CONFERENCE IN MARCH FAVORED

At the meeting of the Methodist Episcopal Preachers' Association held in Grace Church house, Thursday morning, a letter was read by the Rev. George T. Alderson, chairman of the Bureau of Sessions from the Rev. T. F. Beauchamp, pastor of the Georgetown M. E. Church, asking that the church be relieved of entertaining the Wilmington Conference next spring. Another letter confirming the one received by Dr. Alderson was read by Dr. James W. Colona, district superintendent of Wilmington District, from Dr. W. E. Gunby, superintendent of the Salisbury district.

A discussion disclosed sentiment in favor of holiday the annual conference in April instead of March and the secretary was instructed to inform the Bureau of Sessions of the opinion. The matter of time and place for holding the next annual conference will be decided at a meeting of the bureau to be called by meeting of the bureau to be called Dr. Alderson.

DR. SMITH AT THE COLLEGE

The second of the series of Sunday afternoon vesper services will be held Sunday, November 11th, at 3.45 p. m., in William Smith Hall. A stringed trio from the College orchestra will give the musical part of the program.

Dr. L. B. Smith, pastor of the Peninsula Methodist Protestant Church in Wilmington, Del., a graduate of Washington College in the class of 1904, will give a short inspirational address appropriate to armistice day. Everyone is invited to attend this and all similar services at the college.

If coincidental with the decrease in the price of gasoline, the savings deposits of the country should increase, we wonder if the Prohibitionists will claim the credit.

A Compromise with Quality never makes a Bargain

WOMEN of today have become keen buyers, and they realize that quality means economy. This is evidenced in the fact that the Maytag, the world's finest washer, leads all others in sales.

The Maytag is different, because numerous basic patents protect its vital and original features of design; because the vast resources and tremendous production facilities of the world's largest washer factory make the finest materials and the highest-grade workmanship cost less per unit. Maytag perfection is protected by more than 544 individual factory inspections on each washer.

The seamless, cast-aluminum, heat-retaining tub and the Gyrafoam action wash the grimiest clothes clean without hand-rubbing. The Roller Water Remover, with a flexible top roll and a hard bottom roll, gently, but thoroughly removes both soap and water evenly from all parts of the garment and spares the buttons. There are a score of other Maytag advantages.

For homes without electricity, the Maytag is available with in-built gasoline motor
