people are lending interesting exhibits. Any articles loaned for this purpose will be carefully guarded and a nucleus for a valuable collection is already

Men Buy Their Clothes Where The Better Values Are

"WHERE am I apt to get the *better values in clothes?*" . . . every man or woman asks themselves that question, and public verdict is best reflected in the store that supplies the answer by its bigness, its progressiveness and its following. . . . . .

Mullin's *values* in *Men's* and *Boys' Clothing* must be *better* because thousands of men vitally interested, give repeated evidence that they think so and public opinion never is very wrong. . . . .

TURKEY SELLING POOL IN KENT

In response to a request made by Mrs. Harold M. Baker, of the Maryland Turkey Farm at the Farmers' Picnic in Talbot county last week, the Board of Directors of the Kent County Chamber of Commerce and the executive Committee of the Chestertown Mercantile Section met on October 31 and discussed the problem of working out a turkey selling pool for Kent and neighboring sections to cover the Thanksgiving and Christmas crop. Return postals were immediately sent out to over five hundred turkey growers in this vicinity asking for the approximate number of birds they should have to offer for each holiday market. The Merchants' Association of New York was approached by the local Chamber for a list of prospective turkey buyers. This list which the Association promptly forwarded is being followed and the ratings of those who reply will be thoroughly investigated Those meeting with the approval of the committee in charge will be invited to bid on an approximate number of birds. Prices on live birds will also be considered as a number of local raisers prefer to sell that way. All bids are to be in by noon, Saturday, November 17. The New York market demands its birds between the 19th and 26th of the month for Thanksgiving. All growers are invited to be present at the opening of the bids at the Chamber office. The successful bidder will be compelled to place a certified check in one of the local banks so the growers will receive cash on the delivery of their birds at the selling point on whatever day the sale is agreed upon There will be no charge for transportation on commission other than one half cent per pound to cover the expenses of the Chamber for postage, telephone, grading, packing. Any surplus after expenses are met will be placed to the credit of the Turkey Selling Pool Fund for advertising Kent as a great turkey county. The publicity being given Kent through the movies this year will prove of benefit in other seasons. All those who are interested in this movement and who may have failed to receive postals are urged to write or phone into the Chamber for a card. Prompt return of all cards will aid the Chamber. The work was undertaken with very little margin of time before Thanksgiving and the cooperation of all concerned is needed. The committee appointed by the Boards at the Chamber meeting is as follows: M. deK. Smith, Jr., chairman, Harold M. Baker and Conlyn E. Noland. Growers are invited to stop in at the Chamber offices if they desire further information. Members of the committee and the executive secretary of the Chamber expects to attend the Turkey Tour on Thursday. The secretary, Mrs. Nell C. Westcott, will have a number of the questionnaire postals on hand so that those who so desire may fill them out immediately if they have not received a card thru the mail. The mailing list was carefully compiled from lists collected from every available source, nevertheless it is probable that some names were on none of the lists. Every one who has turkeys is invited to benefit by this turkey selling pool.

Final arrangements for the Kent County Chamber of Commerce fourth semi-annual dinner have been completed. The dinner will be held in the Washington College Gymnasium with the ladies of St. James M. P. Church as caterers. Tickets will soon go out from headquarters to members and for the general public. The speakers for the evening will be Gerrish Gassaway, Manager of the Wilmington Chamber of Commerce and William Harper Dean, Manager of the Agricultural Service Bureau of the National Chamber. Both will speak on topics of major interest to Kent Countians.

MILK LOCALS TO MEET

H. D. Allebach, President of the Inter-State Milk Producers Association, C. I. Cohee, in charge, Quality Control Department, Philadelphia Inter-State Milk Producers' Association and J. A. Conover, Maryland Extension Dairy Specialist are to be in Kent to address meetings of Milk Producers' Locals as follows:

Worton, Monday, November 12th, Worton Hall, at 10 a. m.

Kennedyville, Monday, November 12th, Kennedyville High School, at 7.30 p. m.

Chestertown, Tuesday, November 13th, Court House, at 7.30 p. m.

Two very important problems to all Kent dairymen will be taken up. First, the matter of the quality of milk from this section of the Philadelphia Milk Shed. Second, the selection of a representative from each local to attend the annual meeting of the Inter-State Milk Producers' Association, and the matter of securing proxies for the annual election. Kent dairymen are especially interested in the latter, since the term of Edgar R. Peninngton, Director for this section, expires.

They say that the girl of today never blushes. But sometimes others have to blush for her.

New Rugs & Linoleums

EVER SMOKE RIPE TOBACCO CIGARS?

Maybe. But Did You Ever Buy Them for a *Nickel?*

Most every smoker knows that the secret of true, sweet, mellow-mild flavor in a cigar is fully ripened tobacco. The top leaves of the tobacco plant are *under*-ripe at harvest — they are usually bitter. The bottom leaves are *over*-ripe—usually "flat." The choice *fully*-ripe middle leaves are generally sorted out and used only in the higher priced cigars.

But here, gentlemen, is a *five-center* made of ripe tobacco from heart to wrapper: *Havana Ribbon.* Ripe tobacco!—One nickel!—Perfect smoking!—Money saving! . . . Isn't that just about the most sensational cigar news that's come your way in many a day? Grab a nickel; light out to the nearest cigar counter; light up a *Havana Ribbon;* and light into the neatest nickel smoke that's ever touched your lips. Also sold in *Practical Pocket Packages* of five cigars.

FOR THE INFORMAL PARTY

If you have a few friends drop in and it is appropriate to serve refreshments then it is more than appropriate to serve Gill Bros, ice cream. The people in this community have come to the belief that Gill Bros. ice cream is the best in the country and we don't blame them because we know how much care we exercise in making it.

WHY DENY YOURSELF THE BEST COFFEE?

for Economical Transportation CHEVROLET

CONSTANT EXPANSION

—to serve Chevrolet owners better

SINCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

QUALITY AT LOW COST

High School's Beginning

The high school is distinctly an American institution. The English high school of Boston, founded in 1821, was the first of its kind, and gradually, as free elementary schools were established throughout the country, the high schools followed.

Character Everything

A good character is the best tomb stone. Those who loved you, and were helped by you, will remember you when forget-me-nots are withered. Leave your name on hearts, and not on marble.—Spurgeon.

Flowers War's Emblems

Soldiers wore certain flowers to indicate their allegiance in the Wars of the Roses (1455-85). When the houses of York and Lancaster fought for possession of the English throne the York adherents wore white roses and the Lancastrians red roses.

RCA RADIOLAS *plus our* SERVICE

. . . by the cut of his jib he was from N' York

and even if the license didn't betray that fact, his accent would . . . ditto his hotsy-totsy manner . . . ditto his high-hat Missus doing her worst from the back seat . . . and says he to smiling George . . . "my good man" . . . and George never flinched . . . of course, George *is* a good man . . . all S. P. M.* are good men . . . "my Rolls-Royce just balks at your blasted hills and sputters on the level . . . it never did that before" . . . says George, smiling despite, and filling the radiator the while . . . "I'll bet," says George, warming up, stern and righteous-like . . . "you have gone and filled up back yonder with some other gas than 'Standard'" . . . "yes," says High-hat . . . reason dawning on his face . . . "I have" . . . "then," says George . . . "let's drain her and fill her right . . . right up to the top with 'Standard' Gasoline and *then* watch her take the hills" . . . and so the stranger did right then and there.

Of course, not every motorist in the world uses "Standard" Gasoline, but more and more their number is increasing, especially, like the motorist above, when he finds that off-brand gasolines won't let his favorite motor do its best.

*. . . it's easy to guess that S. P. M. means "Standard Pump Man" . . . but it also always means "Smiling Pump Man" . . . even when it's kind of hard to smile . . . to "treat 'em right and serve 'em with a smile" is the motto of every dealer that anywhere sells you "Standard" Gasoline.
