THE NATIONAL ELECTION

It is a relief to have it over and all good citizens will bow to the will of the majority and be loyal to the newly elected officials. There will be, perhaps, some bitterness. There will also be the customary attacks on the management of the defeated candidate's campaign. And, of course, there will be the usual pessimistic cry about the Democratic party being dead.

This campaign was one of the hardest fought that this county has known in many years. Shortly after the Houston Convention opposition against him developed in the ranks of the Democratic party, and it was only by hard work under the leadership of Senator S. Scott Beck that the county remained as loyal as it did.

The issues of the campaign were fully discussed in every section of the county under a speakers bureau managed by former Senator Wm. F. Russell. No stone was left unturned to put the advantages and qualifications of Mr. Smith before the voters, but there seemed to be an adamant opposition to the Democratic nominee that could not be broken.

This county gave John W. Davis, the Democratic nominee in 1924 695 majority and Goldsborough 899.

The Ladies Vote.

That the vote of the women of the state and county Tuesday was a predominant factor in rolling up the geratest majority that any Presidential candidate has ever received i nMaryland is the almost unanimous consensus of party leaders.

Senator William Cabell Bruce, who was defeated for reelection by his Republican opponent, former-Governor Phillips Lee Goldsborough, explained that a general belief is prevalent in local political circles that the women's vote "had a great influence in the election."

Senator-elect Goldsborough agreed that the "influence of the woman's vote was appreciable."

INFORMATION WANTED

November 7, 1928.

Editor Kent News:

Will you kindly explain thru your columns the following?

Does the building of a new school in Galena mean the discontinuance of the present high school at Millington. Is that the plan of the Board of Education. If so it should be made plain to the public.

We who have children to educate should know the facts, and know them before it is too late. We the taxpayers and parents do not intend to give up our High School without a protest.

A PARENT.
