These alibis for non-success fool no one but the fellow who makes them.

While purging the stage of bad plays, what about paying some attention to the bad actors?

Service will be held in Shrewsbury Parish Church Sunday, December 9, at 11 a. m. by the Rev. S. S. Hepburn.

The regular monthly meeting of the Woman's Auxiliary of Shrewsbury P. E. Church will be held at the residence of Mrs. Wm. R. Crow, on Tuesday, Dec. 11 at 2.30 p. m.

Baby for Sale!

Father a college professor; mother cultured and refined; heredity guaranteed. Price—$30,000.

PASSIONATELY devoted to her husband, Marjorie often said she would sacrifice *anything* for his success and happiness. And now, as he faces failure, disillusionment, despair —*all for a lack of money*—she sees only one way out. She has heard of women, rich and childless, who would give thousands of dollars if they could adopt a baby, and be sure of its heredity. But as the golden dreams of approaching motherhood fill her soul, she wonders if she can go through with it.

True, the secret of her coming baby is still her own. Even her husband does not know—*need never know.* But can she resist the loving touch of tiny, helpless baby hands that are already closing tightly around her heart? *Can she sell her unborn child?*

Even while she prays for courage to make this terrible sacrifice, she is thinking that perhaps the rich woman who comes to her aid could take her abroad, "for a few months' travel." There her baby could be born—to become *the other woman's baby.*

It all seems so easy. Still, as she visions the helpless little mite of humanity that lives close to her heart —she wonders if she can do it. Can anything ever take the place of that little life that, for her, will die the moment it is born?

Read her piteous story, "Nature's Vengeance," in January True Story Magazine.

How to get your money's worth in coffee

Buy full-flavor!

Buy full value for your money. Every time you smell coffee it is losing its strength. Why pay full price for half stale coffee? The greatest advance in coffee history is the famous Boscul vacuum can. It now brings you the world's best coffees perfectly blended—perfectly roasted — actually *oven-fresh* with full flavor—full strength—full aroma. Boscul is more delicious always —and goes farther.

WHY DENY YOURSELF THE BEST COFFEE?

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump *twice* in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part — the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . *watch the oil!* Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy in the new Ford through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Ford and he will do a good, thorough job at a fair price.

PIPE ORGAN FOR ROCK HALL

The advent of a new water system and improved electric light service in Rock Hall made possible the installation of a pipe organ in the M E. Church, of which the Rev. W. S. Grant is pastor, and the congregation is making preparations to install the instrument, which will be operated by either one or the other sources of power.

Some months ago a congregation in Reading, Pa., donated the parts of a pipe organ tothe local congregation and a delegation went to the Pennsylvania town, brought the parts to Rock Hall, which are now being assembled. The new instrument will shortly be dedicated.

This will be the first time in the history of the town that such an instrument has been installed in a church and the congregation is arranging a number of suppers and social functions to secure funds to defray the cost.

The Crusaders will meet at the home of Mrs. Goodman Friday evening.

The Men's Club of Christ M. P. Church was entertained at the home of Mr. and Mrs. Charles N. Satterfield last Friday evening. Arrangements were made for holding the annual banquet in the lecture room of the church early in January and a voluntary offering of $10 was received to assist in purchasing song books for the Junior Christian Endeavor Society of the church. The club also agreed to pay their part on the purchase of knives, forks and spoons for use of various church organizations. The dishes were bought in 1927.

Golden Rule Sunday was observed in the churches throughout the town and county and fine contributions were received for the benefit of the Near East Relief, which will be sent to national headquarters in Washington.

IN MEMORIUM

In loving memory of our dear baby who went to her heavenly home five years ago December 3, 1923.

Jesus thou Prince of life,
Thy chosen cannot die;
Like thee thou conquoring the stripe
To reign with thee on high.
O, what if we are Christ's,
Is earthly shame or loss;
Bright shall the crown of glory be,
When we have borne the cross.
Bright is her glory now,
Boundless her joy above,
Where on the bosom of her God,
She rests in perfect love.

GIANT POWER
at your command

For climbing hills, for pulling through ruts and pot holes, for crawling along in thick traffic—there's no motor fuel like ESSO. With ESSO in your tank there's *giant power* at your command.

ESSO is far more powerful than gasoline. It ignites quicker and burns more smoothly. In high compression motors it produces astonishing results. Even in old cars, gagged with carbon, ESSO makes the engine run like new.

ESSO sells for a few cents more than gasoline, but it's worth the difference in the extra power and the added satisfaction it gives. Actually you'll probably get enough extra mileage to offset its slightly greater cost.

RIPE TOBACCO— GREAT CIGAR—5c

Ever think you could get that for so little money? Read this:

Just forget all the 5c cigars you've ever smoked—forget the impressions they may have left with you. Invest one lone nickel in a *Havana Ribbon.* It's a world-beater!—no fooling. For that small sum you can enjoy a full-fledged *ripe-tobacco* cigar made by Bayuk—one of the biggest manufacturers in the land.

Nothing but fine, full-flavored middle leaves of choice tobacco plants in *Havana Ribbon.* No *flat*-tasting *over*-ripe bottom leaves or bitter *under*-ripe top leaves. You simply can't mistake the fascinating fully-ripe, mellow-mild taste of this remarkable cigar. And you won't have any loose ends or "scraps" coming out in your mouth. For this tobacco is all *long-filler.* Convince yourself! Try a *Havana Ribbon.* Or, better still, ask for a *Practical Pocket Package* of five cigars — because you'll want this cigar again and again.
